Free Will and Determinism Oxford University Press, USA

Oxford Studies in Metaethics is the only publication devoted exclusively to original philosophical work in the foundations of ethics. It provides an annual selection of much of the best new scholarship being done in the field. Its broad purview includes work being done at the intersections of ethical theory with metaphysics, epistemology, philosophy of language, and philosophy of mind. The essays included in the series provide an excellent basis for understanding recent developments in the field; those who would like to acquaint themselves with the current state of play in metaethics would do well to start here.

Metaphysics Oxford University Press, USA

Metaethics is concerned to answer second-order non-moral questions about the semantics, metaphysics, and epistemology of moral thought and discourse and is often traced to G.E. Moore work. These essays represent the most up to date work in the field, after and in some cases directly inspired by Moore.

An Introductory Anthology Oxford University Press, USA

What reasons do we have to be moral, and are these reasons more compelling than the reasons we have to pursue non-moral projects? Ever since the Sophists first raised this question, it has been a focal point of debate. Why be Moral? is a collection of new essays on this fundamental philosophical problem, written by an international team of leading scholars in the field.

Living Ethics Oxford University Press, USA

Living Ethics: An Introduction with Readings is an ideal all-in-one resource for courses in introduction to ethics and contemporary moral problems. In this

---

hybrid textbook/reader, Russ Shafer-Landau brings moral theory and contemporary moral issues to life with a comprehensive and balanced set of readings, uniquely engaging explanations, and clear analysis of arguments. The book balances coverage of moral reasoning (in Part 1) with highly relevant contemporary moral problems (in Part 2).

#### The Excellent Mind OUP USA

Oxford Studies in Metaethics is the only publication devoted exclusively to original philosophical work in the foundations of ethics. It provides an annual selection of much of the best new scholarship being done in the field. Its broad purview includes work being done at the intersections of ethical theory with metaphysics, epistemology, philosophy of language, and philosophy of mind. The essays included in the series provide an excellent basis for understanding recent developments in the field; those who would like to acquaint themselves with the current state of play in metaethics would do well to start here.

#### Business Ethics Independently Published

The Twelfth Edition of this best-selling, topically organized anthology provides a superb balance of historical selections and recent material. This new edition features more readings than ever before--79 total--all, where necessary, in the finest translations available. The readings complement each other and naturally build on the topic being covered. Clear, concise introductions to each Part provide just enough guidance to let students learn from experiencing the readings themselves. The text's long-heralded selection of readings covers topics such as reason and religious belief, human knowledge, mind

and its place in nature, determinism, free will and responsibility, and morality and its critics in five parts with careful attention to opposing points of view.

The essays included in the series provide an excellent basis for understanding recent developments in the field; those who would like to acquaint themselves with the current state of play in metaethics would do well to start here.

#### **An Anthology** Hackett Publishing

A primer in ethics, *The Good Life* explores the ultimate aims in living as proposed throughout philosophic history. Burton Porter examines the relation between ethics and science, religion, and psychology, as well as the challenges of relativism and determinism. Through the theories of hedonism, self-realization, naturalism, evolutionism, the ethic of duty, religious systems, virtue ethics, and existentialism, this book introduces the foundations of ethical thought.

#### Contemporary Moral Issues Oxford University Press on Demand

Ideal for introductory ethics courses, *The Moral Life: An Introductory Reader in Ethics and Literature* brings together a comprehensive collection of classical and contemporary readings on ethical theory and contemporary moral issues. The first two-thirds of the book comprises readings on historical and contemporary ethical theory; the final third is devoted to readings on a variety of

---

contemporary moral issues. Integrating literature with philosophy in an innovative way, this anthology leverages literary works to enliven and make concrete the ethical theories and applied issues it covers.

**Metaethics After Moore** Oxford University Press

A collection of essays by fifteen philosophers presenting a thoughtful, introductory guide to choosing a philosophy for living an examined and meaningful life. A VINTAGE ORIGINAL Socrates famously said "the unexamined life is not worth living," but what does it mean to truly live philosophically? This thought-provoking, wide-ranging collection brings together essays by fifteen leading philosophers reflecting on what it means to live according to a philosophy of life. From Eastern philosophies (Daoism, Confucianism, and Buddhism) and classical Western philosophies (such as Aristotelianism and Stoicism), to the four major religions, as well as contemporary philosophies (such as existentialism and effective altruism), each contributor offers a lively, personal account of how they find meaning in the practice of their chosen philosophical tradition. Together, the pieces in *How to Live a Good Life* provide not only a beginner's guide to choosing a life philosophy but also a timely portrait of what it means to live an examined life in the twenty-first century.

The Moral Life Routledge

A substantial collection of seminal articles, *Foundations of Ethics* covers all of the major issues in metaethics. Covers all of the major issues in metaethics including moral metaphysics, epistemology, moral psychology, and philosophy of language.

Provides an unparalleled offering of primary sources and expert commentary for students of ethical theory. Includes seminal essays by ethicists such as G.E. Moore, Simon Blackburn, Gilbert Harman, Christine Korsgaard, Michael Smith, Bernard Williams, Jonathan Dancy, and many other leading figures of ethical theory.

*Ethical Decision Making* Rowman & Littlefield

In this volume, some of today's most distinguished philosophers survey the whole field of ethics, from its origins, through the great ethical traditions, to theories of how we ought to live, arguments about specific ethical issues, and the nature of ethics itself. The book can be read straight through from beginning to end; yet the inclusion of a multi-layered index, coupled with a descriptive outline of contents and bibliographies of relevant literature, means that the volume also serves as a work of reference, both for those coming afresh to the study of ethics and for readers already familiar with the subject.

*Reason and Responsibility* The Fundamentals of Ethics

A Concise Introduction to Ethics offers a condensed and exceptionally well-written introduction to the essential moral theories. Based on Russ Shafer-Landau's best-selling primer on ethical theory, *The Fundamentals of Ethics*, this briefer volume retains the longer one's content advantage over competing books by addressing issues that other texts omit, including the good life (value theory), natural law, and prima facie duties. It also incorporates discussion questions and case studies at the end of each chapter, giving students the opportunity to apply ethical theories to real-world moral problems. A perfect companion to Shafer-Landau's anthology, *The Ethical Life*, this volume's compact size and low price make *A Concise Introduction to Ethics* an ideal complement to any course where it is important that students understand moral theories.

---

*A Defence* John Wiley & Sons

A Concise Introduction to Ethics is an abbreviated and simplified version of Russ Shafer-Landau's best-selling textbook/primer on ethical theory for the introduction to ethics and introduction to contemporary moral issues courses, *The Fundamentals of Ethics*. For many philosophy departments these ethics courses are their largest enrollment offerings, often fulfilling a university general education requirement. Shafer-Landau's *The Fundamentals of Ethics* has been the #1 selling ethics textbook for years primarily because it provides students with the clearest and most accessible explanations of ethical theories available. It is relatively brief, and yet quite comprehensive, covering more theories than the competing texts do but also presenting them in the most understandable way--the author has a direct conversation with the students. This book will be about 1/3 shorter than *The Fundamentals of Ethics*, while still maintaining its content advantage over competing books by including several areas of theory that others omit, including the good life (value theory), natural law, and prima facie duties. A Concise Introduction to Ethics will be based on the first part of Shafer-Landau's new OUP hybrid textbook/reader *Living Ethics*. The end of each chapter features several cases and discussion questions so students get opportunities to apply ethical theories to real-world moral issues and problems. Like its parent book, this volume can be paired with Shafer-Landau's reader *The Ethical Life*, which includes key reading selections from ethical theory and essays on contemporary moral problems. It can also accompany any reader on ethics or contemporary moral issues.

*Ethical Theory* Oxford University Press, USA

This collection of primary source materials covering the major themes of moral philosophy features forty-two classical and contemporary readings divided into four parts--The Good Life, Normative Ethics, Metaethics, and Moral Problems. Comprehensive yet concise, it introduces students to ethical theory and a wide range of moral issues.

*An Introduction with Readings* Oxford University Press, USA

"Nicely conceived, very clearly written. . . . A high level of philosophic substance and sophistication." --David M. Mowry, SUNY at Plattsburgh

*Exploring Ethics* Routledge

In *The Fundamentals of Ethics*, author Russ Shafer-Landau employs a uniquely engaging writing style to introduce students to the essential ideas of moral philosophy. Offering more comprehensive coverage of the good life, normative ethics, and metaethics than any other text of its kind, this book also addresses issues that are often omitted from other texts, such as the doctrine of doing and allowing, the doctrine of double effect, ethical particularism, the desire-satisfaction theory of well-being, and moral error theory. Shafer-Landau carefully reconstructs and analyzes dozens of arguments in depth, at a level that is understandable to students with no prior philosophical background. Ideal for courses in introductory ethics and contemporary moral problems, this book can be used as a stand-alone text or with the author's companion reader, *The Ethical Life: Fundamental Readings in Ethics and Moral Problems*, which offers original readings exploring the topics covered in *The Fundamentals of Ethics*.

**Oxford Studies in Metaethics** Human Kinetics

Moral Realism is a systematic defence of the idea that there are objective moral standards. In the tradition of Plato and G. E. Moore, Russ Shafer-Landau

---

argues that there are moral principles that are true independently of what anyone, anywhere, happens to think of them. These principles are a fundamental aspect of reality, just as much as those that govern mathematics or the natural world. They may be true regardless of our ability to grasp them, and their truth is not a matter of their being ratified from any ideal standpoint, nor of being the object of actual or hypothetical consensus, nor of being an expression of our rational nature. Shafer-Landau accepts Plato's and Moore's contention that moral truths are *sui generis*. He rejects the currently popular efforts to conceive of ethics as a kind of science, and insists that moral truths and properties occupy a distinctive area in our ontology. Unlike scientific truths, the fundamental moral principles are knowable *a priori*. And unlike mathematical truths, they are essentially normative: intrinsically action-guiding, and supplying a justification for all who follow their counsel. *Moral Realism* is the first comprehensive treatise defending non-naturalistic moral realism in over a generation. It ranges over all of the central issues in contemporary metaethics, and will be an important source of discussion for philosophers and their students interested in issues concerning the foundations of ethics.

*A Concise Introduction to Ethics* Walter de Gruyter GmbH & Co KG

*Ethical Theory: An Anthology* is an authoritative collection of key essays by top scholars in the field, addressing core issues including consequentialism, deontology, and virtue ethics, as well as traditionally underrepresented topics

such as moral knowledge and moral responsibility. Brings together seventy-six classic and contemporary pieces by renowned philosophers, from classic writing by Hume and Kant to contemporary writing by Derek Parfit, Susan Wolf, and Judith Jarvis Thomson. Guides students through key areas in the field, among them consequentialism, deontology, contractarianism, and virtue ethics. Includes coverage of metaethics, normative ethics, and practical ethics. Reaches beyond traditional texts by also including important, but usually underrepresented, topics such as moral knowledge, moral standing, moral responsibility, and ethical particularism. Raises questions about the status and rational authority of morality.

*A Dialogue* Oxford University Press

What does pleasure have to do with morality? What role, if any, should intuition have in the formation of moral theory? If something is 'simulated', can it be immoral? This accessible and wide-ranging textbook explores these questions and many more. Key ideas in the fields of normative ethics, metaethics and applied ethics are explained rigorously and systematically, with a vivid writing style that enlivens the topics with energy and wit. Individual theories are discussed in detail in the first part of the book, before these positions are applied to a wide range of contemporary situations including business ethics, sexual ethics, and the acceptability of eating animals. A wealth of real-life examples, set out with depth and care, illuminate the complexities of different ethical approaches while conveying their modern-day relevance. This concise and highly engaging resource is tailored to the Ethics components of AQA Philosophy and OCR Religious Studies, with a clear and practical layout that includes end-of-chapter summaries, key terms, and common mistakes to avoid. It should also be of practical use for those teaching Philosophy as part of

---

the International Baccalaureate. Ethics for A-Level is of particular value to students and teachers, but Fisher and Dimmock's precise and scholarly approach will appeal to anyone seeking a rigorous and lively introduction to the challenging subject of ethics. Tailored to the Ethics components of AQA Philosophy and OCR Religious Studies.
