The Future of Expert Knowledge - Lecture by Andrew Abbott

Top 10 Fastest Growing Careers in the Next Decade

Here's what experts reckon will be the most in-demand jobs for the next 10 years – and beyond. 1. Teachers. The future workforce will need a wide knowledge base as well as specialist skills. That means we'll need people to teach subjects such as English language, history and philosophy to prep candidates for future jobs.

The Future of Jobs Report 2020 | World Economic Forum

No matter the inevitable outcome, the future of the professions will and must change.

Most interesting to me is the very real possibility of a Star Trek-esque dismissal of money and pay for work with an eye to self-actualization and doing good deeds and works because it is the right and noble path.

Careers of the future - GOV.UK

It contains a full list of 100 jobs all highlighted as Careers of the Future, and casts a spotlight on 12 roles across a range of sectors, giving an outline of the job, what the work entails, key ...

Blue-collar manufacturing jobs are often the focus of stories about globalization, automation, digitization, and technological advances, but *The Future of the Professions* takes a different angle, turning its attention to the fate of white-collar industries.
