Book review of *The Gallows Curse* by Karen Maitland I discovered Karen Maitland when I read her first book, *The Company of Liars*, and reading her third novel, *Gallows Curse*, I am once again struck by the colourful, vivid writing that makes her novels stand out from others. You can literally smell the brothel, touch the food, see the hair ornaments twinkle...

1210 and a black force is

sweeping England. For a vengeful King John has seized control of the Church, leaving corpses to lie in unconsecrated ground, babies unbaptized in their cradles and the people terrified of dying in sin. And in the village of Gastmere, the consequences grow darker still when Elena, a servant girl, is dragged into a conspiracy to absolve the sins of the lord of the manor.

Maitland does have a
marvelous gift for
storytelling and this
book is set against
the backdrop of King
John's merciless reign
in the 1100's, where
priests are cast out
and Catholic practices
forbidden. She does a
great job of evoking a
paranoid and
superstitious medieval
society.
