Eccentric small town girl clashes with a handsome brooding billionaire in this hilarious, yet sweet rom com! It is an indisputable fact that Reed women are not marriage material. The great-granddaughter of a famous burlesque dancer, the granddaughter of an ex-hippie, and the daughter of an eccentric artist, Taylor quickly learns the heartbreaking lesson of her family curse after her first love ends in rejection. Apparently, Reed women are not girlfriend material either. Nestled in a small town in Maine, Cedar Gardens is the worn-down estate which the Reed women call home. But there's one catch: It doesn't belong to them. Almost seventy years ago, Mortimer J. Freeman bought the place for his long-lost love, Marlana Reed. Now, his great-grandson--and heir to billions--Lucas Freeman is in town with an agenda: to quietly

reclaim the estate and

Mortimer's old love letters to Marlana while avoiding a family scandal. But Taylor's grandmother has another plan: to play matchmaker with Taylor and Lucas before all three Reed women are kicked out of the only home they have ever known. The problem? Taylor can't stand the brooding billionaire, who doesn't understand the gravity of a triple dog dare or the fun of blowing bubbles in your milk. Responsibility, reliability, and routine are Lucas's mantra. That is, until the fiery Taylor schemes up a hilarious to-do list to break him out of his habitual shell and, in the process, turns his world upside down. But falling in love wasn't part of any of their plans. Does Cedar Gardens have enough magic to bring Taylor and Lucas together, or will the Reed family curse win out in the end?

When the book opens Eve, who is the narrator ,is just coming into consciousness. She has been given by God to the Serpent to raise. Her sense of wonder as the Serpent introduces her to life in Paradise is a strength of the book; she learns about nature, love and the way that the new and

---

fascinating world works.

When she comes into contact with God - who rears Adam - she is wary of his dominance and egotism. One day, becoming impatient to discover whether or not he's designed the male and female to procreate properly, God rushes Adam and Eve into

intercourse. The Serpent alone recognizes the consequences of God's act.

'Until today Eve has felt...that the world was good...' but 'Adam as good as raped her.' Eve is devastated by the experience. Eve leaves the Garden to gain some distance from God and to discover what exists in the outside world; the Serpent accompanies her. They make several journeys - one to a volcano, one to a desert, one to a mountain range and one to the sea

(where Eve swims out to sea against the instructions of the Serpent and nearly drowns.) On their return to the Garden, the roots of the apple tree of the Knowledge of Good and Evil begin to grow; the Serpent sensing that time is running out to teach Eve that love making is good, changes into a man and makes love to her with great sensitivity. After this she is prepared to accept her role as the mother of humankind. God is outraged by Eve's - and also Adam's - interest in the tree of knowledge. He is at his capricious worst: everything must bow to his wishes.

They realise that if they are to have any freedom of will they must leave God and the garden. The Serpent warns them that this will involve future suffering but Eve feels she must develop and be her own person. They go forth...

Strega Nona Scholastic Inc.

From the author of the twenty-five-million-copy bestseller *The Shack* comes a captivating new novel destined to be one of the most talked-about books of the decade. Eve is a bold, unprecedented exploration of the Creation narrative, true to the original texts and centuries of scholarship—yet with breathtaking discoveries that challenge traditional beliefs about who we are and how we’re made. Eve opens a refreshing conversation about the equality of men and women within the context of our beginnings, helping us see each other as our Creator does—complete, unique, and not constrained by cultural rules or limitations. When a shipping container washes ashore on an island between our world and the next, John the Collector

finds a young woman inside—broken, frozen, and barely alive. With the aid of Healers and Scholars, John oversees her recovery and soon discovers that her genetic code connects her to every known race. No one would guess what her survival will mean... No one but Eve, Mother of the Living, who calls her “daughter” and invites her to witness the truth about her own story—indeed, the truth about us all. As *The Shack* awakened readers to a personal, non-religious understanding of God, Eve will free us from faulty interpretations that have corrupted human relationships since the Garden of Eden. Thoroughly researched and exquisitely written, Eve is a masterpiece that will inspire readers for generations to come.
