The Genius in All of Us: Why Everything You've Been Told ...

The Genius in All of Us is a persuasive and inspiring book that will make you think anew about your own life and our shared future." — DANIEL H. PINK, author of Drive and A Whole New Mind "This book, both rigorous and accessible, is a close study of the idea of genius, an investigation of popular misconceptions about genetics, and an examination of the American virtue of self-determination.  
david shenk

Genius of the AND is a concept developed in the book Built to Last. Builders of greatness reject the "Tyranny of the OR" and embrace the "Genius of the AND." They embrace both extremes across a number of dimensions at the same time—purpose AND profit, continuity AND change, freedom AND responsibility, discipline AND creativity, humility AND will, empirical analysis AND decisive action, etc.

Kanye West – All of the Lights Lyrics | Genius Lyrics

In The Genius in All of Us , author David Shenk attempts to show the reader why genius is not all about the genes we were born with. Shenk explains why intelligence is more of a combination of genes and the environment we were raised in, along with outside stimuli, that determines our potential for greatness.
