Genius of the AND is a concept developed in the book Built to Last. Builders of greatness reject the "Tyranny of the OR" and embrace the "Genius of the AND." They embrace both extremes across a number of dimensions at the same time-purpose AND profit, continuity AND change, freedom AND responsibility, discipline AND creativity, humility AND will,

empirical analysis AND decisive action, etc.  
Jim Collins - Concepts - Genius of the AND  
The Genius in All of Us convincingly debunks the "genes are destiny" argument when it comes to human talent, and will force you to rethink everything from IQ tests and twins studies to child-rearing practices. Shenk's book turns Baby Mozart on his head, and will give pause--a hopeful, empowering pause--to parents who wish to nurture excellence

in their children."
