The Geography Of Love A
“The decline of geography in academia is easy to understand: we live in an age of ever-increasing specialization, and geography is a generalist's discipline. Imagine the poor geographer trying to explain to someone at a campus cocktail party (or even to an unsympathetic administrator)

exactly what it is he or she studies.

Geography is for many

people more than just a social science, it is the love of their life. Unlike old eras in which those who loved geography had to get into a ship and sail for years at the time uncertain if they were going to make it back in one piece, modern geography lovers...
