Philip Beard ' s stunning debut novel is fifteen-year-old Tess DeNunzio ' s letter to her sister, Zoe, lost to a hit-and-run driver on a day when it seemed that nothing mattered but the tragedies playing out in New York and Washington. Dear Zoe is a remarkable study of grief, adolescence, and healing with a pitch-perfect narrator who is at once sharp and naïve, world- worried and self-centered, funny and heartbreakingly honest. Tess begins her letter to Zoe as a means of figuring out her own life, her place in the world, but the result is a novel of rare power and grace that tells us much about ours. BACKCOVER: “ Like The Lovely Bones, [Dear Zoe] is a piercing look at how family recovers from a devastating loss. Everything about this moving, powerful debut rings true. ” —Booklist (starred review) “ Beard peels away the layers of his protagonist ' s anguish simply

The New York Times bestseller from the author of *Watchmen* and *V for Vendetta* finally appears in a one-volume paperback. Begging comparisons to Tolstoy and Joyce, this “magnificent, sprawling cosmic epic” (*Guardian*) by Alan Moore—the genre-defying, “groundbreaking, hairy genius of our generation” (NPR)—takes its place among the most notable works of contemporary English literature. In decaying Northampton, eternity loiters between housing projects. Among saints, kings, prostitutes, and derelicts, a timeline unravels: second-century fiends wait in urine-scented stairwells, delinquent specters undermine a century with tunnels, and in upstairs parlors, laborers with golden blood reduce fate to a snooker tournament. Through the labyrinthine streets and pages of Jerusalem tread ghosts singing hymns of wealth and poverty. They celebrate the English language, challenge mortality post-Einstein, and insist upon their slum as Blake’s eternal holy city in “Moore’s apotheosis, a fourth-dimensional symphony” (*Entertainment Weekly*). This “brilliant . . . monumentally ambitious” tale from the gutter is “a massive literary achievement for our time—and maybe for all times simultaneously” (*Washington Post*). New York Times comedy critic Jason Zinoman delivers the

definitive story of the life and artistic legacy of David Letterman, the greatest television talk show host of all time and the signature comedic voice of a generation. In a career spanning more than thirty years, David Letterman redefined the modern talk show with an ironic comic style that transcended traditional television. While he remains one of the most famous stars in America, he is a remote, even reclusive, figure whose career is widely misunderstood. In Letterman, Jason Zinoman, the first comedy critic in the history of the New York Times, mixes groundbreaking reporting with unprecedented access and probing critical analysis to explain the unique entertainer’s titanic legacy. Moving from his early days in Indiana to his retirement, Zinoman goes behind the scenes of Letterman’s television career to illuminate the origins of his revolutionary comedy, its overlooked influences, and how his work intersects with and reveals his famously eccentric personality. Zinoman argues that Letterman had three great artistic periods, each distinct and part of his evolution. As he examines key broadcasting moments—“Stupid Pet Tricks” and other captivating segments that defined *Late Night with David Letterman*—he illuminates Letterman’s relationship to his writers, and in particular, the show’s co-creator, Merrill Markoe, with whom Letterman shared a long

professional and personal connection. To understand popular culture today, it ' s necessary to understand David Letterman. With this revealing biography, Zinoman offers a perceptive analysis of the man and the artist whose ironic voice and caustic meta-humor was critical to an entire generation of comedians and viewers—and whose singular style ushered in new tropes that have become clich é s in comedy today.
