Mary Balogh continually impresses me, even in the books I don't like as much, with her dedication to writing romances featuring a vast variety of characters. They're all quite disparate, and she tackles all kinds of interesting characters that romance typically does not. The Gilded Web struck me yet again with her talents in this arena. This book manages to be dark in much of the subject matter but it's perfectly balanced with the

quirkiness of the secondary cast and madcap plotting.

The Gilded Web by Mary Balogh (Paperback, 2007) for sale ...
Mary Balogh is, for me, the current best writer of Regencies (although Georgette Heyer was, of course, the utter master). Balogh's writing career has spanned several decades and this book, along with the previous two in the series ('The Gilded Web' and 'Web of Love') were originally published in the

early 1990s and have now been reissued.

The Gilded Web Mary Balogh

The Gilded Web is a reissue of a 1989 book by Mary Balogh, the first in a series of three (with "Web" in the titles of all three). The author comments in a preface to the re-publishing that her writing style has changed in her more recent books, although I didn't particularly notice this.

It's all of those things and more. Ms. Balogh writes of Alex and her brother James with understanding and sympathy, and portrays the whole Raine family with loving warmth. Thank you Bantam/Dell for bringing back some of Mary Balogh's early work. The Gilded Web first came out in 1989. Besides featuring a riveting romance between Alex and Amberley, it plants the seeds for the next books of the Web trilogy.

This was a very early book by Mary Balogh, reprinted a dozen years ago. Her style has not changed much, though this is not of the standard of her peak writing period (the Survivors' Club series is perhaps her apogee). The story revolves around a very strictly brought up young lady, who is mistaken for someone's sister and finds herself kidnapped.
