The Gilded Web is a reissue of a 1989 book by Mary Balogh, the first in a series of three (with "Web" in
the titles of all three). The author comments in a preface to the re-publishing that her writing style has
changed in her more recent books, although I didn't particularly notice this.

The Gilded Web book by Mary Balogh - ThriftBooks

Mary Balogh continually impresses me, even in the books I don't like as much, with her
dedication to writing romances featuring a vast variety of characters. They're all quite
disparate, and she tackles all kinds of interesting characters that romance typically does
not. The Gilded Web struck me yet again with her talents in this arena. This book
manages to be dark in much of the subject matter but it's perfectly balanced with the
quirkiness of the secondary cast and madcap plotting.

The Gilded Web (Web Trilogy Series #1) by Mary Balogh ...

This was a very early book by Mary Balogh, reprinted a dozen years ago. Her style has not
changed much, though this is not of the standard of her peak writing period (the Survivors' Club
series is perhaps her apogee). The story revolves around a very strictly brought up young lady,
who is mistaken for someone's sister and finds herself kidnapped.

The Gilded Web eBook by Mary Balogh - 9780440336440 ...

Mary Balogh is, for me, the current best writer of Regencies (although Georgette Heyer was, of course,
the utter master). Balogh's writing career has spanned several decades and this book, along with the
previous two in the series ('The Gilded Web' and 'Web of Love') were originally published in the early
1990s and have now been reissued.

It's all of those things and more. Ms. Balogh writes of Alex and her brother James with
understanding and sympathy, and portrays the whole Raine family with loving warmth.
Thank you Bantam/Dell for bringing back some of Mary Balogh's early work. The
Gilded Web first came out in 1989. Besides featuring a riveting romance between Alex
and Amberley, it plants the seeds for the next books of the Web trilogy.
