Discover the incredible story of a young daughter of immigrants who would grow up to be the first woman, first Black person, and first South Asian American ever elected Vice President of the United States in this moving picture book biography of Kamala Harris. When Kamala Harris was young, she often accompanied her parents to civil rights marches—so many, in fact, that when her mother asked a frustrated Kamala what she wanted, the young girl responded with: “Freedom!” As Kamala grew from a small girl in Oakland to a senator running for president, it was this long-fostered belief in freedom and justice for all people that shaped her into the inspiring figure she is today. From fighting for the use of a soccer field in middle school to fighting for the people of her home state in Congress, Senator Harris used her voice to speak up for what she believed in and for those who were otherwise unheard. And now this dedication has led her all the way to being elected Vice President of the United States. Told in Nikki Grimes's stunning verse and featuring gorgeous illustrations by Laura Freeman, this picture book biography brings to life a story that shows all young people that the American dream can belong to all of us if we fight for one another.

A People Pick! “One of the year’s must-reads.” -ELLE “[A] provocative, heart-breaking, and frequently hilarious collection.” -GLAMOUR “Essential, vital, and urgent.” -HARPER’S BAZAAR In the vein of Roxane Gay’s Bad Feminist and Issa Rae’s The Misadventures of Awkward Black Girl, but wholly its own, a provocative, humorous, and, at times, heartbreaking collection of essays on what it means to be black, a woman, a mother, and a global citizen in today's ever-changing world. Black women have never been more visible or more publicly celebrated than they are now. But for every new milestone, every magazine cover, every box office record smashed, every new face elected to public office, the reality of everyday life for black women remains a complex, conflicted, contradiction-laden experience. An American journalist who has been living and working in London for a decade, Kenya Hunt has made a career of distilling moments, movements, and cultural moods into words. Her work takes the difficult and the indefinable and makes it accessible; it is razor sharp cultural observation threaded through evocative and relatable stories. Girl Gurl Grrrl both illuminates our current cultural moment and transcends it. Hunt captures the zeitgeist while also creating a timeless celebration of womanhood, of blackness, and the possibilities they both contain. She blends the popular and the personal, the frivolous and the momentous in a collection that truly reflects what it is to be living and thriving as a black woman today.

Kamala Is Speaking Penguin  
New York Times Book Review Editor's Choice The shocking story of the massacre of a group of Nepalese men working as Defense contractors for the United States Government during the Iraq War, and the widow who dedicated her life to finding justice for her husband and the other victims—a riveting tale of courageous heroes, corporate war profiteers, international business, exploitation, trafficking, and human rights in the age of global capitalism that reveals how modern power truly works. In August of 2004, twelve men left their village in Nepal for jobs at a five-star luxury hotel in Amman, Jordan. They had no idea that they had actually been hired for sub-contract work on an American military base in Iraq. But fate took an even darker turn when the dozen men were kidnapped and murdered by Islamic extremists. Their gruesome deaths were captured in one of the first graphic execution videos disseminated on the web—the largest massacre of contractors during the war. Compounding the tragedy, their deaths received little notice. Why were these men, from a remote country far removed from the war, in Iraq? How had they gotten there? Who were they working for? Consumed by these questions, award-winning investigative journalist Cam Simpson embarked on a journey to find answers, a decade-long odyssey that would uncover a web of evil spanning the globe—and trigger a chain of events involving one brave young widow, three indefatigable human rights lawyers, and a formidable multinational corporation with deep governmental ties. A heart-rending, page-turning narrative that moves from the Himalayas to the Middle East to Houston and culminates in an epic court battle, The Girl from Kathmandu is a story of death and life—of the war in Iraq, the killings of the twelve Nepalese, a journalist determined to uncover the truth, and a trio of human rights lawyers dedicated to finding justice. At its heart is one unforgettable young woman, Kamala Magar, who found the courage to face the influential men who sent her husband to his death—a model of strength hope, bravery, and an unbreakable spirit who reminds us of the power we all have to make a difference.

Parker Looks Up Penguin  
A revelatory biography of the first Black woman to stand for Vice President, charting how the daughter of two immigrants in segregated California became one of this country’s most effective power players. There’s very little that’s conventional about Kamala Harris, and yet her personal story also represents the best of America. She grew up the eldest daughter of a single mother, a no-nonsense cancer researcher who emigrated from India at the age of nineteen in search of a better education. She and her husband, an accomplished economist from Jamaica, split up when Kamala was only five. The Kamala Harris the public knows today is tough, smart, quick-witted, and demanding. She’s a prosecutor—her one-liners are legendary—but she’s more reticent when it comes to sharing much about herself, even in her memoirs. Fortunately, former Los Angeles Times reporter Dan Morain has been there from the start. In Kamala’s Way, he “offers an essential roadmap” (Politico) to her career from its beginnings handling child molestation cases and homicides for the Alameda County District Attorney’s office and her relationship as a twenty-nine-year-old with the most powerful man in the state: married Assembly Speaker Willie Brown, a relationship that would prove life-changing. Morain takes readers through Harris’s years in the San Francisco District Attorney’s Office, explores her audacious embrace of the little-known Barack Obama, and shows the sharp elbows she deployed to make it to the US Senate. He analyzes her failure as a presidential candidate and the behind-the-scenes campaign she waged to land the Vice President spot. Along the way, he paints a “revealing portrait” (The New York Times Book Review) of her values and priorities, the sorts of problems she’s good at solving, and the missteps, risks, and bold moves she’s made on her way to the top. Kamala’s Way is essential reading for all Americans curious about the woman standing by Joe Biden’s side.

'We not only dream, we do. We not only see what has been, we see what can be. We shoot for the moon ... We are bold, fearless, and ambitious. We are undaunted in our belief that we shall overcome; that we will rise up.' - Kamala Harris; Inauguration night address On 20 January 2021, Kamala Harris was sworn in as the Vice President of the United States of America, making her the first person of Indian descent, and the first woman to reach this position. This was hardly surprising, for Kamala - the daughter of a breast-cancer scientist Indian mother and a Stanford University emeritus professor of economics Jamaican father - has been known to blaze a trail for herself in her chosen fields. Fun 'momala' and aunt at home but hard-nosed, unsparing prosecutor and senator elsewhere, Kamala dons many hats. This biography focuses on the micro-histories that shaped Kamala Harris and celebrates her Asian and Jamaican heritage - with special attention to her India connect - and her barrier-shattering ascent as a woman of colour coming to occupy one of the highest offices in the USA. Chidanand Rajghatta's masterful chronicling of Kamala's life - her rise to candidature, the struggles and triumph in a messy, hard-won election despite coming from a 'non-traditional' background - delivers an inspirational story

of a phenomenal woman.

THE OFFICIAL NORTH AMERICAN EDITION "Beguiling, audacious... rises to its own challenges in engaging intellectually as well as wholeheartedly with its questions about gender, genre and the concept of wilderness. The novel displays wide reading, clever writing and amusing dialogue." —The Guardian This is a new kind of nature writing — one that crosses fiction with science writing and puts gender politics at the center of the landscape. Erin, a 19-year-old girl from middle England, is travelling to Alaska on a journey that takes her through Iceland, Greenland, and across Canada. She is making a documentary about how men are allowed to express this kind of individualism and personal freedom more than women are, based on masculinist ideas of survivalism and the shunning of society: the “ Mountain Man. ” She plans to culminate her journey with an experiment: living in a cabin in the Alaskan wilderness, à la Thoreau, to explore it from a feminist perspective. The book is a fictional time capsule curated by Erin, comprising of personal narrative, fact, anecdote, images and maps, on subjects as diverse as The Golden Records, Voyager 1, the moon landings, the appropriation of Native land and culture, Rachel Carson, The Order of The Dolphin, The Doomsday Clock, Ted Kaczynski, Valentina Tereshkova, Jack London, Thoreau, Darwin, Nuclear war, The Letters of Last Resort and the pill, amongst many other topics. "Refreshingly outward-looking in a literary culture that turns ever inward to the self, although it still has profound moments of introspection. Uplifting, with a thirsty curiosity, the writing is playful and exuberant. Riffing on feminist ideas but unlimited in scope, Andrews focuses our attention on our beautiful, doomed planet, and the astonishing things we have yet to discover." —Ruth McKee, The Irish Times

"Ellen Bennett is the platonic form of a go-getter who inspires go-getter after go-getter to become a better go-getter."—Zoëy Deschanel, actor and musician You ’ ll never know where to start...until you start. This gutsy guidebook will help anyone who's procrastinating on a goal, career change, or business idea stop the obsessive worrying and leap into action. As a 24-year-old line cook, Ellen Marie Bennett couldn't stand the kitchen staff ’ s poorly designed, cheaply made aprons. So when her head chef announced he was ordering a new batch, she blurted out, “ Chef, I have an apron company ” —even though she had no company, no business plan—just a glimmer of a design idea and a business license. Through hustle and a willingness to leap into the unknown, time and time again, she built that first order into a multi-million-dollar company called Hedley & Bennett, making aprons and kitchen gear worn by many of the world ’ s best chefs and home cooks everywhere. Dream First, Details Later shares Ellen's journey and her forged-in-the-fire personal playbook for starting before you stop yourself. This honest and bold illustrated book will be like having Ellen—your personal hype woman—there with you, all the while yelling, "Don't stop! You got this!" You don't need to have all the answers to make your dream a reality. You just need to start before you're ready.
