R. K. Narayan (1906—2001) witnessed nearly a century of change in his native India and captured it in fiction of uncommon warmth and vibrancy. In *The Dark Room*, Narayan's portrait of aggrieved domesticity, the docile and obedient Savitri, like many Malgudi women, is torn between submitting to her husband's humiliations and trying to escape them. Written during British rule, this novel brings colonial India into

intimate focus through the narrative gifts of this master of literary realism.

A vivid, intimate portrait of the friendship forged between Stacey Johnson Batiste and her childhood best friend, Vice President Kamala Harris—and of the community in which they were raised, and the lessons offered by those they loved and admired from childhood, through their teenage years, and up to the present day. Growing up together in Berkeley in the '60 and '70s, Stacey and Kamala were born of a time and place bursting with cultural diversity and freedom of expression. This memoir provides a candid, colorful, look at the formative years during which Stacey and Kamala shared and

experienced an inclusive environment of community support, love, and non-traditional education—set against the backdrop of roiling political tension, demonstrations held frequently on and around the U.C. Berkeley campus and People's Park, and bold expressions from people from all walks of life. The book also offers readers a window into Kamala's mother, Shyamala—as observed by Stacey—the brave woman who set the future Vice President on a path of many firsts. While that path was not always easy, Shyamala's light and legacy shines through on these pages. In addition, Stacey introduces several other essential formative figures who informed

their early lives and whose influences have played a role in shaping the character of both the author and of our Vice President. FRIENDS FROM THE BEGINNING is a story of enduring friendship, life lessons described in bright, loving detail, and the courage, sacrifice, and dedication to shared values that have sustained a friendship for decades.

Inauguration night address

On 20 January 2021, Kamala

Harris was sworn in as the

Vice President of the United

States of America, making her the first person of Indian descent, and the first woman to reach this position. This was hardly surprising, for Kamala - the daughter of a breast-cancer scientist Indian mother and a Stanford University emeritus professor of economics Jamaican father - has been known to blaze a trail for herself in her chosen fields. Fun 'momala' and aunt at home but hard-nosed, unsparing prosecutor and senator elsewhere, Kamala dons many hats. This biography focuses on the

micro-histories that shaped Kamala Harris and celebrates her Asian and Jamaican heritage - with special attention to her India connection - and her barrier-shattering ascent as a woman of colour coming to occupy one of the highest offices in the USA. Chidanand Rajghatta's masterful chronicling of Kamala's life - her rise to candidature, the struggles and triumph in a messy, hard-won election despite coming from a 'non-traditional' background - delivers an inspirational story of a

phenomenal woman. *The Nowhere Man* Macmillan Young children will be excited to learn about the first Black, South Asian, female Vice President, Kamala Harris, and her inspiring journey in this Step 2 Biography Reader, perfect for children who recognize familiar words and can sound out new words with help. Learn how Kamala's childhood as a biracial child of immigrant parents, her education, and inspiration from her mother helped shape who she is--someone who fights injustice and empowers the powerless. She is an inspiration herself--for boys and girls everywhere who have seen someone in the White House who looks like them--maybe even

as the President. Step 2 readers use basic vocabulary and short sentences to tell simple stories. They are perfect for children who recognize familiar words and can sound out new words with help. Homeless Bird S.R.D. Harris Books, LLC Discover the incredible story of a young daughter of immigrants who would grow up to be the first woman, first Black person, and first South Asian American ever elected Vice President of the United States—and in a history-making turn of events, likely to become the Democrats' 2024 Presidential nominee—in this moving picture book biography

of Kamala Harris. When Kamala Harris was young, she often accompanied her parents to civil rights marches—so many, in fact, that when her mother asked a frustrated Kamala what she wanted, the young girl responded with: “Freedom!” As Kamala grew from a small girl in Oakland to a senator running for president, it was this long-fostered belief in freedom and justice for all people that shaped her into the inspiring figure she is today. From fighting for the use of a soccer field in middle school to fighting for the people of her home state in Congress, Senator

Harris used her voice to speak up for what she believed in and for those who were otherwise unheard. And now this dedication has led her all the way to being elected Vice President of the United States and a likely 2024 Presidential candidate. Told in Nikki Grimes's stunning verse and featuring gorgeous illustrations by Laura Freeman, this picture book biography brings to life a story that shows all young people that the American dream can belong to all of us if we fight for one another.

I Am Kamala Harris Atheneum Books for Young Readers

I am Kamala Harris. As soon as I could stand, I began standing up for justice. When I was a toddler, my parents took me to Civil Rights marches, in California, where I was born. People sang joyful songs of freedom. They painted colorful signs, saying "Love your Neighbor,"

"Freedom," and "Equal Justice Under the Law." People of every color and background were kind to each other, working together make the American Dream come true for everybody. It was like a rainbow parade for fairness. I loved it. Once, I slipped out of my stroller at a march. My mother hugged me to comfort my fussing. "What do you want, baby?" She asked. "Fweedom!" I answered, just like the other civil rights marchers. The family laughed. But I meant it.

A winning, irreverent debut novel about a family wrestling

with its future and its past “With wit and a rich understanding of human foibles, [Mira] Jacob unspools a story that will touch your heart.”—People ONE OF THE BEST BOOKS OF THE YEAR: The Boston Globe, The Millions, Kirkus Reviews With depth, heart, and agility, debut novelist Mira Jacob takes us on a deftly plotted journey that ranges from 1970s India to suburban 1980s New Mexico to Seattle during the dot.com boom. The Sleepwalker's Guide to Dancing is an epic, irreverent testimony to the bonds of love, the pull of hope,

and the power of making peace with life's uncertainties. Celebrated brain surgeon Thomas Eapen has been sitting on his porch, talking to dead relatives. At least that is the story his wife, Kamala, prone to exaggeration, tells their daughter, Amina, a photographer living in Seattle. Reluctantly Amina returns home and finds a situation that is far more complicated than her mother let on, with roots in a trip the family, including Amina's rebellious brother Akhil, took to India twenty years earlier. Confronted by Thomas's unwillingness to

explain himself, strange looks from the hospital staff, and a series of puzzling items buried in her mother's garden, Amina soon realizes that the only way she can help her father is by coming to terms with her family's painful past. In doing so, she must reckon with the ghosts that haunt all of the Eapens.

Gender inequality and discrimination not only in India, all over world is a multifaceted issue that has been related to both men and women. Some people think gender equality indices place men at a disadvantage, when India's population is

surveyed, women are found to be at disadvantage in several ways. These trends are disturbing, as a natural prediction would be that with growth comes education and prosperity the dowry system, involving a cash or in-kind payment from the bride's family to the grooms at the time of marriage, is another institution that disempowered women. It reinforces the inferior status of Indian women and puts them at risk of violence in their marital households. The normalization of intra-household violence is a huge detriment to the welfare of women. Crimes against women have doubled. Gender inequality extends across various facets of society. Political participation is a

key factor to rectify this situation. Gender bias extends to electoral politics and their representative also. The book deals with Population Stabilizing Measure, Juvenile Delinquency, Gender Based Violence, Women Fish Retailers, Gender Inequality, Geriatric Issues in Women and their Management in India, Women's Attitude And The Environment, The Journey of Indian Women across ages, Gender Discrimination in the Workplace, Violence Against Women: dowry system, Women's Role in Developing Technology: Increasing Productivity, Improving Lives, Gender Budgeting, Trafficking of women for Sexual Exploitation and

Women In Politics.

The Girl in the Garden Penguin Savage Girls and Wild Boys is a fascinating history of extraordinary children---brought up by animals, raised in the wilderness, or locked up for long years in solitary confinement. Wild or feral children have fascinated us through the centuries, and continue to do so today. In a haunting and hugely readable study, Michael Newton deftly investigates a number of infamous cases. He looks at Peter the Wild Boy, who gripped the attention of Swift and Defoe, and at Victor of Aveyron, who roamed wild in the forests of revolutionary France. He tells the story of a savage girl lost on the

streets of Paris, of two children brought up by wolves in the jungles of India, and of a Los Angeles girl who emerged from thirteen years locked in a room to international celebrity. He describes, too, a boy brought up among monkeys in Uganda; and in Moscow, the child found living with a pack of wild dogs. *Savage Girls and Wild Boys* examines the lives of these children and of the adults who "rescued" them, looked after them, educated, or abused them. How can we explain the mixture of disgust and envy that such children can provoke? And what can they teach us about our notions of education, civilization, and man's true nature?
