"An intimate and deeply human memoir that shows why we should all be concerned about nuclear safety, and the dangers of ignoring science in the name of national security." —Rebecca Skloot, #1 New York Times bestselling author of

The Immortal Life of Henrietta Lacks A shocking account of the government's attempt to conceal the effects of the toxic waste released by a secret nuclear weapons plant in Colorado and a community's vain search for justice—soon to be a feature documentary Kristen Iversen grew up in a small Colorado town close to Rocky Flats, a secret nuclear weapons plant once designated "the most contaminated site in America." Full Body Burden is the story of a childhood and adolescence in the shadow of the Cold War, in a landscape at once startlingly beautiful and--unknown to those who lived there--tainted with invisible yet deadly particles of plutonium. It's also a book about the destructive power of secrets--both family and government. Her father's hidden liquor bottles, the strange cancers in children in the neighborhood, the truth about what was made at Rocky Flats--best not to inquire too deeply into any of it. But as Iversen grew older, she began to ask questions and discovered some disturbing realities. Based on extensive interviews, FBI and EPA documents, and class-action testimony, this taut, beautifully written book is both captivating and unnerving.

Hiroshima is the story of six people—a clerk, a widowed seamstress, a physician, a Methodist minister, a young surgeon, and a German Catholic priest—who lived through the greatest single manmade disaster in history. In vivid and indelible prose, Pulitzer Prize – winner John Hersey traces the stories of these half-dozen individuals from 8:15 a.m. on August 6, 1945, when Hiroshima was destroyed by the first atomic bomb ever dropped on a city, through the hours and days that followed. Almost four decades after the original publication of this celebrated book, Hersey went back to Hiroshima in search of the people whose stories he had told, and his account of what he discovered is now the eloquent and moving final chapter of Hiroshima.

For the first time, middle readers can learn the complete story of the courageous girl whose life, which ended through the effects of war, inspired a worldwide call for peace. In this book, author Sue DiCicco and Sadako's older brother Masahiro tell her complete story in English for the first time--how Sadako's courage throughout her illness inspired family and friends, and how she became a symbol of all people, especially children, who suffer from the impact of war. Her life and her death carry a message: we must have a wholehearted desire for peace and be willing to work together to achieve it. Sadako Sasaki was two years old when the atomic bomb was dropped on her city of Hiroshima at the

end of World War II. Ten years later, just as life was starting to feel almost normal again, this athletic and enthusiastic girl was fighting a war of a different kind. One of many children affected by the bomb, she had contracted leukemia. Patient and determined, Sadako set herself the task of folding 1000 paper cranes in the hope that her wish to be made well again would be granted. Illustrations and personal family photos give a glimpse into Sadako's life and the horrors of war. Proceeds from this book are shared equally between The Sadako Legacy NPO and The Peace Crane Project. The Complete Story of Sadako Sasaki

From New York Times bestselling author Sam Kean comes the gripping, untold story of a renegade group of scientists and spies determined to keep Adolf Hitler from obtaining the ultimate prize: a nuclear bomb. Scientists have always kept secrets. But rarely have the secrets been as vital as they were during World War II. In the middle of building an atomic bomb, the leaders of the Manhattan

Project were alarmed to learn that Nazi Germany was far outpacing the Allies in nuclear weapons research. Hitler, with just a few pounds of uranium, would have the capability to reverse the entire D-Day operation and conquer Europe. So they assembled a rough and motley crew of geniuses -- dubbed the Alsos Mission -- and sent them careening into Axis territory to spy on, sabotage, and even assassinate members of Nazi Germany's feared Uranium Club. The details of the mission rival the finest spy thriller, but what makes this story sing is the incredible cast of characters -- both heroes and rogues alike -- including: Moe Berg, the major league catcher who abandoned the game for a career as a multilingual international spy; the strangest fellow to ever play professional baseball. Werner Heisenberg, the Nobel Prize-winning physicist credited as the discoverer of quantum mechanics; a key contributor to the Nazi's atomic bomb project and the primary target of the Alsos mission. Colonel Boris Pash, a high school science teacher and veteran of the Russian Revolution who fled the Soviet Union with a deep disdain for Communists and who later led the Alsos mission. Joe Kennedy Jr., the charismatic, thrill-seeking older brother of JFK whose need for adventure led him to volunteer for the most dangerous missions the Navy had

to offer. Samuel Goudsmit, a washed-up physics prodigy who spent his life hunting Nazi scientists -- and his parents, who had been swept into a concentration camp -- across the globe. Irène and Frederic Joliot-Curie, a physics Nobel-Prize winning power couple who used their unassuming status as scientists to become active members of the resistance. Thrust into the dark world of international espionage, these scientists and soldiers played a vital and largely untold role in turning back one of the darkest tides in human history. A New York Times bestseller with an "engaging narrative and array of detail" (The Wall Street Journal), the "intimate and sweeping" (Raleigh News & Observer) untold, true story behind the Biltmore Estate—the largest, grandest private residence in North America, which has seen more than 120 years of history pass by its front door. The story of Biltmore spans World Wars, the Jazz Age, the Depression, and generations of the famous Vanderbilt family, and features a captivating cast of real-life characters including F. Scott Fitzgerald, Thomas Wolfe, Teddy Roosevelt, John Singer Sargent, James Whistler, Henry James, and Edith Wharton. Orphaned at a young age, Edith Stuyvesant Dresser claimed lineage from one of New York's best known families. She grew up in

Newport and Paris, and her engagement and marriage to George Vanderbilt was one of the most watched events of Gilded Age society. But none of this prepared her to be mistress of Biltmore House. Before their marriage, the wealthy and bookish Vanderbilt had dedicated his life to creating a spectacular European-style estate on 125,000 acres of North Carolina wilderness. He summoned the famous landscape architect Frederick Law Olmsted to tame the grounds, collaborated with celebrated architect Richard Morris Hunt to build a 175,000-square-foot chateau, filled it with priceless art and antiques, and erected a charming village beyond the gates. Newlywed Edith was now mistress of an estate nearly three times the size of Washington, DC and benefactress of the village and surrounding rural area. When fortunes shifted and changing times threatened her family, her home, and her community, it was up to Edith to save Biltmore—and secure the future of the region and her husband's legacy. This is the fascinating, “soaring and gorgeous” (Karen Abbott) story of how the largest house in America flourished, faltered, and ultimately endured to this day.

case reveals the gripping story of two sisters on opposite sides of World War II in this captivating novel for readers of *Lilac Girls* and *The Women in the Castle*. “Spins a captivating tale of two young English women—sisters caught on two opposing sides of the war.” —Associated Press New York, present day: On a whim, Juno Lambert buys a 1931 Underwood typewriter that once belonged to celebrated journalist Cordelia Capel. Within its case she discovers an unfinished novel, igniting a transatlantic journey to fill the gaps in the story of Cordelia and her sister and the secret that lies between them. Europe, 1936: Cordelia's socialite sister Irene marries a German industrialist who whisks her away to Berlin. Cordelia, feistier and more intellectual than Irene, gets a job at a newspaper in Paris, pursuing the journalism career she cherishes. As politics begin to boil in Europe, the sisters exchange letters and Cordelia discovers that Irene's husband is a Nazi sympathizer. With increasing desperation, Cordelia writes to her beloved sister, but as life in Nazi Germany darkens, Irene no longer dares admit what her existence is truly like. Knowing that their letters cannot tell the whole story, Cordelia decides to fill in the blanks by sitting down with her Underwood and writing the truth. When Juno reads the unfinished

novel, she resolves to uncover the secret that continued to divide the sisters amid the turmoil of love, espionage, and war. In this vivid portrait of Nazi Berlin, from its high society to its devastating fall, Jane Thynne examines the truths we sometimes dare not tell ourselves.

Step into the perfumed parlors of the Everleigh Club, the most famous brothel in American history – and the catalyst for a

culture war that rocked the nation. Operating in Chicago's notorious Levee district at the dawn of the last century, the Club's proprietors, two aristocratic sisters named Minna and Ada Everleigh, welcomed moguls and actors, senators and athletes, foreign dignitaries and literary icons, into their stately double mansion, where thirty stunning Everleigh "butterflies" awaited their arrival. Courtesans named Doll, Suzy Poon Tang, and Brick Top devoured raw meat to the delight of Prince Henry of Prussia and recited poetry for Theodore Dreiser. Whereas lesser madams pocketed most of a harlot's earnings and kept a "whipper" on staff to mete out discipline, the Everleighs made sure their girls dined on gourmet food, were examined by an honest physician, and even tutored in the literature of Balzac. Not everyone appreciated the sisters' attempts to elevate the industry. Rival Levee madams hatched numerous schemes to ruin the Everleighs, including an attempt to frame them for the death of department store heir Marshall Field, Jr. But the sisters' most daunting foes were the Progressive Era reformers, who sent the

entire country into a frenzy with lurid tales of "white slavery" —the allegedly rampant practice of kidnapping young girls and forcing them into brothels. This furor shaped America's sexual culture and had repercussions all the way to the White House, including the formation of the Federal Bureau of Investigation. With a cast of characters that includes Jack Johnson, John Barrymore, John D. Rockefeller, Jr., William Howard Taft, "Hinky Dink" Kenna, and Al Capone, *Sin in the Second City* is Karen Abbott's colorful, nuanced portrait of the iconic Everleigh sisters, their world-famous Club, and the perennial clash between our nation's hedonistic impulses and Puritanical roots. Culminating in a dramatic last stand between brothel keepers and crusading reformers, *Sin in the Second City* offers a vivid snapshot of America's journey from Victorian-era propriety to twentieth-century modernity. Abbott describes the Levee's characters in such detail that it's easy to mistake this meticulously researched history for literary fiction." — New York Times Book Review "Described

with scrupulous concern for historical accuracy...an immensely readable book." — Joseph Epstein, *The Wall Street Journal* "Assiduously researched... even this book's minutiae makes for good storytelling." — Janet Maslin, *The New York Times* "Karen Abbott has pioneered sizzle history in this satisfyingly lurid tale. Change the hemlines, add 100 years, and the book could be filed under current affairs." — USA Today "A rousing racy yarn." — Chicago Tribune "A colorful history of old Chicago that reads like a novel... a compelling and eloquent story." — The Atlanta Journal-Constitution "Gorgeously detailed" — New York Daily News "At last, a history book you can bring to the beach." — The Philadelphia Inquirer "Once upon a time, Chicago had a world class bordello called The Everleigh Club. Author Karen Abbott brings the opulent place and its raunchy era alive in a book that just might become this year's 'The Devil in the White City.'" — Chicago Tribune Sunday Magazine (cover story) "As Abbott's delicious and exhaustively researched book makes vividly clear, the Everleigh Club was

the Taj Mahal of bordellos. ” — Chicago Sun Times “ The book is rich with details about a fast-and-loose Chicago of the early 20th century... Sin explores this world with gusto, throwing light on a booming city and exposing its shadows. ” — Time Out Chicago “ [Abbott ’ s] research enables the kind of vivid description à la fellow journalist Erik Larson's *The Devil in the White City* that make what could be a dry historic account an intriguing read.” — Seattle Times “ Abbott tells her story with just the right mix of relish and restraint, providing a piquant guide to a world of sexuality ” — The Atlantic “ A rollicking tale from a more vibrant time: history to a ragtime beat. ” — Kirkus Reviews “ With gleaming prose and authoritative knowledge Abbott elucidates one of the most colorful periods in American history, and the result reads like the very best fiction. Sex, opulence, murder — What's not to love? ” — Sara Gruen, author of *Water for Elephants* “ A detailed and intimate portrait of the Ritz of brothels, the famed Everleigh Club of turn-of-the-century Chicago. Sisters Minna and Ada attracted the elites of the world to such glamorous chambers as the Room of 1,000 Mirrors, complete with a reflective floor. And isn ’ t Minna ’ s advice to her resident prostitutes worthy advice for us all: “ Give, but give interestingly and with mystery. ” ’ — Erik Larson, author of *The Devil in the White City* “ Karen Abbott has combined bodice-ripping salaciousness with top-notch scholarship to produce a work more vivid than a Hollywood movie. ” — Melissa Fay Greene, author of *There is No Me Without You* “ Sin in the Second City is a masterful history lesson, a harrowing biography, and - best of all - a superfun read. The Everleigh story closely follows the turns of American history like a little sister. I can't recommend this book loudly enough. ” — Darin Strauss, author of *Chang and Eng* “ This is a story of debauchery and corruption, but it is also a story of sisterhood, and unerring devotion. Meticulously researched, and beautifully crafted, Sin in the Second City is an utterly captivating piece of history. ” — Julian Rubinstein, author of *Ballad of the Whiskey Robber*

The riveting true story of the women who launched America into space. In the 1940s and 50s, when the newly minted Jet Propulsion Laboratory needed quick-thinking mathematicians to calculate velocities and plot trajectories, they didn't turn to male graduates. Rather, they recruited an elite group of young women who, with only pencil, paper, and mathematical prowess, transformed rocket design, helped bring about the first American satellites, and made the exploration of the solar system possible. For the first time, *Rise of the Rocket Girls* tells the stories of these women -- known as "human computers" -- who broke the boundaries of both gender and science. Based on extensive research and interviews with all the living members of the team, *Rise of the Rocket Girls* offers a unique perspective on the role of women in science: both where we've been, and the far reaches of space to which we're heading. Roz helped to develop these secrets and knows better than anyone the devastating power such knowledge holds. But can she spy on a man she still loves, despite her better instincts? At the same time, something about Charlie draws her in. He's a former prisoner of war haunted by his past, just as her past haunts her. As Rosalind's feelings for each man deepen, so too does the danger she finds herself in. She will have to choose: the man who taught her how to love . . . or the man her love might save?
