Isaac Asimov's Guide to Earth and Space Macmillan

A time traveler stumbles upon a horrific plot to alter the future in this adventure from "one of science fiction's most revered writers" (USA Today). Born with a strange genetic mutation, Jack Havig can travel backward and forward in time at will. His unique gift enables him to visit ancient Rome, the Byzantine Empire, and the Wild West. He's even seen the far future, when the ecology-minded Maurai Federation dominates a world nearly obliterated by nuclear war. Jack undertakes these voyages with one objective in mind: to find others who share his remarkable abilities. In the shadow of the Crucifixion, Jack finally achieves his goal. But a terrible darkness clouds his admission into the secretive, time-traveling organization called Eyrie when the group's true intentions become clear. For Eyrie's plans include an unthinkable genocide designed to irrevocably alter the destiny of humankind—and Jack is the only one who can stop it. But he won't be able to do it alone. The prolific and remarkable Poul Anderson dazzles once again with a humanistic science fiction adventure that races across the boundaries of time. Lightning-paced and marvelously inventive, *There Will Be Time* is an unforgettable journey through the ages from one of the greats of twentieth-century science fiction. This ebook includes the bonus stories "Progress" and "Windmill."

In utter disbelief, Miss Marple read the letter addressed to her from the recently deceased Mr. Rafiel—an acquaintance she had met briefly on her travels. He had left instructions for her to investigate a crime after his death. The only problem was, he had failed to tell her who was involved or where and when the crime had been committed. It was most intriguing. Soon she is faced with a new crime—the ultimate crime—murder. It seems someone is adamant that past evils remained buried. . . .

The dramatic sequel to Larry Niven and Gregory

Benford's New York Times bestselling novel, *Bowl of Heaven* Science fiction masters Larry Niven (Ringworld) and Gregory Benford (Timescape) continue the thrilling adventure of a human expedition to another star system that is jeopardized by an encounter with an astonishingly immense artifact in interstellar space: a bowl-shaped structure cupping a star, with a habitable area equivalent to many millions of Earths. And which, tantalizingly, is on a direct path heading toward the same system the human ship is to colonize. Investigating the Bowl, or Shipstar, the human explorers are separated—one group captured by the gigantic structure's alien inhabitants, the other pursued across its strange and dangerous landscape—while the mystery of the Shipstar's origins and purpose propel the human voyagers toward discoveries that transform their understanding of their place in the universe. Twelve stories by the modern master of science fiction represent the evolution of his writing over a period of thirty-three years

"Repent, Harlequin!" Said the Ticktockman Fawcett

A collection of twenty classic short stories by Isaac Asimov, author of the Foundation series, featuring the definitive version of "Nightfall" From one of history's most influential writers of science fiction comes this collection of twenty short works of fiction, arranged in order of publication from 1941 to 1967. Compiled by Asimov himself, who prefaced each story with an introduction, it begins with "Nightfall," the tale of a world with eternal sun that is suddenly plunged into total darkness and utter madness. "Nightfall," published when the author was only twenty-one, was arguably his breakout work, making such an impression that, almost thirty years later, the Science Fiction Writers of America voted it the best science-fiction short story ever written The other stories in the collection span far and wide: A dedicated scientist who whips up his own love potion. Machines that learn to think for themselves—and direct their thoughts to overturning the establishment. The discovery that Earthlings are being destroyed by a mysterious kind of psychological virus. A day when walking outdoors becomes a sign of psychosis. And many more.
