Women are actively looking for those men who have the ability to unlock the code to their natural instinctive desires, and your going to learn how to develop those "Attractor Factors" that tap into a woman's primal needs and desires. I'm going to let you in on a little secret. Real men want to have sex with as many beautiful women as they possibly can. I know you're probably shocked at this astonishing revelation, but don't be alarmed. It's not your fault, and it's nothing to hide or be ashamed of. In fact, if your ancestors didn't feel the same way, you wouldn't be here. It's important

to add that most honorable men in a relationship generally restrain themselves from acting on this primal desire mostly because of love and respect and to avoid hurting their partners. However, that doesn't mean this powerful urge still doesn't exist. To this day learning to control this instinctive impulse tends to be the ultimate male dilemma. Guess what? Women desire and crave sex too. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive idiots and drive them away. There is a very cool and natural way to approach and attract women so they become interested in you first, and I'm going to show you how to do it. There's no doubt that women want to be sexually attractive and wanted by men. They are actively looking for those men who have the ability to unlock the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman's primal needs and desires. You will become in so many words – simply irresistible. Attraction is not a choice. These are natural biological reactions embedded in our DNA

developed over tens of thousands of years. Just as men have these responses to attractive women, so do women have similar reactions when they observe men with certain masculine traits. We often think of the male as competing with other males for the prize of mating with the female, but women, of course, also compete for the opportunity to mate with the male who has the most desirable traits. I'm going to teach you what those masculine traits are and how you can develop and use them so that you become more attractive and irresistible to women. I'm happy to report that some of you guys will be very relieved to know that looks aren't at the top of the list of attraction for women. I'm just saying..... If you want to experience life's ultimate pleasure of falling in love and being in love - with all of the benefits that come with it – like incredible sex, great companionship, having someone to laugh with, someone to be there for you through good times and bad – and just having a partner to share and experience life with; then I promise to show you how to connect with her if you are willing to take the necessary steps I'm about to share. I can't think of a more

important decision in life that you will ever make regarding your happiness than with whom you choose to share your life. Finding a quality woman all begins with meeting her, and in order to meet her, you'll need to know how to approach and cause her to be attracted and interested in you.

Great that you're already in the top tier, but your troubles aren't over. Next comes the second issue. Here, of the rare men who have the nerve to approach, the vast majority will drop off. So they approach, but nothing ever lands, and they are really just anxious to get out of there. The woman may be polite about it or she may not be, but either way, there is nothing about him that is exciting her because he is not at ease with himself; he is not fun because he is completely in his head. He is afraid, tense, and ineffective. So, as we can see, men who approach and can be at ease and have fun with the woman are an extreme minority of an extreme minority. Would you like to be in this category? If so, we must go deep. Men are always trying to figure out what attracts women to men. Women typically make references to appearance, finances and power. Although those things might help, there are many more influential characteristics that will entice women. So, if you look a bit rugged and rough, there is no problem with that, use it to your advantage. Using Your Body Language to Attract the Ladies According to several researches, ninety percent of communication with each other that is non-verbal, is basically done through body language.
