Tried and Test Tips That Work: What Women Wished You Knew

Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book
Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women

desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this information. How to Attract Women Attract more women with humor by reading this wildly funny and entertaining book! You will be taken through a step by step formula that will help you to easily develop the high status humor skills and alpha male body language habits that women are subconsciously attracted to at a primal level. You will discover how fun and exciting it is to confidently approach practically any woman, anytime, anywhere and instantly have a fun and humorous connection with her. I'll show you a guaranteed foolproof method that has allowed me to engage attractive women in deep and thoughtful rapport by asking the right questions that cause her to become emotionally aroused. Men are aroused more by visual cues. A man looks at a woman searching for sexual stimuli like a jeweler looks for perfection in a flawless gem. Visual cues convey information about a woman's health, fertility, and youth. Women are aroused more by psychological cues. A woman looks at a man much like a detective would a suspected criminal who is about to commit another crime. The visual cues a woman looks for are status, resources, commitment, kindness, stability, and humor. Just as you are attracted to a beautiful face, ass, and breasts, so are women attracted to "male cleavage," or the attractor factors that include high status humor. I'm going to show you how to develop those psychological cues that women can't help but be attracted. With a little practice, you'll start to notice that women will begin to smile at you more when you stimulate the emotional part of their brains that make them laugh. You'll especially notice how they will start engaging you more in a playful manner and will then want to start spending more time with you. Women want men to pursue them for sex. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive idiots and drive them away. Luckily for you, there is a very cool and natural way to approach and attract women so they become interested in you first, and I'm going to show you how to do it. There is no doubt that women want to be sexually attractive and desired by men. They are actively looking for those men who have the ability to unlock the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman's primal needs and desires. You grew up with a modern "female blueprint" and I'm going to show you how to record over it. I'm happy for the women's liberation movement and equality, but along

with it became the feminization of American society. The Equal Rights Movement for women in the 60's has caused role reversals and gender confusion that contradicts the conditioning of tens of thousands of years of customary male-female roles. Male and female blueprints that took around 200,000 years to evolve upended suddenly over the last 50. That is a 4,000 to 1 ratio! That's like starting on less than the 1-inch line on a football field of a hundred yards. It's no wonder the modern male population is so confused. One of the primary reasons so many feminized males (often referred to as wusses) are unsuccessful in attracting women is they act like women themselves. It won't work! You can't reverse a few hundred thousand years of conditioning over a 50-year period and expect different results. The methods you're about to learn were scientifically tested and proven to work in social experiments. This information has been carefully researched and documented from experts in the fields of evolutionary psychology, sociology, neuroscience, evolutionary biology, anthropology, and many other fields too numerous to mention. This book can change your life!

A Practical Guide to Attracting and Dating Beautiful Women
Createspace Independent Publishing Platform

Are you looking forward to a Perfect Dating? Do you want to pass women's tests by decoding their behavior and effortlessly attracting the woman of your dreams? If yes, then keep reading... Whether you're a fan of it or not, chivalry is still very much alive and kicking. All women are romantics at heart, and their fairytale romances almost always begin and end with a prince that sweeps them off their feet. They want and desire to be taken care of, and men often feel the reciprocal need to be the protector and caretaker. Chivalry is in a sense, directly tied to our modern-day conception of romance. But chivalry is taking care of your woman in the primal way that a man does for his mate... and not in the way that a

father takes care of his daughter. Your interactions must straddle the sometimes-thin line between your chivalrous instincts and smothering father territory. Fathering has the distinct effect of making someone feel smothered and that they are being tracked by someone for their own purposes - not that they are being taken care of and treated like a princess. For those of you that did not have overbearing fathers growing up, here's what fathers do: ask you where they were, ask you to check in with them, account for time away from them, be overly clingy and focused on you, place their own expectations on you, be preachy about what you're doing and who you're seeing, dote too much, and assume that will be spent together. Some women ultimately come to the conclusion that they want to marry someone very similar to their father - but absolutely not in this aspect. They spent (around) eighteen years living under the same roof with them and taking orders from them already, they don't want any more! You will create the same instinct that a woman will feel if you overly dote and become dependent and clingy on her. She'll feel cornered and instantly look for an escape route... and by creating that distance, it instantly turns you into the pursuer. We've gone over why this is a losing proposition for you. She might even lash out against you as a daughter would to her father setting her curfew. Even if she likes you and doesn't mind the excessive amount of attention and oversight, you create a negative association with each of your interactions - she will feel obligated to spend time with you, and may even do so out of guilt. You're putting your expectations on someone else, and anytime that happens, they will feel burdened to have to live up to them. Is it positive to have someone spend time with you out of a feeling of duty or guilt? Of course not! Your time spent together and dates should be highly anticipated and looked forward to. So how does the Jerk Complex treat his mate, where the True Jerk just doesn't care? He protects her, but he doesn't dote on her safety. He takes care of her, but doesn't nag that everything is in order. He protects her but doesn't make her carry her rape whistle. He takes advantage of the romantic side and charming side of chivalry and doesn't stay mired in treating her

like a princess. The Jerk Complex can take care of himself, and assumes that his woman can as well. Your focus should be on romantic gestures that a mate uses for seduction, and not overbearing fatherly gestures that will drive her to rebel against you. This book gives a comprehensive guide on the following: How women test men What is the behavior of women? Be your own man and earn her respect. The importance of being self-confidence Adding more benefits to your love life with texting How to be attractive to women How to tell stories that activate her imagination and make her want more How to start fun conversations & keep them going Making sure you'll do it right ... Either way, you are attracted to this woman. What you truly want, beneath your ego, your worries and your conditioning, is simply to walk up and talk to her. Here, the initial approach, is where the vast majority of men will drop off. They won't do it. Now, let's imagine we are one of the rare men who decide to approach. Great that you're already in the top tier, but your troubles aren't over. Next comes the second issue. Here, of the rare men who have the nerve to approach, the vast majority will drop off. What happens is they muster up the courage to go approach, but they are so nervous, tense and anxious that they can't just relax and be present with the woman. Their body-mind, resisting the experience, is not giving them access to the faculties they would

actually need in order to attract the woman and make an impact. So they approach, but nothing ever lands, and they are really just anxious to get out of there. The woman may be polite about it or she may not be, but either way, there is nothing about him that is exciting her because he is not at ease with himself; he is not fun because he is completely in his head. He is afraid, tense, and ineffective. So, as we can see, men who approach and can be at ease and have fun with the woman are an extreme minority of an extreme minority. Would you like to be in this category? If so, we must go deep. If you do want to be in that minority of a minority, we need your self-esteem to be in a place where you genuinely couldn't care less what she thinks of you. Only then will you be able to stand in front of her, at ease, relaxed and have full access to your faculties: your charisma, humor, charm, and playfulness." If you are intrigued, this book is well worth your time and small investment. If you read it and follow the instructions to the letter, you will have nights out with women you would have never thought possible
