perceptive, essential essays. From
thoughtful pieces on the

historian's role to striking insights into America's past and present to trenchant observations on the international scene, Barbara W. Tuchman looks at history in a unique way and draws lessons from what she sees. Spanning more than four decades of writing in *The New York Times Magazine*, *The Atlantic*, *Foreign Affairs*, *Harper's*, *The Nation*, and *The Saturday Evening Post*, Tuchman weighs in on a range of eclectic topics, from Israel and Mao Tse-tung to a Freudian reading of Woodrow Wilson. This is a splendid body of work, the story of a lifetime spent "practicing history." Praise for *Practicing History* "Persuades and enthralls . . . I can think of no better primer for the nonexpert who wishes to learn history." —Chicago Sun-Times "Provocative, consistent, and beautifully readable, an event not to be missed by history buffs." —Baltimore Sun "A delight to read." —The New York Times Book Review *The ... Pulitzer Prize – winning historian Barbara W. Tuchman, author of the World War I masterpiece *The Guns of August*, grapples with her boldest subject: the pervasive presence, through the ages, of failure, mismanagement, and delusion in government. Drawing on a comprehensive array of examples, from Montezuma's senseless surrender of his empire in 1520 to Japan's attack on Pearl Harbor, Barbara W. Tuchman defines folly as the pursuit by government of policies contrary to their own interests, despite the availability of feasible alternatives. In brilliant detail, Tuchman illuminates four decisive turning points in history that illustrate the very heights of folly: the Trojan War, the breakup of the Holy See provoked by the Renaissance popes, the loss of the American colonies by Britain's George III, and the United States' own persistent mistakes in Vietnam.

Throughout *The March of Folly*, Tuchman's incomparable talent for animating the people, places, and events of history is on spectacular display. Praise for *The March of Folly* "A glittering narrative . . . a moral [book] on the crimes and follies of governments and the misfortunes the governed suffer in consequence." —The New York Times Book Review "An admirable survey . . . I haven't read a more relevant book in years." —John Kenneth Galbraith, *The Boston Sunday Globe* "A superb chronicle . . . a masterly examination." —Chicago Sun-Times

The Guns of August Random House

"A tremendous tale of hushed and unhushed uproars in the linked fields of war and diplomacy" (The New York Times), from the Pulitzer Prize-winning author of *The Guns of August* In January 1917, the war in Europe was, at best, a tragic standoff.

unless the United States joined the war, but President Wilson was unshakable in his neutrality. At just this moment, a crack team of British decoders in a quiet office known as Room 40 intercepted a document that would change history. The Zimmermann telegram was a top-secret message to the president of Mexico, inviting him to join Germany and Japan in an invasion of the United States. How Britain managed to inform the American government without revealing that the German codes had been broken makes for an incredible story of espionage and intrigue as only Barbara W. Tuchman could tell it. *The Proud Tower*, *The Guns of August*, and *The Zimmermann Telegram* comprise Barbara W. Tuchman's classic histories of the First World War era.

based on events in Berlin, Paris, London, and St. Petersburg during the first month of World War I

The New York Times Book Review Scribner Encyclopedia of America

The Proud Tower, the Pulitzer Prize-winning The Guns of August, and The Zimmerman Telegram comprise Barbara W. Tuchman's classic histories of the First World War era

During the fateful quarter century leading up to World War I, the climax of a century of rapid, unprecedented change, a privileged few enjoyed Olympian luxury as the underclass was

"heaving in its pain, its power, and its hate."

The Proud Tower, Barbara W. Tuchman brings the era to vivid life: the decline of the Edwardian aristocracy; the Anarchists of Europe and America; Germany and its self-depicted hero, Richard Strauss; Diaghilev's Russian ballet and Stravinsky's music; the Dreyfus Affair; the Peace Conferences in The Hague; and the enthusiasm and tragedy of Socialism, epitomized by the assassination of Jean Jaurès on the night the Great War began and an epoch came to a close.

Praise for The Proud Tower " [Barbara W. Tuchman's] Pulitzer Prize-winning The Guns of August was an Inexpert evocation of the

first spasm of the 1914 – 1918 war. Here, Barbara Tuchman masterfully reveals the two contradictory images of the age, examining the great rhythms of history and the grain and texture of domestic life as it was lived--what childhood was like; what marriage meant; how money, taxes and war dominated the lives of serf, noble and clergy alike. Granting her subjects their loyalties, treacheries and guilty passions, Tuchman recreates the lives of proud cardinals, university scholars, grocers and clerks, saints and mystics, lawyers and mercenaries, and, above all, knights. The result is an astonishing reflection of medieval Europe, a historical tour de force.

The fourteenth century reflects two contradictory images: on the one hand, a glittering age of crusades, cathedrals, and chivalry; on the other, a world plunged into chaos and spiritual agony. In this revelatory work, Barbara W. Tuchman examines not only the great rhythms of

history but the grain and texture of domestic life: what childhood was like; what marriage meant; how money, taxes, and war dominated the lives of serf, noble, and clergy alike. Granting her subjects their loyalties, treacheries, and guilty passions, Tuchman re-creates the lives of proud cardinals, university scholars, grocers and clerks, saints and mystics, lawyers and mercenaries, and, dominating all, the knight—in all his valor and “furious follies,” a “terrible worm in an iron cocoon.” Praise for *A Distant Mirror*

The Scribner Encyclopedia of American Lives:

1986-1990 Random House From Barbara W. Tuchman, Pulitzer Prize – winning author of *The Guns of August*, comes history through a wide-angle lens: a fascinating chronicle of Britain ’ s long relationship with Palestine and the Middle East, from the ancient world to the twentieth century. Historically, the British were drawn to the Holy Land for two major reasons: first, to translate the Bible into English and, later, to control the road to India and access to the oil of the Middle East. With the lucidity and vividness that characterize all her work, Barbara W.

Tuchman follows these twin spiritual and imperial motives—the Bible and the sword—to their seemingly inevitable endpoint, when Britain conquered Palestine at the conclusion of World War I. At that moment, in a gesture of significance and solemnity, the Balfour Declaration of 1917 established a British-sponsored mandate for a national home for the Jewish people. Throughout this characteristically vivid account, Tuchman demonstrates that the seeds of conflict were planted in the Middle East long before the official founding of the modern state of Israel. Praise for Bible and

Barbara Tuchman's *The Zimmerman Telegram* is one of the greatest spy stories of all time. Nothing can stop an enemy from picking wireless messages out of the free air - and nothing did. In England, Room 40 was born . . . In January 1917, with the First World War locked in terrible stalemate and America still neutral, German Foreign Secretary Arthur Zimmerman gambled the future of the conflict on a single

telegram. But this message was intercepted and decoded in Whitehall's legendary Room 40 - and Zimmerman's audacious scheme for world domination was exposed, bringing America into the war and changing the course of history. The story of how this happened and the incalculable consequences are thrillingly told in Barbara Tuchman's brilliant exploration. 'A most exciting book, full of vivid pen portraits and curious episodes' Sunday Times 'As thrilling as a John Buchan novel' The Times Literary Supplement 'Its 200 pages are worth more than all the thrillers and whodunits of the fiction writers put together' Herald 'A fine exciting book told with intense drama. “ An interesting and at times surprising account of Churchill's tastes as a reader...many of [these] nuggets will be new even to Churchill junkies. ” —*TheWall Street Journal* This strikingly original book introduces

a Winston Churchill we haven't known before. Award-winning author Jonathan Rose explores Churchill's careers as statesman and author, revealing the profound influence of literature and theater on Churchill's personal, carefully composed grand story and the decisions he made throughout his political life. In this expansive literary biography, Rose provides an analysis of Churchill's writings and their reception (he won the Nobel Prize for Literature in 1953 and was a best-selling author), and a chronicle of his dealings with publishers, editors, literary agents, and censors. The book also identifies an array of authors who shaped Churchill's own writings and politics: George Bernard Shaw, H. G. Wells, Margaret Mitchell, George Orwell, Oscar Wilde, and many more. Rose investigates the effect of Churchill's passion for theater on his approach to reportage, memoirs, and historical works. Perhaps most remarkably, Rose reveals the unmistakable influence of Churchill's reading on every important episode of his public life, including his championship of social reform, plans for the Gallipoli invasion, command during the Blitz, crusade for Zionism, and efforts to prevent a nuclear arms race. Finally, Rose traces the significance of Churchill's writings to later generations of politicians—among them President John F.

Kennedy as he struggled to extricate the U.S. from the Cuban Missile Crisis. “ Immensely enjoyable... This gracefully written book is an original and textured study of Churchill ’ s imagination. ” —The Washington Post

The March of Folly
National Geographic Books

Barbara W. Tuchman won her second Pulitzer Prize for this nonfiction masterpiece—an authoritative work of history that recounts the birth of modern China through the eyes of one extraordinary American. General Joseph W. Stilwell was a man who loved China deeply and knew its people as few Americans ever have. Barbara W. Tuchman ’ s groundbreaking narrative follows Stilwell from the time he arrived in China during the Revolution of 1911, through his tours of duty in Peking

and Tientsin in the 1920s and '30s, to his return as theater commander in World War II, when the Nationalist government faced attack from both Japanese invaders and Communist insurgents. Peopled by warlords, ambassadors, and missionaries, this classic biography of the cantankerous but level-headed "Vinegar Joe" sparkles with Tuchman's genius for animating the people who shaped history. Praise for Stilwell and the American Experience in China "Tuchman's best book . . . so large in scope, so crammed with information, so clear in exposition, so assured in tone that one is

tempted to say it is not a book but an education." —The New Yorker "The most interesting and informative book on U.S. – China relations . . . a brilliant, lucid and authentic account." —The Nation "A fantastic and complex story finely told." —The New York Times Book Review
