"An unusually engaging book on the forces that fuel originality across fields." --Adam Grant  
Looking at the 14 key traits of genius, from curiosity to creative maladjustment to obsession, Professor Craig Wright, creator of Yale University's popular

"Genius Course," explores what we can learn from brilliant minds that have changed the world. Einstein. Beethoven. Picasso. Jobs. The word genius evokes these iconic figures, whose cultural contributions have irreversibly shaped society. Yet Beethoven could not multiply. Picasso couldn't pass a 4th grade math test. And Jobs left high school with a 2.65 GPA. What does this say about our metrics for measuring success and achievement today? Why do we teach children to behave and play by the rules, when the transformative geniuses of Western culture have done just the opposite? And what is genius, really? Professor Craig Wright, creator of Yale University's popular "Genius Course," has devoted more than two decades to exploring these questions and probing the nature of this term, which is deeply embedded in our

culture. In *The Hidden Habits of Genius*, he reveals what we can learn from the lives of those we have dubbed "geniuses," past and present. Examining the lives of transformative individuals ranging from Charles Darwin and Marie Curie to Leonardo Da Vinci and Andy Warhol to Toni Morrison and Elon Musk, Wright identifies more than a dozen drivers of genius—characteristics and patterns of behavior common to great minds throughout history. He argues that genius is about more than intellect and work ethic—it is far more complex—and that the famed "eureka" moment is a Hollywood fiction. Brilliant insights that change the world are never sudden, but rather, they are the result of unique modes of thinking and lengthy gestation. Most importantly, the habits of mind that produce great thinking and discovery can be actively learned and cultivated, and Wright shows us how. This book won't make you a genius. But embracing the hidden habits of these transformative individuals will make you more strategic, creative, and successful, and, ultimately, happier.

A dramatic novel about the power of a father's love.  
From Number 1 best-selling author Josephine Cox.  
*Habit* Ignatius Press

In this charming, witty, and weird fantasy novel,

Alexis Hall pays homage to Sherlock Holmes with a new twist on those renowned characters. Upon returning to the city of Khelathra-Ven after five years fighting a war in another universe, Captain John Wyndham finds himself looking for somewhere to live, and expediency forces him to take lodgings at 221b Martyrs Walk. His new housemate is Ms. Shaharazad Haas, a consulting sorceress of mercurial temperament and dark reputation. When Ms. Haas is enlisted to solve a case of blackmail against one of her former lovers, Miss Eirene Viola, Captain Wyndham is drawn into a mystery that leads him from the salons of the literary set to the drowned back-alleys of Ven and even to a prison cell in lost Carcosa. Along the

way he is beset by criminals, menaced by pirates, molested by vampires, almost devoured by mad gods, and called upon to punch a shark. But the further the companions go in pursuit of the elusive blackmailer, the more impossible the case appears. Then again, in *Khelathra-Ven* reality is flexible, and the impossible is Ms. Haas' stock-in-trade.

NAMED A BEST BOOK OF THE YEAR BY ESQUIRE AND BOOKPAGE Figuring

explores the complexities of love and the human search for truth and meaning through the interconnected lives of several historical figures across four centuries—beginning with the astronomer Johannes Kepler, who discovered the laws of planetary motion, and ending with the marine biologist and author Rachel Carson, who catalyzed the environmental

movement. Stretching between these figures is a cast of artists, writers, and scientists—mostly women, mostly queer—whose public contribution have risen out of their unclassifiable and often heartbreaking private relationships to change the way we understand, experience, and appreciate the universe. Among them are the astronomer Maria Mitchell, who paved the way for women in science; the sculptor Harriet Hosmer, who did the same in art; the journalist and literary critic Margaret Fuller, who sparked the feminist movement; and the poet Emily Dickinson. Emanating from these lives are larger questions about the measure of a good life and what it means to leave a lasting mark of betterment on an imperfect world: Are achievement and acclaim enough for happiness? Is genius? Is love? Weaving through the narrative is a set of peripheral figures—Ralph Waldo Emerson, Charles Darwin, Elizabeth Barrett Browning, Herman Melville, Frederick Douglass, Nathaniel Hawthorne,

and Walt Whitman—and a tapestry of themes spanning music, feminism, the history of science, the rise and decline of religion, and how the intersection of astronomy, poetry, and Transcendentalist philosophy fomented the environmental movement.

During the 1950s and early 1960s Flannery O'Connor wrote more than a hundred book reviews for two Catholic diocesan newspapers in Georgia. This full collection of these reviews nearly doubles the number that have appeared in print elsewhere and represents a significant body of primary materials from the O'Connor canon. We find in the reviews the same personality so vividly apparent in her fiction and her lectures--the unique voice of the artist that is one clear sign of genius. Her spare precision, her

humor, her extraordinary ability to permit readers to see deeply into complex and obscure truths--all are present in these reviews and letters.

"Illustrates how Flannery O'Connor's stories dramatize elements of the Bible coming alive, anachronistically, in different times and social settings"--*Heirpower! Eight Basic Habits of Exceptionally Powerful Lieutenants* Harper Collins

An "impeccable" novel about race relations and responsibility set in the civil-rights-era South, by the author of *The Heart Is a Lonely Hunter* (The Atlantic Monthly). In a small Georgia town, pharmacist J. S. Malone, diagnosed with leukemia, is given a mere year to live--and a lifetime's worth of regret over years and opportunities wasted. Meanwhile, Judge Clane, still reeling from the suicide of his son, looks for meaning in the past and judgment in the

present. Clane's grandson, Jester, seeks identity in the wake of his father's selfish act. And all three of them find their stories inexorably bound together as Sherman Pew, a young black man with blue eyes, looking to uncover the truth about his parentage, moves into a white neighborhood, thus upsetting the fragile balance of the town. "One of the few first-rate novelists of our time," Carson McCullers deftly weaves a story of life and death, love and hate, progress and stagnation, a brilliant examination of the universal human experiences that at once bind us together and tear us apart (Kirkus Reviews).

The landscape of American literature was fundamentally changed when Flannery O'Connor stepped onto the scene with her first published book, *Wise Blood*, in 1952. Her fierce, sometimes comic novels and stories reflected the

darkly funny, vibrant, and theologically sophisticated woman who wrote them. Brad Gooch brings to life O'Connor's significant friendships -- with Robert Lowell, Elizabeth Hardwick, Walker Percy, and James Dickey among others -- and her deeply felt convictions, as expressed in her communications with Thomas Merton, Elizabeth Bishop, and Betty Hester. Hester was famously known as "A" in O'Connor's collected letters, *The Habit of Being*, and a large cache of correspondence to her from O'Connor was made available to scholars, including Brad Gooch, in 2006. O'Connor's capacity to live fully -- despite the chronic disease that eventually confined her to her mother's farm in Georgia -- is illuminated in this engaging and authoritative biography. satire, it entertains readers with its sly and ironic portrayal of human life and foibles from the vantage point of *Screwtape*, a highly placed assistant to "Our Father Below." At once wildly comic, deadly serious, and strikingly original, *The Screwtape Letters* is the most engaging account of temptation—and triumph over it—ever written. *The Scarlet Letter* Penguin

A literary treasure of over one hundred unpublished letters from National Book Award-winning author Flannery O'Connor and her circle of extraordinary friends. Flannery O'Connor is a master of twentieth-century American fiction, joining, since her untimely death in 1964, the likes of Hawthorne, Hemingway, and Faulkner. Those

familiar with her work know that her powerful ethical vision was rooted in a quiet, devout faith and informed all she wrote and did. *Good Things Out of Nazareth*, a much-anticipated collection of many of O'Connor's previously unpublished letters—along with those of literary luminaries such as Walker Percy (*The Moviegoer*), Caroline Gordon (*None Shall Look Back*), Katherine Anne Porter (*Ship of Fools*), Robert Giroux and movie critic Stanley Kauffmann. The letters explore such themes as creativity, faith, suffering, and writing. Brought together, they form a riveting literary portrait of these friends, artists, and thinkers. Here we find their joys and loves, as well as their trials and tribulations as they struggle with

doubt and illness while championing their beliefs and often confronting racism in American society during the civil rights era. Praise for *Good Things Out of Nazareth* "An epistolary group portrait that will appeal to readers interested in the Catholic underpinnings of O'Connor's life and work . . . These letters by the National Book Award-winning short story writer and her friends alternately fit and break the mold. Anyone looking for Southern literary gossip will find plenty of barbs. . . But there's also higher-toned talk on topics such as the symbolism in O'Connor's work and the nature of free will."—Kirkus Reviews "A fascinating set of Flannery O'Connor's correspondence . . . The compilation is highlighted by

---

gems from O'Connor's sensible world around writing mentor, Caroline Gordon. . . While O'Connor's milieu can seem intimidatingly insular, the volume allows readers to feel closer to the writer, by glimpsing O'Connor's struggles with lupus, which sometimes leaves her bedridden or walking on crutches, and by hearing her famously strong Georgian accent in the colloquialisms she sprinkles throughout the letters. . . . This is an important addition to the knowledge of O'Connor, her world, and her writing."—Publisher's Weekly

**A Message to Garcia**

Yale University Press  
"I would like to write a beautiful prayer," writes the young Flannery O'Connor in this deeply spiritual journal, recently discovered among her papers in Georgia.  
"There is a whole

me that I should be able to turn to Your praise." Written between 1946 and 1947 while O'Connor was a student far from home at the University of Iowa, *A Prayer Journal* is a rare portal into the interior life of the great writer. Not only does it map O'Connor's singular relationship with the divine, but it shows how entwined her literary desire was with her yearning for God. "I must write down that I am to be an artist. Not in the sense of aesthetic frippery but in the sense of aesthetic craftsmanship; otherwise I will feel my loneliness continually . . . I do not want to be lonely all my life but people only make us lonelier by reminding us of God. Dear God please help me and take risks, and to be an artist, please let it lead to You." O'Connor could not be more plain about her literary ambition: "Please help me dear God to be a good writer and to get something else accepted," she writes. Yet she struggles with any trace of self-regard: "Don't let me ever think, dear God, that I was anything but the

instrument for Your story." As W. A. Sessions, who knew O'Connor, writes in his introduction, it was no coincidence that she began writing the stories that would become her first novel, *Wise Blood*, during the years when she wrote these singularly imaginative Christian meditations. Including a facsimile of the entire journal in O'Connor's own hand, *A Prayer Journal* is the record of a brilliant young woman's coming-of-age, a cry from the heart for love, grace, and art.
