Earlier review: This book will save you the trouble of reading the autobiographies, the biographies, and selected letters of Ernest Hemingway and these five women (his mother and four wives). The Women Who Shaped Hemingway's Life and Work – ONSTAGE+

Bernice Kert has given me my first true understanding of who Hemingway was and why he did the things he did. His choice of women, more so the women he married and the woman who gave birth to him are psychoanalysis at it best. I now see the "Peter Pan" in Hemingway, not the masculine

adventurer, hunter and "man's man".
