The Book of Hiram Robinson

What was the true purpose of the great megalithic sites in Western Europe? In this international bestseller, the authors question the standard views of history and the development of science. They show how, in megalithic times, a civilization emerged able to build an international network of sophisticated astronomical observatories. Further, they show that recently revealed Dead Sea Scroll texts contain precise details on the building of a machine in the reconstruction of a shattered world. "From the Paperback edition."

City of the Goddess Good Press

"This remarkable exploration of intriguing people and events in Freemasonry sheds new light on how this brotherhood's practices, symbols and rituals took shape. An extraordinary wealth of documents is found in this pursuit, including parchment manuscripts dating to the 1300s. The roots of Freemasonry are traced to the

building of Solomon's Temple, the rise of Christianity, and the Crusades in Europe. Masonry's controversial relationship with the Knights Templar and Vatican also takes on new and significant meaning. The emergence of this secretive society in Britain had a strong influence on George Washington, Benjamin Franklin and other Masons who helped create a new country in America. All those struggles are seen through the experiences of people who lived through these events--often told in their own words and drawn from remarkable collections of records dating from those times. They reveal Freemasonry to be well-grounded in recognizable events, and show how its members influenced the world around them. Those influences are still felt in our lives today. Forty-five illustrations help bring to life this memorable journey of

discovery."--Publisher description.

The Hiram Key Watkins Media Limited

Many people are curious about the existence of secret societies which claim to hold arcane religious or esoteric knowledge and pass it down through the generations via selected adepts. Classic Masonic writers including William Preston, Robert Gould, JSM Ward, AE Waite and WL Wilmshurst have written about secret traditions connected to the Temple of Sion. Each has different ideas about how mystical knowledge came into Freemasonry. Some say that the Charter of Larmenius reveals an underground line of Knight Templar Grand Masters who survived down to the nineteenth century. All agree there is a Secret Lodge or House of Adepts who continue to teach "true" knowledge of

the ancient mysteries and that The Craft transmits beliefs linked to the Earls of Rosslyn, the Knights Templar, and Lodge Mother Kilwinning. Masonic expert Robert Lomas has collected together this thread of belief from old Masonic writers and rewritten it in modern English to make the ideas accessible to modern readers.

Turning the Hiram Key (B FORMAT PB)
Assouline

Freemason Symbols and Ceremonies For Dummies® (Custom) Random House

An account of Knight and Lomas's 14-year quest to uncover the secret teachings buried beneath Roslin Chapel near Edinburgh. Their quest ends with extraordinary revelations about early human history - the origins of Christianity as a Messianic religion, of Freemasonry and of science.

Turning the Hiram Key Simon and Schuster
THE MOST COMPREHENSIVE AND
COMPELLING BOOK EVER WRITTEN
ABOUT THE SECRET SOCIETY THAT
SHAPED THE MODERN WORLD.

Freemasonry, with its arcane rituals, occult symbols, and labyrinthine hierarchy, has mystified the outside world for centuries. But it

has become apparent that even the most senior Limited

Freemasons do not understand its ancient origins or purpose. So what is this powerful and arcane organization really for? In this eye-opening account, two seasoned researchers show that today's Freemasons are the spiritual descendants of an ancient priesthood that was forced to act in secrecy. They predicted the birth of the coming Messiah, and Jesus Christ was part of their mission. Soon after the Crucifixion they were nearly wiped out by a program of mass genocide conducted by the Romans; later, in feudal Europe, they grew to a position of unparalleled power before being branded as heretics and forced underground. But they could not be stopped, and they continued to work in subtle, sometimes subversive, always anonymous, ways to pursue their objective—a new world order that put God above, and yet out of, human affairs.

Before the Pyramids Watkins Media

This is the extraordinary story of Knight and Lomas's fourteen year quest to uncover the secret teachings buried beneath Roslin Chapel near Edinburgh. Their quest ends with extraordinary revelations about early human history - the origins of Christianity, of Freemasonry and of science. They show that all were charged with a belief in a secret cosmic code, linking, for example, the Exodus from Egypt, the founding of Solomon's Temple and the Star of Bethlehem. This book reveals for the first time why there were such high expectations of a Messiah at the time of the birth of Jesus Christ. The Book of Hiram will change everything you thought you knew about both the Bible and Freemasonry.

The Secret Science of Masonic Initiation Watkins Media Limited

The Lost Key - The Supranatural Secrets of the Freemasons contains revelations that only an initiate of the highest orders of esoteric Freemasonry is in a position to make. Here is the truth behind the hints in Dan Brown's The Lost Symbol that Freemasonry is concerned to reawaken the hidden potentialities and powers of the human mind. The thrilling narrative of this new book follows a candidate for initiation as he rises through the different grades of initiation, taking part in ceremonies that are sometimes terrifying but always revealing of new knowledge and presenting new mysteries which will

only be solved when the next stage of initiation has been achieved. Dramatic episodes include the re-enacting of an ancient murder from 3,000 years ago in full gory detail, lowering the candidate on the end of a rope into a dark vault under the floor of the temple, holding a dagger to the candidates naked breast, and making the candidate attend his own funeral. In the secret teachings revealed to some high-level initiates, there is a type of instruction which seems curiously similar to religious and mystical teachings. Astrology, angels, chakras and the powers of the mind to operate independently of the body, such as in remote viewing, are all a part of Freemasonic lore. Here Lomas, co-

author of the international bestseller *The Hiram Key*, reveals to a wider public and also explains these secret teachings for the first time. He shows that while they are dismissed as superstitious by campaigners for atheism such as Richard Dawkins, they are very much part of the strange, paradoxical world opened up by the latest thinking in quantum physics. This is why he prefers to call them 'Supranatural'.

Sworn in Secret Ulysses Press

In this ground-breaking book, the author describes his personal journey through the mystical rituals of Freemasonry. Drawing from personal spiritual insights hidden Masonic texts and modern scientific knowledge, he reveals why people join Freemasonry, what they expect to find and how they benefit. The book discloses the inner secrets of Freemasonry, which have hitherto been the preserve of a select few. In doing so, it provides a window into the world which has been shrouded in mystery and suspicion. From the Inside Flap Turning the Hiram Key invites readers to join a gripping journey of discovery to find the real secrets of Freemasonry. Robert Lomas - co-author of the best-selling book *The Hiram Key* - has finally tackled the big unanswered questions about The Brotherhood... What is the purpose of Freemasonry? What do Masons gain from working the Rituals? Can anybody benefit from the spiritual teachings of The Craft? Does Freemasonry hold the secret to unlocking the hidden potential of the human mind? Are Masonic rituals simple moral plays designed to encourage people to behave well? Are they a secret tradition preserved from a long lost civilisation? Are they meaningless formalities?

Or do they serve a deeper purpose? In this ground-breaking new book Lomas describes his personal journey through the mystical rituals of Freemasonry. Drawing from personal spiritual insights, hidden Masonic texts and modern scientific knowledge, he reveals why people join Freemasonry, what they expect to find and how they benefit. IN THE PAST, THESE INNER SECRETS HAVE BEEN PRESERVED FOR A SELECT FEW... ..UNTIL NOW!

Solomon's Power Brokers Watkins Media Limited

Reveals the secret spiritual exercises of the Bektashi Order of Sufis • Shows how this order, also known as Oriental Freemasonry, preserves the ancient spiritual doctrines forgotten by modern Freemasonry • Explains how to transform the soul into the alchemical Magnum Opus

by combining Masonic grips and the abbreviated letters of the Qur'an • Includes a detailed biography of Baron von Sebottendorff Originally published in Germany in 1924, this rare book by Baron Rudolf von Sebottendorff reveals the secret spiritual exercises of the Bektashi Order of Sufis as well as how this order, also known as Oriental Freemasonry, preserves the ancient spiritual doctrines forgotten by modern Freemasonry. Sebottendorff explains how the mysterious abbreviated letters found in the Qur'an represent formulas for perfecting the spirit of the individual. When combined with Masonic hand signs and grips and conducted accordingly to a precise schedule, these formulas incorporate spiritual power into the body and transform the soul from its base

state into a noble, godlike state: the Magnum Opus of the medieval alchemists. Laying out the complete program of spiritual exercises, Sebottendorff explains each abbreviated word-formula in the Qur'an, the hand gestures that go with them, and the exact order and duration for each exercise. Including a detailed biography of Sebottendorff and an examination of alchemy's Islamic heritage, this book shows how the traditions of Oriental Freemasonry can ennoble the self and lead to higher knowledge.

Handbook of Freemasonry Rowman & Littlefield

From the co-author of the international bestseller *Who Built the Moon?* comes this well-researched scientific study of the possibility of a divine creator – or God This

book puts the idea of God on trial. Whilst the case has been hotly disputed over recent generations with scientists on one side and theologians on the other, evidence either way has been thin on the ground. Faith - belief without evidence - has been the basis for the world's major religions. Most scientists reject the notion of God because they require factual, empirical evidence in order to accept any proposition as being real. However, new information has become available, which appears to provide hard-nosed evidence of God's existence. Can faith be replaced by understanding, and can scientists formally embrace, once again, the concept of a supreme being as they did in Isaac Newton's day? Nothing less than God's 'blueprint' appears to have been discovered

- found by chance by the author while researching the science of the Neolithic (late Stone Age) people of western Europe. The case will be tried taking the evidence step-by-step. You, the reader, are the jury. You must evaluate the evidence as the proceedings develop and, to aid you, there will be a brief summing up at the end of each section. At the close of the book you are asked to make a judgment as to whether the case is proven or not. Does God exist?

Manual of Freemasonry John Wiley & Sons

In this new paperback edition author describes his personal journey through the mystical rituals of Freemasonry and reveals why people join Freemasonry, what they expect to find and how they benefit.

God's Blueprint Coronet

New in Paperback! The Masonic secrets of

our founding fathers. Turning the Solomon Key is an exhilarating quest to discover the Masonic influences which George Washington brought to bear on the layout of Washington D.C. In this second book of his Key trilogy, Robert Lomas has used Masonic rituals and Washington's own diaries to uncover the symbolic reasoning behind the positioning of the White House and the Capitol, and in the process he disposes of many anti-Masonic urban myths. This exciting, and authoritative, detective story then investigates the sources of creative behavior, to reveal a hitherto unsuspected Secret Science of Masonic Astrology which underpinned Washington's actions. The builders of Washington DC knew a great secret about the human condition. In Turning the

Solomon Key, scientist and Masonic expert Robert Lomas explains exactly what it was. Turning the Solomon Key, at its heart, explains why high-achieving individuals share certain astrological characteristics, and why the Freemasons who founded our nation planned Washington, D.C., the way they did.

Solomon's Builders Random House

This is the perfect primer for Dan Brown's next novel. It clearly explains the people, places and historical background that is the Freemasons in Washington DC. Reading this book first will greatly enhance the experience of reading the Dan Brown novel.

Turning the Hiram Key Rudolf Steiner Press

In this selection of thirty of Rudolf Steiner's most important lectures on the Festivals, he identifies and illumines the true meaning behind Christmas, Easter, Ascension and Pentecost, and Michaelmas, emphasizing both their inner-spiritual and outer-cosmic aspects. He shows that the Festivals are not merely the commemoration of mighty historical events or truths within the Christian tradition, but are in themselves - each year - spiritual events, manifesting in seasonal and natural rhythms, which carry a significance that grows and deepens with the developing of human evolution.
