As this The Hiram Key Christopher Knight, it ends happening swine one of the favored ebook The Hiram Key Christopher Knight collections that we have. This is why you remain in the best website to look the amazing books to have.

The Knights Templar Basic Books

Can the ancestry of freemasonry really be traced back to the Knights Templar? Is the image of the eye in a triangle on the back of the dollar bill one of its cryptic signs? Is there a conspiracy that stretches through centuries and generations to align this shadow organization and its secret rituals to world governments and religions? Myths persist and abound about the freemasons, Margaret C. Jacob notes. But what are their origins? How has an early modern organization of bricklayers and stonemasons aroused so much public interest? In *The Origins of Freemasonry*, Jacob throws back the veil from a secret society that turns out not to have been very secret at all. What factors contributed to the extraordinarily rapid spread of freemasonry over the course of the eighteenth century, and why were so many of the era's most influential figures drawn to it? Using material from the archives of leading masonic libraries in Europe, Jacob examines masonic almanacs and pocket diaries to get closer to what living as a freemason might have meant on a daily basis. She explores the persistent connections between masons and nascent democratic movements, as each lodge set up a polity where an individual's standing was meant to be based on merit, rather than on birth or wealth, and she demonstrates, beyond any doubt, how active a role women played in the masonic movement.

Handbook of Freemasonry FV Éditions

New in Paperback! The Masonic secrets of our founding fathers. Turning the Solomon Key is an exhilarating quest to discover the Masonic influences which George Washington brought to bear on the layout of Washington D.C. In this second book of his Key trilogy, Robert Lomas has used Masonic rituals and Washington's own diaries to uncover the symbolic reasoning behind the positioning of the White House and the Capitol, and in the process he disposes of many anti-Masonic urban myths. This exciting, and authoritative, detective story then investigates the sources of creative behavior, to reveal a hitherto unsuspected Secret Science of Masonic Astrology which underpinned Washington's actions. The builders of Washington DC knew a great secret about the human condition. In *Turning the Solomon Key*, scientist and Masonic expert Robert Lomas explains exactly what it was. *Turning the Solomon Key*, at its heart, explains why high-achieving individuals share certain astrological characteristics, and why the Freemasons who founded our nation planned Washington, D.C., the way they did.

The Second Messiah Watkins Publishing

In 1871, Albert Pike created *Morals and Dogma of the Ancient and Accepted Scottish Rite* as a guide to the 32 degrees of Scottish Rite Freemasonry. It was his intention that becoming a Scottish Rite Mason require years of study to understand the allegories, the underlying moral lessons, and their applications. Pike's scholarly but practical instruction serves as a guide for every Mason working to be the best husband, father, brother, friend, and citizen that he can be. In 2007, a complete and comprehensive review was initiated to provide insight into Albert Pike's original work. This

new book is the only edition that is not abridged, a digest, or an editorial commentary of the original book. The entire original book was translated into modern English from the difficult sentence structure and language prevalent in 19th century literature. *Morals and Dogma for the 21st Century* brings these important lessons back within the grasp of the modern Mason.

The Hiram Key Revisited Good Press

In 1660, within a few months of the restoration of Charles II, a group of twelve men, including Robert Boyle and Christopher Wren, met in London to set up a society to study the

mechanisms of nature. At a time when

superstition and magic governed reason,

The Masonic Tutor's Handbooks - Vol 2 Robinson

* What is the standard view of history is completely wrong? * What if science and writing developed from an advanced prehistoric civilisation in the British Isles? * What is written evidence in the Dead Sea Scrolls records megalithic history and provides the plans for a machine that could rebuild civilisation following a global catastrophe? * And what if Jesus and his brother James were

practitioners of megalithic astronomy? In *URIEL'S MACHINE* Knight & Lomas offer powerful new evidence that our planet was hit by seven mountain-sized lumps of comet, creating a series of giant waves that ripped across the globe. Putting together the latest findings of leading geologists with their own sensational new archaeological discoveries, they show how a civilisation emerged and was able to build an international network of sophisticated astronomical observatories which provided accurate calendars, could measure the diameter of the planet and accurately predict comet impact years in advance. The revelation that this is the true purpose of the great megalithic sites in Western Europe, built long before the Egyptian pyramids.

God's Blueprint Random House

How a quest to crack the mystery of the Megalithic Yard led to the discovery of compelling evidence pointing to the existence of a highly advanced culture predating the earliest known civilizations There must have been a "civilization one." Knight and Butler reveal the secrets of an extraordinary, integrated measuring system which might have been lost to the world for ever. It was a system, far more advanced than anything used today, which forms the basis of both the Imperial and Metric measure systems. These ancient scientists understood the dimensions, motions and relationships of the Earth, Moon and Sun—they measured the solar system and even understood how the speed of light was integrated into the movements of our planet. Their conclusions fly in the face of everything that we thought we knew about the

origins of the modern world—but the evidence is incontrovertible.

The Lost Symbol M Evans & Company

Robert Lomas is a real-life Dr. Robert Langdon! Co-author of *The Hiram Key*, the bestseller that Dan Brown notes as his inspiration for the Roslin Chapel—set climax of *The Da Vinci Code*, is a renowned freemasonry historian and truth-seeker. In *Turning the Templar Key*, Lomas reveals the origins of the Knights Templar and the historical context for Dan Brown's thrillers. Buy this book if you couldn't get enough of *The Lost Symbol* and want to discover more about the exciting and mysterious symbols, puzzles, codes, and characters that were derived from Lomas' research and writings. Lomas investigates the facts, challenges the conspiracy theorists, and guides you on an inspiring and complex quest to uncover the truth, explain the motives, and document—for the very first time—the genesis of the Templar Freemasonry.

Uriel's Machine Open Road + Grove/Atlantic

This page-turning study of the Giza pyramids, British henges, and the megalithic measuring system "could completely change the way we view our remote past...and origins" (Robert G. Bauval, author of *The Orion Mystery*) The suggestion that the Giza pyramids were laid out to represent the stars of Orion's belt, with the position of the River Nile reflecting the Milky Way, was first put forward by the renowned author Robert Bauval in his bestselling book *The Orion Mystery*. In *Before the Pyramids*, Christopher Knight and Alan Butler reveal that the British henges were arranged in the same formation—but much earlier. They also present irrefutable evidence that the astronomical calculations determining the layout of the pyramids could only have been made from the site of the henges in North

Yorkshire. From this they can conclude that the pyramids of the pharaohs were conceived and planned in Britain. Their next stunning discovery takes us to modern times. They have found evidence that the whole Megalithic measuring system has survived into the 20th century. There are examples in Washington, DC—even in the positioning and construction of the Pentagon, which was only commenced in 1942 and is an exact copy of the dimensions of Stonehenge, dating to 3,000 BC.

The Book of Hiram M. Evans

The Secret Science of Masonic Initiation Watkins Media Limited

Unravel the mysteries of the Masons All the myths and rumors about Masonic organizations probably have you wondering "what do Masons really do?" Questions like this one are a natural by-product of being the oldest and largest "secret society" in the world. This book is an ideal starting place to find answers to your questions about the secret and not-so-secret things about Freemasonry. Now in its third edition, this international best-seller peeks behind the door of your local Masonic lodge and explains the meanings behind the rituals, rites, and symbols of the organization. Along the way the book covers nearly 3,000 years of Masonic history, introduces you to some famous Freemasons you already know from history books, and explains the relationship with related groups like Knights Templar, Scottish Rite, Order of Eastern Star, and the beloved fez-wearing Shriners. Look inside the book to learn: What it takes to become a member of the Freemasons, and what you can expect when you join How Lodges are organized and what really goes on during Masonic ceremonies The basic beliefs and philosophies of Freemasonry, including how Masons contribute to charity, and society in general The origins behind some of the wild myths and conspiracy theories surrounding Freemasonry and how to debunk (most of) them Written by a 33rd degree Scottish Rite Mason and the Public Relations and Marketing Director for the Grand Lodge F&AM of Indiana, *Freemasons For Dummies* is a must-read guide for anyone interested in this ancient fraternal order, whether you're looking to join or are just curious about some of the more mysterious aspects of Freemasonry.

Freemasons For Dummies Random House Digital, Inc.

The Brill Handbook of Freemasonry is a pioneering work that brings together, for the first time, leading scholars on Freemasonry—the largest, oldest, and most influential secret society in the world.

American Indian Freemasonry Sterling Publishing Company

Robert Langdon, while at the U.S. Capital Building, finds an object encoded with five symbols, which is an ancient invitation to usher its recipient into a long-lost world of esoteric wisdom. When Langdon's beloved mentor, Peter Solomon, is kidnapped, he realizes his only hope of saving Peter is to accept this mystical invitation and follow wherever it leads him. Langdon is instantly plunged into a clandestine world of Masonic secrets, hidden history, and never-before-seen locations - all of which seem to be dragging him toward a single, inconceivable truth.

A Pilgrim's Path Fair Winds Press (MA)

This book is an essential exploration into the history of a legendary group of Crusaders, which are prominently featured in Dan Brown's recent best seller, *The Da Vinci Code*. The Knights Templar rose from humble beginnings to become the most powerful military religious order of the Middle Ages. Formed to protect pilgrims in the Holy Land, they participated in the Crusades and rapidly gained wealth, lands, and influence. Seemingly untouchable for nearly two centuries, they fell from grace spectacularly after the loss of the Holy Land. In the ensuing centuries the Templars have exerted a unique influence over European history; orthodox historians see them as nothing more than soldier-monks whose arrogance was their ultimate undoing, while others see them as occultists of the first order. With clarity and ease, Martin navigates between the orthodox and the speculative, the historical and the myth, to bring alive the story of the Templars. Like those other legends of the Middle Ages—the characters of the Arthurian tales—the Knights Templar holds captive the imagination of all those intrigued by conspiracy and how history and myth intertwine to become the stuff of legend.

The Book Of Hiram BRILL

Freemasonry has a deep purpose which can be overlooked in the rush of the modern world. Its ritual says it is a high and serious subject. But how can an individual discover the truths it outlines? Robert Lomas has spent thirty years as a university teacher, and twenty years studying Freemasonry. In this book he shares his personal insight into the Craft and outlines the steps a Mason must take to find self-knowledge. His words are illuminated by the unique symbolic drawings of two masters of Masonic Tracing board design. The purpose of Freemasonry is to help its members become Initiates in the science of Life. If you want to know yourself, then Freemasonry offers a path to that knowledge. It is a spiritual adventure, fit for the athletic and adventurous mind. *The Secret Science of Masonic Initiation*

reveals that path.

Morals and Dogma for the 21st Century

Watkins Media Limited

The real purpose of this research is the exploration of the Bible and its many African hidden secrets. The use of Tubal Cain in Masonic ritual is derived from the old legends of the craft by the operative and then speculative masons; it refers symbolically but historically to his scriptural and traditional reputation as an artificer. Tubal Cain is the 8th man from Adam. In the bible it mentions that Tubal-Cain was the first to manipulate metal. He is quoted as being the first instructor of brass and iron. This Pamphlet will break down and analyze the symbolism behind this sacred password.
