This is likewise one of the factors by obtaining the soft documents of this The Hiram Key Christopher Knight by online. You might not require more get older to spend to go to the ebook start as well as search for them. In some cases, you likewise accomplish not discover the revelation The Hiram Key Christopher Knight that you are looking for. It will definitely squander the time.

However below, in the same way as you visit this web page, it will be hence totally simple to get as competently as download lead The Hiram Key Christopher Knight

It will not believe many era as we accustom before. You can accomplish it even if decree something else at house and even in your workplace. in view of that easy! So, are you question? Just exercise just what we provide below as capably as evaluation The Hiram Key Christopher Knight what you considering to read!

## Solomon's Power Brokers M Evans & Company

Robert Lomas is a real-life Dr. Robert Langdon! Co-author of *The Hiram Key*, the bestseller that Dan Brown notes as his inspiration for the Roslin Chapel – set climax of *The Da Vinci Code*, is a renowned freemasonry historian and truth-seeker. In *Turning the Templar Key*, Lomas reveals the origins of the Knights Templar and the historical context for Dan Brown's thrillers. Buy this book if you couldn't get enough of *The Lost Symbol* and want to discover more about the exciting and mysterious symbols, puzzles, codes, and characters that were derived from Lomas' research and writings. Lomas investigates the facts, challenges the conspiracy theorists, and guides you on an inspiring and complex quest to uncover the truth, explain the motives, and document—for the very first time—the genesis of the Templar Freemasonry.

Handbook of Freemasonry Fair Winds Press

“A philosophical look at the history of our species which alternated between fascinating and frightening . . . like reading Dean Koontz or Stephen King.” —Rocky Mountain News *The Lucifer Principle* is a revolutionary work that explores the intricate relationships among genetics, human behavior, and culture to put forth the thesis that “evil” is a by-product of nature's strategies for creation and that it is woven into our most basic biological fabric. In a sweeping narrative that moves lucidly among sophisticated scientific disciplines and covers the entire span of the earth's—as well as mankind's—history,

Howard Bloom challenges some of our most popular scientific assumptions. Drawing on evidence from studies of the most primitive organisms to those on ants, apes, and humankind, the author makes a persuasive case that it is the group, or “superorganism,” rather than the lone individual that really matters in the evolutionary struggle. But biology is not destiny, and human culture is not always the buffer to our most primitive instincts we would like to think it is. In these complex threads of thought lies the Lucifer Principle, and only through understanding its mandates will we be able to avoid the nuclear crusades that await us in the twenty-first century. “A revolutionary vision of the relationship between psychology and history, *The Lucifer Principle* will have a profound impact on our concepts of human nature. It is astonishing that a book of such importance could be such a pleasure to read.” —Elizabeth F. Loftus, author of *Memory*

***The Second Messiah*** Random House

Is Freemasonry nothing more than a benign and charitable men's social club as the Order insists or does it have a deeper and perhaps darker purpose? Could these men be part of the “Illuminati” - a group of intellectuals with extremely grand plans for the development of civilization? And if so, what is the grand plan that these men were so determined to bring about, and why should there be such opposition to it? Christopher Knight and Alan Butler reveal that present-day freemasons are the spiritual descendents of an ancient priesthood that was forced to act in secrecy. In the early days of Christianity, their views offended and opposed those of the orthodox Church, and later in feudal Europe, both the State and the established Church considered them heretics and sworn enemies. Yet, they could not be silenced - or defeated - and members of this priesthood have continued to this day to work in subtle and sometimes subversive ways to achieve their aims, often occupying very elevated positions within Western society, and always maintaining complete anonymity to those outside their fellowship. The extraordinary story that unfolds in “*Solomon's Power Brokers*” reveals that the building of the modern world was no haphazard process. There was a grand plan - and it has

succeeded. The “New World Order” is already here.

New in Paperback! The Masonic secrets of our founding fathers. Turning the Solomon Key is an exhilarating quest to discover the Masonic influences which George Washington brought to bear on the layout of Washington D.C. In this second book of his Key trilogy, Robert Lomas has used Masonic rituals and Washington's own diaries to uncover the symbolic reasoning behind the positioning of the White House and the Capitol, and in the process he disposes of many anti-Masonic urban myths. This exciting, and authoritative, detective story then investigates the sources of creative behavior, to reveal a hitherto unsuspected Secret Science of Masonic Astrology which underpinned Washington's actions. The builders of Washington DC knew a great secret about the human condition. In *Turning the Solomon Key*, scientist and Masonic expert Robert Lomas explains exactly what it was. *Turning the Solomon Key*, at its heart, explains why high-achieving individuals share certain astrological characteristics, and why the Freemasons who founded our nation planned Washington, D.C., the way they did.

*A Pilgrim's Path* Sterling

Many people are curious about the existence of secret societies which claim to hold arcane religious or esoteric knowledge and pass it down through the generations via selected adepts. Classic Masonic writers including William Preston, Robert Gould, JSM Ward, AE Waite and WL Wilmshurst have written about secret traditions connected to the Temple of Sion. Each has different ideas about how mystical knowledge came into Freemasonry. Some say that the Charter of Larmenius reveals an underground line of Knight Templar Grand Masters who survived down to the nineteenth century. All agree there is a Secret Lodge or House of Adepts who continue to teach “true” knowledge of the ancient mysteries and that The Craft transmits beliefs linked to the Earls of Rosslyn, the Knights Templar, and Lodge Mother Kilwinning. Masonic expert Robert

Lomas has collected together this thread of belief from old Masonic writers and rewritten it in modern English to make the ideas accessible to modern readers.

It's a masterpiece...if you're interested in American Masonry and its impact on our country, this book is for you.—Brent Morris, *The Scottish Rite Journal*

Turning the Solomon Key Lulu.com

This page-turning study of the Giza pyramids, British henges, and the megalithic measuring system “could completely change the way we view our remote past...and origins” (Robert G. Bauval, author of *The Orion Mystery*) The suggestion that the Giza pyramids were laid out to represent the stars of Orion’s belt, with the position of the River Nile reflecting the Milky Way, was first put forward by the renowned author Robert Bauval in his bestselling book *The Orion Mystery*. In *Before the Pyramids*, Christopher Knight and Alan Butler reveal that the British henges were arranged in the same formation—but much earlier. They also present irrefutable evidence that the astronomical calculations determining the layout of the pyramids could only have been made from the site of the henges in North Yorkshire. From this they can conclude that the pyramids of the pharaohs were conceived and planned in Britain. Their next stunning discovery takes us to modern times. They have found evidence that the whole Megalithic measuring system has survived into the 20th century. There are examples in Washington, DC—even in the positioning and construction of the Pentagon, which was only commenced in 1942 and is an exact copy of the dimensions of Stonehenge, dating to 3,000 BC.

The Second Messiah Fair Winds Press (MA)

In 1871, Albert Pike created *Morals and Dogma of the Ancient and Accepted Scottish Rite* as a guide to the 32 degrees of Scottish Rite Freemasonry. It was his intention that becoming a Scottish Rite Mason require years of study to understand the allegories, the underlying moral lessons, and their applications. Pike's

scholarly but practical instruction serves as a guide for every Mason working to be the best husband, father, brother, friend, and citizen that he can be. In 2007, a complete and comprehensive review was initiated to provide insight into Albert Pike's original work. This new book is the only edition that is not abridged, a digest, or an editorial commentary of the original book. The entire original book was translated into modern English from the difficult sentence structure and language prevalent in 19th century literature. *Morals and Dogma for the 21st Century* brings these important lessons back within the grasp of the modern Mason.

*Morals and Dogma for the 21st Century* M. Evans

This is the extraordinary story of Knight and Lomas's fourteen year quest to uncover the secret teachings buried beneath Roslin Chapel near Edinburgh. Their quest ends with extraordinary revelations about early human history - the origins of Christianity, of Freemasonry and of science. They show that all were charged with a belief in a secret cosmic code, linking, for example, the Exodus from Egypt, the founding of Solomon's Temple and the Star of Bethlehem. This book reveals for the first time why there were such high expectations of a Messiah at the time of the birth of Jesus Christ. The Book of Hiram will change everything you thought you knew about both the Bible and Freemasonry.

The Hiram Key Revisited Random House Digital, Inc.

Can the ancestry of freemasonry really be traced back to the Knights Templar? Is the image of the eye in a triangle on the back of the dollar bill one of its cryptic signs? Is there a conspiracy that stretches through centuries and generations to align this shadow organization and its secret rituals to

world governments and religions? Myths persist and abound about the freemasons, Margaret C. Jacob notes. But what are their origins? How has an early modern organization of bricklayers and stonemasons aroused so much public interest? In *The Origins of Freemasonry*, Jacob throws back the veil from a secret society that turns out not to have been very secret at all. What factors contributed to the extraordinarily rapid spread of freemasonry over the course of the eighteenth century, and why were so many of the era's most influential figures drawn to it? Using material from the archives of leading masonic libraries in Europe, Jacob examines masonic almanacs and pocket diaries to get closer to what living as a freemason might have meant on a daily basis. She explores the persistent connections between masons and nascent democratic movements, as each lodge set up a polity where an individual's standing was meant to be based on merit, rather than on birth or wealth, and she demonstrates, beyond any doubt, how active a role women played in the masonic movement.

Freemasons For Dummies Dahlin & Assoc Pub

Was Jesus a Freemason? The discovery of evidence of the most secret rites of Freemasonry in an ancient Egyptian tomb led authors Chris Knight and Bob Lomas into an extraordinary investigation of 4,000 years of history. This astonishing bestseller raises questions that have challenged some of Western civilisation's most cherished beliefs: Were scrolls bearing the secret teachings of Jesus buried beneath Herod's Temple shortly before the destruction of Jerusalem by the Roman's? Did the Knights Templar, the forerunners of modern Freemasonry, excavate these scrolls in the twelfth century? And were these scrolls subsequently buried underneath a reconstruction of Herod's Temple, Rosslyn Chapel in Scotland - where they are now awaiting excavation? The authors' discoveries shed a new light on Masonic ceremony and overturn our understanding of history.

Who Built the Moon? Good Press

In 1660, within a few months of the restoration of Charles II, a group of twelve men, including Robert Boyle and Christopher Wren, met in London to set up a society to study the mechanisms of nature. At a time when superstition and magic governed reason, *The Secret Science of Masonic Initiation* Open Road + Grove/Atlantic  
For almost seven and a half centuries, a piece of cloth was venerated because it

bore the image of the crucified Christ. However, but results of carbon dating have shown that the fabric could not have predated 1260. Now new evidence conclusively proves that it is not a face...yet neither is it the image of Jesus Christ. In the follow-up to their groundbreaking first book, *The Hiram Key*, Christopher Knight and Robert Lomas continue their research into the mysteries of Freemasonry and the true historical Jesus, and uncover the precise time and place of the shroud's creation. The answer to the great mystery of the Shroud of Turin will surprise and astonish as the authors unlock the secrets of abandoned Freemason rituals and the man who would be called the Second Messiah.

**The Knights Templar** Watkins Media Limited

The authors of *Civilization One* return, bringing new evidence about the Moon that will shake up our world. Christopher Knight and Alan Butler realized that the ancient system of geometry they presented in their earlier, breakthrough study works as perfectly for the Moon as it does the Earth. On further investigation, they found a consistent sequence of beautiful integer numbers when looking at every major aspect of the Moon--no such pattern emerges for any other planet or moon in the solar system. In addition, Knight and Butler discovered that the Moon possesses few or no heavy metals and has no core—something that should not be possible. Their persuasive conclusion: if higher life only developed on Earth because the Moon is exactly what it is and where it is, it becomes unreasonable to cling to the idea that the Moon is a natural object. The only question that remains is, who built it?
