The authors of Civilization One return, bringing new evidence about the Moon that will shake up our world. Christopher Knight and Alan Butler realized that the ancient system of geometry they presented in their earlier, breakthrough study works as perfectly for the Moon as it does the Earth. On further investigation, they found a consistent sequence of beautiful integer numbers when looking at every major aspect of the Moon--no such pattern emerges for any other planet or moon in the solar system. In addition, Knight and Butler discovered that the Moon possesses few or no heavy metals and has no core—something that should not be possible. Their persuasive conclusion: if higher life only developed on Earth because the Moon is exactly what it is and where it is, it becomes unreasonable to cling to the idea that the Moon is a natural

object. The only question that remains is, who built it?

THE MOST COMPREHENSIVE AND COMPELLING BOOK EVER WRITTEN ABOUT THE SECRET SOCIETY THAT SHAPED THE MODERN WORLD.

Freemasonry, with its arcane rituals, occult symbols, and labyrinthine hierarchy, has mystified the outside world for centuries. But it has become apparent that even the

most senior Freemasons do not understand its ancient origins or purpose. So what is this powerful and arcane organization really for? In this eye-opening account, two seasoned researchers show that today's Freemasons are the spiritual descendants of an ancient priesthood that was forced to act in secrecy. They predicted the birth of the coming Messiah, and Jesus Christ was part of their mission. Soon after the Crucifixion they were nearly wiped out by a program of mass genocide conducted by the Romans; later, in feudal Europe, they grew to a position of unparalleled power before being branded as heretics and forced underground. But they could not be stopped, and they continued to work in subtle, sometimes subversive, always anonymous, ways to pursue their objective—a new world order that put God above, and yet out of, human affairs.

Civilization One: The World is Not as You Thought it Was Coronet

Is Freemasonry nothing more than a benign and charitable men's social club as the Order insists or does it have a deeper and perhaps darker purpose? Could these men be part of the "Illuminati" - a group of intellectuals with extremely grand plans for the development of civilization? And if so, what is the grand plan that these men were so determined to bring about, and why should there be such opposition to it? Christopher Knight and Alan Butler reveal that present-day freemasons are the spiritual descendents of an ancient priesthood that was forced to act in secrecy. In the early days of Christianity, their views offended and opposed those of the orthodox Church, and later in feudal Europe, both the State and the established Church considered them heretics and sworn enemies. Yet, they could not be silenced - or defeated - and members of this priesthood have continued to this day to work in subtle and sometimes subversive ways to achieve their aims, often occupying very elevated positions within Western society, and always

maintaining complete anonymity to those outside their fellowship. The extraordinary story that unfolds in "Solomon's Power Brokers" reveals that the building of the modern world was no haphazard process. There was a grand plan - and it has succeeded. The "New World Order" is already here.

Was Jesus a Freemason? The discovery of evidence of the most secret rites of Freemasonry in an ancient Egyptian tomb led authors Chris Knight and Bob Lomas into an extraordinary investigation of 4,000 years of history. This astonishing bestseller raises questions that have challenged some of Western civilisation's most cherished beliefs: Were scrolls bearing the secret teachings of Jesus buried beneath Herod's Temple shortly before the destruction of Jerusalem by the Roman's? Did the Knights Templar, the forerunners of modern

Freemasonry, excavate these scrolls in the twelfth century? And were these scrolls subsequently buried underneath a reconstruction of Herod's Temple, Rosslyn Chapel in Scotland - where they are now awaiting excavation? The authors' discoveries shed a new light on Masonic ceremony and overturn our understanding of history.

preserves the ancient spiritual doctrines forgotten by modern Freemasonry. Sebottendorff explains how the mysterious abbreviated letters found in the Qur'an represent formulas for perfecting the spirit of the individual. When combined with Masonic hand signs and grips and conducted accordingly to a precise schedule, these formulas incorporate spiritual power into the body and transform the soul from its base state into a noble, godlike state: the Magnum Opus of the medieval alchemists. Laying out the complete program of spiritual exercises, Sebottendorff explains each abbreviated word-formula in the Qur'an, the hand gestures that go with them, and the exact order and duration for each exercise. Including a detailed biography of Sebottendorff and an examination of alchemy's Islamic heritage, this book shows how the traditions of Oriental Freemasonry can ennoble the self and lead to higher knowledge.

The Lost Key - The Supranatural Secrets of the Freemasons contains revelations that only an initiate of the highest orders of esoteric Freemasonry is in a position to make. Here is the truth behind the hints in Dan Brown's The Lost Symbol that Freemasonry is concerned to reawaken the hidden potentialities and powers of the human mind. The thrilling narrative of this new book follows a candidate for initiation as he rises through the different grades of initiation, taking part in ceremonies that are sometimes terrifying but always revealing of new knowledge and presenting new mysteries which will only be solved when the next stage of

initiation has been achieved. Dramatic episodes include the re-enacting of an ancient murder from 3,000 years ago in full gory detail, lowering the candidate on the end of a rope into a dark vault under the floor of the temple, holding a dagger to the candidate's naked breast, and making the candidate attend his own funeral. In the secret teachings revealed to some high-level initiates, there is a type of instruction which seems curiously similar to religious and mystical teachings.

Astrology, angels, chakras and the powers of the mind to operate independently of the body, such as in remote viewing, are all a part of Freemasonic lore. Here Lomas, co-author of the international bestseller The Hiram Key, reveals to a wider public and also explains these secret teachings for the first time. He shows that while they are dismissed as superstitious by campaigners for atheism such as Richard Dawkins, they are very much part of the strange, paradoxical world opened up by the latest thinking in quantum physics. This is why he prefers to call them 'Supranatural'.

The Secrets of Freemasonry Robinson
FROM THE TEMPLE OF SOLOMON TO
THAT OF THE FREEMASONS: Three
thousand years ago, in Jerusalem, a brutal murder took place. Nevertheless, the chain of events it set in motion is still felt to this day. On the distant end of that spectrum is Hiram. He was the Phoenician builder of Solomon's Temple, and whose death is central to the Masonic Third Degree. But who killed him, and why? And what was truly lost after his murder? On the other end is George: A young Mason in present-day Cyprus, struggling to unravel the origins of the institution he just joined. Was modern Freemasonry really created by English medieval stonemasons? And what do all its secret handshakes and passwords still protect?

In the centuries separating them, were the Knights Templar. History tells us they got disbanded after their arrests in 1307. But were they? Or did some Templars survive and kept on secretly protecting an ancient holy relic their Order had discovered two hundred years earlier?

This page-turning study of the Giza pyramids, British henges, and the megalithic measuring system “ could completely change the way we view our remote past...and origins ” (Robert G. Bauval, author of *The Orion Mystery*) The suggestion that the Giza pyramids were laid out to represent the stars of Orion ’ s belt, with the position of the River Nile reflecting the Milky Way, was first put forward by the renowned author Robert Bauval in his bestselling book *The Orion Mystery*. In *Before the Pyramids*, Christopher Knight and Alan Butler reveal that the British henges were arranged in the same formation—but much earlier. They also present irrefutable evidence that the astronomical calculations determining the layout of the pyramids could only have been made from the site of the henges in North Yorkshire. From this they can conclude that the pyramids of the pharaohs were conceived and planned in Britain. Their next stunning discovery takes us to modern times. They have found evidence that the whole Megalithic measuring system has survived into the 20th century. There are examples in Washington, DC—even in the positioning and construction of the Pentagon, which was only commenced in 1942 and is an exact copy of the dimensions of Stonehenge, dating to 3,000 BC.
