Freemasonry has a deep purpose which can be overlooked in the rush of the modern world. Its ritual says it is a high and serious subject. But how can an individual discover the truths it outlines? Robert Lomas has spent thirty years as a university teacher, and twenty years studying Freemasonry. In this book he shares

his personal insight into the Craft and outlines the steps a Mason must take to find self-knowledge. His words are illuminated by the unique symbolic drawings of two masters of Masonic Tracing board design. The purpose of Freemasonry is to help its members become Initiates in the science of Life. If you want to know yourself, then Freemasonry offers a path to that knowledge. It is a spiritual adventure, fit for the athletic and adventurous mind. The Secret Science of Masonic Initiation reveals that path.

“ A philosophical look at the history of our species which alternated between fascinating and frightening . . . like reading Dean Koontz or Stephen King. ” —Rocky Mountain News The

Lucifer Principle is a revolutionary work that explores the intricate relationships among genetics, human behavior, and culture to put forth the thesis that “ evil ” is a by-product of nature ’ s strategies for creation and that it is woven into our most basic biological fabric. In a sweeping narrative that moves lucidly among sophisticated scientific disciplines and covers the entire span of the earth ’ s—as well as mankind ’ s—history, Howard Bloom challenges some of our most popular scientific assumptions. Drawing on evidence from studies of the most primitive organisms to those on ants, apes, and humankind, the author makes a persuasive case that it is the group, or “ superorganism, ” rather than the lone individual that really matters in the evolutionary struggle. But biology is not destiny, and human culture is not always the buffer to our most primitive instincts we would like to think it is. In these complex threads of thought lies the Lucifer Principle, and only through understanding its

---

mandates will we able to avoid the nuclear crusades that await us in the twenty-first century. " A revolutionary vision of the relationship between psychology and history, The Lucifer Principle will have a profound impact on our concepts of human nature. It is astonishing that a book of such importance could be such a pleasure to read. " —Elizabeth F. Loftus, author of *Memory*  
Turning the Solomon Key Watkins Media Limited

Robert Langdon, while at the U.S. Capital Building, finds an object encoded with five symbols, which is an ancient invitation to usher its recipient into a long-lost world of esoteric wisdom. When Langdon's beloved mentor, Peter Solomon, is kidnapped, he realizes his only hope of saving Peter is to accept this mystical invitation and follow wherever it leads him. Langdon is instantly plunged into a clandestine world of Masonic secrets, hidden history, and never-before-seen locations - all of which seem to be dragging him toward a single, inconceivable truth.

*Handbook of Freemasonry* Coronet

The real purpose of this research is the exploration of the Bible and its many African hidden secrets. The use of Tubal Cain in Masonic ritual is derived from the old legends of the craft by the operative and then speculative masons; it refers symbolically but historically to his scriptural and traditional

reputation as an artificer. Tubal Cain is the 8th man from Adam. In the bible it mentions that Tubal-Cain was the first to manipulate metal. He is quoted as being the first instructor of brass and iron. This Pamphlet will break down and analyze the symbolism behind this sacred password.

*The Knights Templar* Watkins Media Limited

Was Jesus a Freemason? The discovery of evidence of the most secret rites of Freemasonry in an ancient Egyptian tomb led authors Chris Knight and Bob Lomas into an extraordinary investigation of 4,000 years of history. This astonishing bestseller raises questions that have challenged some of Western civilization's most cherished beliefs: Were scrolls bearing the secret teachings of Jesus buried beneath Herod's Temple shortly before the destruction of Jerusalem by the Romans? Did the Knights

Templar, the forerunners of modern Freemasonry, excavate these scrolls in the twelfth century? And were these scrolls subsequently buried underneath a reconstruction of Herod's Temple, Rosslyn Chapel in Scotland - where they are now awaiting excavation? The authors' discoveries shed a new light on Masonic ceremony and overturn our understanding of history.

Freemasons Christopher Knight and Robert Lomas have discovered much more. The Book of Hiram brings their mission to an amazing close, as it painstakingly rebuilds the long-forgotten story contained in the scattered rites and ceremonies of Freemasonry and puts forth explosive evidence drawn from the latest archeological discoveries, the Bible, and early versions of Masonic rituals. What it reveals is "The Masonic Testament," a parallel narrative to the Bible, with events that go unmentioned or unnoticed in those sacred pages—including a secret science of astronomy that they find encoded in the Bible. The study concludes with the startling revelation: that a lost science that changed the world before, could change it once again.

City of the Goddess is the ultimate deconstruction of the design of Washington, D.C., its direct connection to Freemasonry, and its veneration and embodiment of the Great Goddess and the feminine principle. Uncover the secret roots of America, from the deliberate orientation of the capital's landscape to align with the constellation of Virgo to the beliefs and intentions of the "Star Families"—a truly ancient institution. Learn how one of the most powerful secret societies in the world planned the world's most powerful city.  
*The Masonic Tutor's Handbooks - Vol 2* Fair Winds Press (MA)  
This book is an essential exploration into the history of a legendary group of Crusaders, which are

prominently featured in Dan Brown's recent best seller, *The Da Vinci Code*. The Knights Templar rose from humble beginnings to become the most powerful military religious order of the Middle Ages. Formed to protect pilgrims in the Holy Land, they participated in the Crusades and rapidly gained wealth, lands, and influence. Seemingly untouchable for nearly two centuries, they fell from grace spectacularly after the loss of the Holy Land. In the ensuing centuries the Templars have exerted a unique influence over European history; orthodox historians see them as nothing more than soldier-monks whose arrogance was their ultimate undoing, while others see them as occultists of the first order. With clarity and ease, Martin navigates between the

---

orthodox and the speculative, the historical and the myth, to bring alive the story of the Templars. Like those other legends of the Middle Ages—the characters of the Arthurian tales—The Knights Templar holds captive the imagination of all those intrigued by conspiracy and how history and myth intertwine to become the stuff of legend.

From the co-author of the international bestseller *Who Built the Moon?* comes this well-researched scientific study of the possibility of a divine creator - or God. This book puts the idea of God on trial. Whilst the case has been hotly disputed over recent generations with scientists on one side and theologians on the other,

evidence either way has been thin on the ground. Faith - belief without evidence - has been the basis for the world's major religions. Most scientists reject the notion of God because they require factual, empirical evidence in order to accept any proposition as being real. However, new information has become available, which appears to provide hard-nosed evidence of God's existence. Can faith be replaced by understanding, and can scientists formally embrace, once again, the concept of a supreme being as they did in Isaac Newton's day? Nothing less than God's 'blueprint' appears to have been discovered - found by chance by the author while researching the science of the Neolithic (late Stone Age) people of western Europe. The case will be

tried taking the evidence step-by-step. You, the reader, are the jury. You must evaluate the evidence as the proceedings develop and, to aid you, there will be a brief summing up at the end of each section. At the close of the book you are asked to make a judgment as to whether the case is proven or not. Does God exist?

There is now no published theory to explain the enigma of the Turin Shroud that fits the known evidence. Many people want the shroud to be proof of Christ's mission, but Knight and Lomas prove that it is not. The truth behind the shroud is an epic story of pride, greed, powerlust and suffering. It had been prophesised that the Messiah would return shortly after 1230AD. Jacques de

---

Molay was born in 1244, became a Templar in 1265 and Grand Master in 1297; the Templars regarded themselves as the guardians of the secret teachings of Jesus. In 1307 Molay was arrested at the instigation of the Pope, who was alarmed at the spread of this influence - and was crucified. Using the latest scientific techniques, the authors prove that the shroud Molay was wrapped in is the one now known as the Turin Shroud.

Morals and Dogma for the 21st Century Sterling Publishing Company

The authors of *Civilization One* return, bringing new evidence about the Moon that will shake up our world. Christopher Knight and Alan Butler realized that the ancient system of geometry they presented in their earlier, breakthrough study works as perfectly for the Moon as it does the Earth. On further investigation, they found a

consistent sequence of beautiful integer numbers when looking at every major aspect of the Moon--no such pattern emerges for any other planet or moon in the solar system. In addition, Knight and Butler discovered that the Moon possesses few or no heavy metals and has no core--something that should not be possible. Their persuasive conclusion: if higher life only developed on Earth because the Moon is exactly what it is and where it is, it becomes unreasonable to cling to the idea that the Moon is a natural object. The only question that remains is, who built it?

Many people are curious about the existence of secret societies which claim to hold arcane religious or esoteric knowledge and pass it down through the generations via selected adepts. Classic Masonic writers including William Preston, Robert Gould, JSM Ward, AE Waite and WL Wilmshurst have written about secret traditions connected to the Temple of Sion. Each has different ideas about how mystical knowledge came into Freemasonry. Some say that the Charter of Larmenius reveals an underground line of Knight Templar Grand Masters who survived down to the nineteenth century. All

**The Hiram Key** Good Press  
New in Paperback! The Masonic secrets of our founding fathers. Turning the Solomon Key is an exhilarating quest to discover the Masonic influences which George Washington brought to bear on the layout of Washington D.C. In this second book of his Key trilogy, Robert Lomas has used Masonic rituals and Washington's own diaries to uncover the symbolic reasoning behind the positioning of the White House and the Capitol, and in the process he disposes of many anti-Masonic urban myths. This exciting, and authoritative, detective story then investigates the sources of creative behavior, to reveal a hitherto unsuspected Secret Science of Masonic Astrology which underpinned Washington's actions. The builders of Washington DC knew a great

---

secret about the human condition. In *Turning the Solomon Key*, scientist and Masonic expert Robert Lomas explains exactly what it was. *Turning the Solomon Key*, at its heart, explains why high-achieving individuals share certain astrological characteristics, and why the Freemasons who founded our nation planned Washington, D.C., the way they did. The lost symbol Robinson The Brill Handbook of Freemasonry is a pioneering work that brings together, for the first time, leading scholars on Freemasonry—the largest, oldest, and most influential secret society in the world.

The Meaning of Masonry Watkins Media Limited

Robert Lomas is the bestselling co-author of *The Hiram Key* and other international bestsellers on Freemasonic mysteries. Many say he is the model for Dan Brown's hero, Robert Langdon. *The Lost Key*

contains revelations that only an initiate of the highest orders of esoteric Freemasonry is in a position to make. Here is the truth behind the hints in Dan Brown's *The Lost Symbol* that Freemasonry is concerned to reawaken the hidden potentialities and powers of the human mind. The thrilling narrative of this new book follows a candidate for initiation as he rises through the different grades of initiation, taking part in ceremonies that are sometimes terrifying but always revealing of new knowledge and presenting new mysteries which will only be solved when the next stage of initiation has been achieved. Dramatic episodes include the re-enacting of an ancient murder from 3,000 years ago in full gory detail, lowering the candidate on the end of a rope into a dark vault under the floor of the temple, holding a dagger to the candidates naked breast, and making the candidate attend his own funeral. In the secret teachings revealed to some high-level initiates, there is a type of instruction which seems curiously similar to religious and

mystical teachings. Astrology, angels, chakras and the powers of the mind to operate independently of the body, such as in remote viewing, are all a part of Freemasonic lore. Robert Lomas is both a physicist - he teaches physics at Bradford University - and a Freemason. Here he reveals to a wider public and also explains these secret teachings for the first time. He shows that while they are dismissed as superstitious by campaigners for atheism such as Richard Dawkins, they are very much part of the strange, paradoxical world opened up by the latest thinking in quantum physics. This is why he prefers to call them 'Supranatural'.

Turning the Hiram Key M Evans & Company

This page-turning study of the Giza pyramids, British henges, and the megalithic measuring system "could completely change the way we view our remote past...and origins" (Robert G. Bauval, author of *The Orion Mystery*) The suggestion that the Giza pyramids were laid out

---

to represent the stars of Orion's belt, with the position of the River Nile reflecting the Milky Way, was first put forward by the renowned author Robert Bauval in his bestselling book *The Orion Mystery*. In *Before the Pyramids*, Christopher Knight and Alan Butler reveal that the British henges were arranged in the same formation—but much earlier. They also present irrefutable evidence that the astronomical calculations determining the layout of the pyramids could only have been made from the site of the henges in North Yorkshire. From this they can conclude that the pyramids of the pharaohs were conceived and planned in Britain. Their next stunning discovery takes us to modern times. They have found evidence that the whole Megalithic measuring system has survived into the 20th century. There are examples in Washington, DC—even in the positioning and

construction of the Pentagon, which was only commenced in 1942 and is an exact copy of the dimensions of Stonehenge, dating to 3,000 BC.
