THE MOST COMPREHENSIVE AND COMPELLING BOOK EVER WRITTEN ABOUT THE SECRET SOCIETY THAT SHAPED THE MODERN WORLD. Freemasonry, with its arcane rituals, occult symbols, and labyrinthine hierarchy, has mystified the outside world for centuries. But it has become apparent that even the most senior Freemasons do not understand its ancient origins or purpose. So what is this powerful and arcane organization really for? In this eye-opening account, two seasoned researchers show that today's Freemasons are the spiritual descendants of an ancient priesthood that was forced to act in secrecy. They predicted the birth of the coming Messiah, and Jesus Christ was part of their mission. Soon after the Crucifixion they were nearly wiped out by a program of mass genocide conducted by the Romans; later, in feudal Europe, they grew to a position of unparalleled power before being branded as heretics and forced underground. But they could not be stopped, and they continued to work in subtle, sometimes subversive, always anonymous, ways to pursue their objective—a new world order that put God above, and yet out of, human affairs.

The Lost Key - The Supranatural Secrets of the Freemasons contains revelations that only an initiate of the highest orders of esoteric Freemasonry is in a position to make. Here is the truth behind the hints in Dan Brown's The Lost Symbol that Freemasonry is concerned to reawaken the hidden potentialities and powers of the human mind. The thrilling narrative of this new book follows a candidate for initiation as he rises through the different grades of initiation, taking part in ceremonies that are sometimes terrifying but always revealing of new knowledge and presenting new mysteries which will only be solved when the next stage of initiation has been achieved. Dramatic episodes include the re-enacting of an ancient murder from 3,000 years ago in full gory detail, lowering the candidate on the end of a rope into a dark vault under the floor of the temple, holding a dagger to the candidates naked breast, and making the candidate attend his own funeral. In the secret teachings revealed to some high-level initiates, there is a type of instruction which seems curiously similar to religious and mystical teachings. Astrology, angels, chakras and the powers of the mind to operate independently of the body, such as in remote viewing, are all a part of Freemasonic lore. Here Lomas, co-author of the international bestseller The Hiram Key, reveals to a wider public

and also explains these secret teachings for the first time. He shows that while they are dismissed as superstitious by campaigners for atheism such as Richard Dawkins, they are very much part of the strange, paradoxical world opened up by the latest thinking in quantum physics. This is why he prefers to call them 'Supranatural'.

Who Built the Moon? Fair Winds Press

Was Jesus a Freemason? The discovery of evidence of the most secret rites of Freemasonry in an ancient Egyptian tomb led authors Chris Knight and Bob Lomas into an extraordinary investigation of 4,000 years of history. This astonishing bestseller raises questions that have challenged some of Western civilisation's most cherished beliefs: Were scrolls bearing the secret teachings of Jesus buried beneath Herod's Temple shortly before the destruction of Jerusalem by the Romans? Did the Knights Templar, the forerunners of modern Freemasonry, excavate these scrolls in the twelfth century? And were these scrolls subsequently buried underneath a reconstruction of Herod's Temple, Rosslyn Chapel in Scotland - where they are now awaiting excavation? The authors' discoveries shed a new light on Masonic ceremony and overturn our understanding of history.

Freemasonry has a deep purpose which can be overlooked in the rush of the modern world. Its ritual says it is a high and serious subject. But how can an individual discover the truths it outlines? Robert Lomas has spent thirty years as a university teacher, and twenty years studying Freemasonry. In this book he shares his personal insight into the Craft and outlines the steps a Mason must take to find self-knowledge. His words are illuminated by the unique symbolic drawings of two masters of Masonic Tracing board design. The purpose of Freemasonry is to help its members become Initiates in the science of Life. If you want to know yourself, then Freemasonry offers a path to that knowledge. It is a spiritual adventure, fit for the athletic and adventurous mind. The Secret Science of Masonic Initiation reveals that path.

Add one part heresy, one part detective story, and one part archaeology, and you get The Book of Hiram. Christopher Knight and Robert Lomas have concluded their 14 year quest for the historical Jesus, the roots of Christianity, and the origins of the Freemasons with this explosive new book. In The Hiram Key, The Second Messiah, and Uriel's Machine, Robert Lomas and Christopher Knight set out to discover the mysterious origins of the Freemasons. What resulted was a fascinating mixture of archeological surprises, pre-historic science, conspiracies, and heretical Christology. Among their discoveries were: * Freemasonry is in the possession of ancient esoteric secrets that go back to the time of King Solomon. * Jesus was in possession of that knowledge. * The Knights Templar rediscovered those secrets in their excavations of the Temple in Jerusalem during the Crusades. * The ancient scrolls taken from Jerusalem by the Knights Templar are most likely buried on the premises of Rosslyn Castle. * There were two universal

floods (one of them described in Genesis). Pre-historic man developed a technology to predict those floods (e.g. Stonehenge). The Book of Hiram both recapitulates their fin

Breaking the Godspell Duncan Baird Publishers

"This remarkable exploration of intriguing people and events in Freemasonry sheds new light on how this brotherhood's practices, symbols and rituals took shape. An extraordinary wealth of documents is found in this pursuit, including parchment manuscripts dating to the 1300s. The roots of Freemasonry are traced to the building of Solomon's Temple, the rise of Christianity, and the Crusades in Europe. Masonry's controversial relationship with the Knights Templar and Vatican also takes on new and significant meaning. The emergence of this secretive society in Britain had a strong influence on George Washington, Benjamin Franklin and other Masons who helped create a new country in America. All those struggles are seen through the experiences of people who lived through these events--often told in their own words and drawn from remarkable collections of records dating from those times. They reveal Freemasonry to be well-grounded in recognizable events, and show how its members influenced the world around them. Those influences are still felt in our lives today. Forty-five illustrations help bring to life this memorable journey of discovery."--Publisher description.

This is Virgil's latest publication THE ARMSTRONG REPORT -- ET's & UFO's -- THEY NEED US, WE DON'T NEED THEM. They left us here years ago, thinking we would die on a planet that they polluted, destined for destruction. They advanced technologically to extremes that we cannot imagine at this time. Now they are back because the planet and this solar system is about to make a change in consciousness to a higher dimensional level. While they advanced technologically, we advanced spiritually. Ant spirituality is what they lack. By experimenting with us they are trying to regain that which they have lost, their humanness and spirituality therefore they need us, we don't need them.

Turning the Hiram Key HarperThorsons

From the co-author of the international bestseller Who Built the Moon? comes this well-researched scientific study of the possibility of a divine creator -- or God This book puts the idea of God on trial. Whilst the case has been hotly disputed over recent generations with scientists on one side and theologians on the other, evidence either way has been thin on the ground. Faith - belief without evidence - has been the basis for the world's major religions. Most scientists reject the notion of God because they require factual, empirical evidence in order to accept any proposition as being real. However, new information has become available, which appears to provide hard-nosed evidence of God's existence. Can faith be replaced by understanding, and can scientists formally embrace, once again, the concept of a supreme being as they did in Isaac Newton's day? Nothing less than God's 'blueprint' appears to have been discovered - found by chance by the author while researching the science of the Neolithic (late Stone Age) people of western Europe. The case will be tried taking the evidence step-by-step. You, the reader, are the jury. You must evaluate the evidence as the proceedings develop and, to aid you, there will be a brief summing up at the end of each section. At the close of the book you are asked to make a judgment as to whether the case is proven or not. Does God exist?

The use of Tubal Cain in Masonic ritual is derived from the old legends of the craft by the operative and then speculative masons; it refers symbolically but historically to his scriptural and traditional reputation as an artificer. Tubal Cain is the 8th man from Adam. In the bible it mentions that Tubal-Cain was the first to manipulate metal. He is quoted as being the first instructor of brass and iron. This Pamphlet will break down and analyze the symbolism behind this sacred password.

Manual of Freemasonry Simon and Schuster

...one of the biggest breakthroughs of all times... this is the definitive proof that civilisation is thousands of years older than historians believe' -Colin Wilson 'A breakthrough book. The last four thousand years are never going to be the same again' - Graham Hancock This is the amazing story of how a quest to try to crack the mystery of the Megalithic Yard - an ancient unit of linear measurement - led to the discovery of compelling evidence pointing to the existence of an unknown, highly advanced culture which was the precursor to the earliest known civilizations such as the Sumerians and the Egyptians. There must have been a Civilization One. Knight and Butler reveal the secrets of an extraordinary integrated measuring system which might have been lost to the world for ever. It was a system, far more advanced than anything used today, which forms the basis of both the Imperial and Metric measure systems! These ancient scientists understood the dimensions, motions and relationships of the Earth, Moon and Sun - they measured the solar system and even understood how the speed of light was integrated into the movements of our planet. Their conclusions fly in the face of everything that we thought we knew about the origins of the modern world - but the evidence is incontrovertible. And the implications of these revelations go far beyond the fascination of the discovery of a 'super-science' of prehistory; they indicate a grand plan which will have far reaching theological ramifications!

The widely accepted story of the founding of America is that The Mayflower delivered the first settlers from Plymouth to the New World in 1620. Yet in reality, the Jamestown settlers had already become the first English-speaking outpost thirteen years earlier in 1607. *The Secret Founding of America* introduces these two groups of founders - the Planting Fathers, who established the earliest settlements along essentially Christian lines, and the Founding Fathers, who unified the colonies with the Declaration of Independence and the Constitution - and it argues that the new nation, conceived in liberty, was the Freemasons' first step towards a new world order. Drawing on original findings and an in-depth understanding of the political and philosophical realities of the time, historian Nicholas Hagger charts the connections between Gosnold and Smith, Templars and Jacobites, and secret societies and libertarian ideals. He also explains how the influence of German Illuminati worked on the constructors of the new republic, and shows the hand of Freemasonry at work at every turning point in America's history, from Civil War to today's global struggles for democracy.

For almost seven and a half centuries, a piece of cloth was venerated because it bore the image of the crucified Christ. However, but results of carbon dating have shown that the fabric could not have predated 1260. Now new evidence conclusively proves that it is not a face...yet neither is it the image of Jesus Christ. In the follow-up to their groundbreaking first book, *The Hiram Key*, Christopher Knight and Robert Lomas continue their research into the mysteries of Freemasonry and the true historical Jesus, and uncover the precise time and place of the shroud's creation. The answer to the great mystery of the Shroud of Turin will surprise and astonish as the authors unlock the secrets of abandoned Freemason rituals and the man who would be called the Second Messiah.
