The Secret History of the Jersey Devil Cambridge University Press
Looks at the concept of the devil

from the Reformation to the present, discusses the witch craze, and considers the representation of the devil in literature, art, and music

Hideous Absinthe The History of the Devil and the Idea of Evil
The History of the Devil

An original book examining the concept of the Devil in English culture

between the Reformation of committed and the end of the English Civil War. Nathan Johnstone looks at the ways in which beliefs about the nature of the Devil and his power in human affairs changed as a consequence of the Reformation, and its impact on religious, literary and political culture. He moves away from the established focus on demonology as a component of the belief in witchcraft and examines a wide range of religious and political milieux, such as practical divinity, the interiority of Puritan godliness, anti-popery, polemic and propaganda, and popular culture. The concept of the Devil that emerged from the Reformation had a profound impact on the beliefs and practices

Protestants, but it also influenced both the political debates of the reigns of Elizabeth I, James I and Charles I, and in popular culture more widely.

Mephistopheles Cornell University Press
Originally published London 1929. A detailed history of the Devil in all his forms. Includes much content on magic, paganism and early Wicca practices.
Contents Include: Early Belief. The Power of Magic. Magicians and Priests. Horned God of the West. Witch God and Devil. The Evolved Magician. Herne and his Kin. Decline of the Devil. Magic Today. etc. Many of the earliest books, particularly those dating

back to the 1900s and before, are now extremely scarce and increasingly expensive. Home Farm Books are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The Devil: A Very Short Introduction U of Minnesota Press

In this book-length study of The Satanic Temple, Joseph Laycock, a scholar of new religious movements, contends that the emergence of "political Satanism" marks a significant moment in American religious history that will have a lasting impact on how Americans frame debates about religious freedom. Though the group gained attention for its strategic deployment of outrage, it claims to have developed beyond politics into a religious movement. Equal parts history and ethnography, *Speak of the Devil* demonstrates why religious Satanism is significant to larger

conversations about the definition of religion, religious freedom, and religious tolerance.

The History of the Devil Open Road + Grove/Atlantic

"The most comprehensive and comprehensible history of the West Virginia Coal War I've ever read" (John Sayles, writer and director of *Matewan*). On September 1, 1912, the largest, most protracted, and deadliest working class uprising in American history was waged in West Virginia. On one side were powerful corporations whose millions bought armed guards and political influence. On the other side were fifty thousand mine

workers, the nation's largest labor union, and the legendary "miners' angel," Mother Jones. The fight for unionization and civil rights sparked a political crisis that verged on civil war, stretching from the creeks and hollows of the Appalachians to the US Senate. Attempts to unionize were met with stiff resistance. Fundamental rights were bent then broken, and the violence evolved from bloody skirmishes to open armed conflict, as an army of more than fifty thousand miners finally marched to an explosive showdown. Extensively researched and vividly told, this definitive book about an essential chapter in the history of American freedom, "gives this backwoods struggle between capital and labor the due it deserves. [Green] tells a dark, often despairing story from a century ago that rings true today" (Pittsburgh Post-Gazette).

A History of the Devil
Vintage
The History of the Devil (1900) is a philosophical study by Paul Carus. A lifelong Monist, Carus sought to apply a scientific analysis to the principles of humanity's religions. Credited with bridging the gap between Eastern and Western beliefs, Carus believed that the dualism rampant in the West could be replaced in order to establish a more

equitable world where difference and diversity would be accepted and nurtured, rather than suppressed. “ This world of ours is a world of opposites. There is light and shade, there is heat and cold, there is good and evil, there is God and the Devil. The dualistic conception of nature has been a necessary phase in the evolution in human thought. ” Recognizing the need for dualism in the history of humanity, Carus sought to promote the principles of Monism in the West, believing it could lead to a universal worldview capable of uniting East and West. A positivist and pantheist, Carus believed that by pursuing “ in religion the same path that science travels, [...] the narrowness of sectarianism [would]

develop into a broad cosmical religion which shall be as wide and truly catholic as is science itself. ” To lay the groundwork for this “ cosmical religion, ” he investigates the figure of the Devil and the historical evolution of the concept of evil, which he saw as predating belief in goodness and God. With a beautifully designed cover and professionally typeset manuscript, this edition of Paul Carus ’ The History of the Devil is a classic of philosophy reimagined for modern readers.

History of the Devil and the Idea of Evil from the Earliest Times to the Present Day John Wiley & Sons
A French scholar and author of Blue: The History of a Color presents a witty cultural and social history of stripes, from the

medieval prejudice against stripes to the present day, looking at the frequently negative attitude and connotations of stripes. Reprint.

The Origin of Satan

University of Missouri Press

Satire by the author of Robinson Crusoe examines the rise of the historical force known as "the devil," from Satan's origins to devilish influences on 18th-century monarchs and ordinary folk.

The Devil's Cloth UNC Press Books

The biggest ruse of the devil is making us believe that he doesn't exist, claimed Baudelaire. On the contrary, argues bestselling French historian and critic Gerald Messadieu, it is devilish that we believe

in him at all. A History of the Devil is a vivacious and provocative exploration of the personification of evil through the ages and across cultures.

Messadieu reveals that our Satan -- the antithesis of God and good -- was a concept unknown to the Greeks, Romans, Egyptians, Hindus, and Chinese. In fact, the devil was probably invented six centuries before the Common Era by Persian clergy eager to aid their political allies. Ever since, the image of evil has been a useful tool of the powerful, from the proponents of the Spanish Inquisition to the Cold Warriors of our own time. Meticulously researched and eloquently argued, this unorthodox history of

religion from its seamy underside explores a fascinating and diverse strand of cultures everywhere.

Writing in the Devil's Tongue St. Martin's Press

The Devil has fascinated writers and theologians since the time of the New Testament, and inspired many dramatic and haunting works of art. Today he remains a potent image in popular culture. The Devil: A Very Short Introduction presents an introduction to the Christian Devil through the history of ideas and the lives of real people.

The Political History of the Devil Graphic Arts Books

Frequent discussions

of Satan from the pulpit, in the courtroom, in print, in self-writings, and on the streets rendered the Devil an immediate and assumed presence in early modern Scotland. For some, especially those engaged in political struggle, this produced a unifying effect by providing a proximate enemy for communities to rally around. For others, the Reformed Protestant emphasis on the relationship between sin and Satan caused them to suspect, much to their horror, that their own depraved hearts placed them in league with the Devil. Exploring what it meant to live in a world in which Satan's presence was believed

to be, and indeed, perceived to be, ubiquitous, this book recreates the role of the Devil in the mental worlds of the Scottish people from the Reformation through the early eighteenth century. In so doing it is both the first history of the Devil in Scotland and a case study of the profound ways that beliefs about evil can change lives and shape whole societies. Building upon recent scholarship on demonology and witchcraft, this study contributes to and advances this body of literature in three important ways. First, it moves beyond establishing what people believed about

the Devil to explore what these beliefs actually did- how they shaped the piety, politics, lived experiences, and identities of Scots from across the social spectrum. Second, while many previous studies of the Devil remain confined to national borders, this project situates Scottish demonic belief within the confluence of British, Atlantic, and European religious thought. Third, this book engages with long-running debates about Protestantism and the 'disenchantment of the world', suggesting that Reformed theology, through its dogged emphasis on human depravity, eroded any

rigid divide between the supernatural evil of Satan and the natural wickedness of men and women. This erosion was borne out not only in pages of treatises and sermons, but in the lives of Scots of all sorts. Ultimately, this study suggests that post-Reformation beliefs about the Devil profoundly influenced the experiences and identities of the Scottish people through the creation of a shared cultural conversation about evil and human nature.

BY A BESTSELLING
THEOLOGIAN "The biggest ruse of the devil is making us believe that he doesn't exist," claimed Baudelaire. On the contrary, argues bestselling historian and critic Gerald Messadi é , the true evil lies in the fact that we believe in him at all. A History of the Devil is a provocative exploration of the personification of evil through the ages and across cultures.

Messadi é reveals that the Satan of Judeo-Christian mythology-the antithesis of God and good-was a concept unknown to the Greeks, Romans, Egyptians, Hindus, and Chinese. In fact, the devil was probably invented six centuries before the common era by Persian

clergy eager to demonize their political adversaries. Ever since, the image of evil has been a useful tool of the powerful, both religious and secular, from the prosecutors of the Spanish Inquisition to the Cold Warriors of our own time. In seventeen absorbing chapters, Messadi é researches the genealogy of the devil in the world's major civilizations, from Asia and Europe to Africa and North America. He examines the devil's role in each culture and the evolution of his various incarnations throughout history. Abundant in historical references and cultural analyses, *A History of the Devil* shows that it is precisely the belief in the devil that lies at the root of religious fanaticism

around the world today. *The History of the Devil*

Yet the some of whom may surprise you! Also featured presence of dark angels continues to remain a part are dozens of examples of of our human experience, links between our popular culture, and our demons/fallen angels and spiritual understandings. aliens, cryptids, apparitions Come and explore the and poltergeists, and IDEs shadowy side of existence

and its integral part of our nature. Cornell University Press From the religious historian whose *The Gnostic Gospels* won both the National Book Award and the National Book Critics Circle Award comes a dramatic interpretation of Satan and his role on the Christian tradition. With magisterial learning and the elan of a born storyteller, Pagels turns Satan's story into an audacious exploration of Christianity's shadow side, in which the gospel of love gives way to irrational hatreds that continue to haunt Christians and non-Christians alike. *Satan and the Scots* The Floating Press The Devil in History is a provocative analysis of the relationship between communism and fascism.

Reflecting the author's personal experiences within communist totalitarianism, this is a book about political passions, radicalism, utopian ideals, and their catastrophic consequences in the twentieth century's experiments in social engineering. Vladimir Tismaneanu brilliantly compares communism and fascism as competing, sometimes overlapping, and occasionally strikingly similar systems of political totalitarianism. He examines the inherent ideological appeal of these radical, revolutionary political movements, the visions of salvation and revolution they pursued, the value and types of charisma of leaders within these political movements, the place of violence within these systems, and their legacies in contemporary politics. The author discusses thinkers who have shaped contemporary

understanding of totalitarian pseudo-miraculous, a movements—people such as mystically self-centered, Hannah Arendt, Raymond Aron, Isaiah Berlin, Albert Camus, François Furet, Tony Judt, Ian Kershaw, Leszek Kolakowski, Richard Pipes, and Robert C. Tucker. As much a theoretical analysis of the practical philosophies of Marxism-Leninism and Fascism as it is a political biography of particular figures, this book deals with the incarnation of diabolically nihilistic principles of human subjugation and conditioning in the name of presumably pure and purifying goals. Ultimately, the author claims that no ideological commitment, no matter how absorbing, should ever prevail over the sanctity of human life. He comes to the conclusion that no party, movement, or leader holds the right to dictate to the followers to renounce their critical faculties and to embrace a

delusional vision of mandatory happiness. The History of the Devil Read Books Ltd "A fascinating and scholarly examination of the origins of the Jersey Devil, a mythical beast born in the colonial era and which lives on to this day. Written in a style suitable for general readers. Good regional trade and course adoption potential. Really interesting. Heavily researched and written in a lively narrative, The Secret History explodes the many myths surrounding the Jersey Devil. Provocative and entertaining and unlike any book written

before on the subject, it as Modern: In Two finds the origins of New Parts" by Daniel Defoe. Jersey's favorite monster not in the realm of the occult, but in the bare-knuckled political and religious upheavals and fights of colonial America. The real story of the Jersey Devil's birth is far more interesting, complex, and important than anyone thinks. It is a product not of witchcraft, but innuendo, scandal, rumor mongering, and media hype. While a tale of early America, it could have been taken from the tabloids and internet gossip of today"--

The History of the Devil Oxford University Press

Of all the demons, monsters, fiends, and ogres to preoccupy the western imagination in literature, art, and film, no figure has been more feared—or misunderstood--than Satan. But how accurate are the popular images of Satan? How--and why--did this rather minor biblical character

morph into the very embodiment of evil? T.J. Wray and Gregory Mobley guide readers on a journey to retrace Satan's biblical roots. Engaging and informative, *The Birth of Satan* is a must read for anyone who has ever wondered about the origins of the Devil. *Demons, the Devil, and Fallen Angels* University of California Press

This highly original and engaging book by French historian Robert Muchembled, is a journey through time and space in search of the changing perception and significance of the devil in Western culture. An outstanding book about the changing perception and significance of the devil in Western culture. Robert Muchembled is a

well-known historian and an expert on witchcraft, whose work has already been translated into many languages. The author highlights the way that the changing notion of evil is connected to other changes in society at large. Draws on a wealth of examples, from the witch-hunts of the 15th and 16th centuries, to the films of Stanley Kubrick.
