A phenomenon across all formats, this paperback omnibus contains the complete Hitchhiker's Guide trilogy in five parts, charting the whole of Arthur Dent's odyssey through space and time. Share and enjoy. Collected together in this omnibus are the five titles that comprise Douglas Adams' wildly popular and wholly remarkable comedy science fiction 'trilogy', plus a bonus short story, Young Zaphod Plays It Safe, and a special undeleted scene . . . The Hitchhiker's Guide to the Galaxy One Thursday lunchtime the Earth gets unexpectedly demolished to make way for a new hyperspace bypass. For Arthur Dent, who has only just had his house demolished that morning, this seems already to be rather a lot to cope with. Sadly, however, the weekend has only just begun. The Galaxy may offer a mind-boggling variety of ways to be blown up and/or insulted, but it's very hard to get a cup of tea. The Restaurant at the End of the Universe When all questions of space, time, matter and the nature of being have been resolved, only one question remains - 'Where shall we have dinner?' The Restaurant at the End of the Universe provides the ultimate gastronomic experience, and for once there is no morning after to worry about. Life, the Universe and Everything Following a number of stunning catastrophes, Arthur Dent is surprised to find himself living in a hideously miserable cave on prehistoric Earth. However, just as he thinks that things cannot get possibly worse, they suddenly do. An eddy in the space-time continuum lands him, Ford Prefect, and their flying sofa in the middle of the cricket ground at Lord's, just two days before the world is due to be destroyed by the Vogons. Escaping the end of the world for a second time, Arthur, Ford, and their old friend Slartibartfast embark (reluctantly) on a mission to save the whole galaxy from fanatical robots. Not bad for a man in his dressing gown. So Long, and Thanks for All the Fish There is a knack to flying. The knack lies in learning how to throw yourself at the ground and miss. It's not an easy

thing to do, and Arthur Dent thinks he's the only human who's been able to master this nifty little trick - until he meets Fenchurch, the woman of his dreams. Fenchurch once realised how the world could be made a good and happy place. Unfortunately, she's forgotten. Convinced that the secret lies within God's Final Message to His Creation, they go in search of it. And, in a dramatic break with tradition, actually find it . . . Mostly Harmless Arthur Dent has settled down on the small planet Lamuella and has embraced his role as a Sandwich Maker. However, his plans for a quiet life are thrown awry by the unexpected arrival of his daughter. There's nothing worse than a frustrated teenager with a copy of the Hitchhiker's Guide to the Galaxy in their hands. When she runs away, Arthur goes after her determined to save her from the horrors of the universe. After all - he's encountered most of them before. This publishing phenomenon began as a radio drama and now exists in a number of wildly contradictory versions (including a TV series, a movie and a towel) - this version, produced by Douglas Adams' original publisher, is, at least, definitively inaccurate.

Don't Panic! Reissued for the first time in 40 years, two unique recordings of Douglas Adams's sci-fi comedy drama. When Earthman Arthur Dent learns that first his house and then his planet are about to be bulldozed, it's the beginning of an interplanetary adventure for him and his friend, Ford Prefect. After fleeing Earth they hitch a lift with hoopy frood Zaphod Beeblebrox, who hurtles from one improbability to another - literally. With Trillian and Marvin the Paranoid Android in tow, the answer to Life, the Universe and Everything is soon revealed: 42. But what was the question...? Following the success of the BBC radio series, Douglas Adams adapted his scripts for these two full-cast albums, with incidental radiophonic music provided by Paddy Kingsland. First released by Original Records in 1980, *The Hitchhiker's Guide to the Galaxy* and *The Restaurant at the End of the Universe* star Peter Jones as The Book, Simon Jones as Arthur Dent, Geoffrey McGivern as Ford Prefect and Mark Wing-Davey as Zaphod Beeblebrox. Produced by Geoffrey Perkins and Tim Souster, the cast also includes Cindy Oswin, Stephen Moore, Richard Vernon, Valentine Dyll, David Tate, Jim Broadbent, Bill Wallis, Roy Hudd, Frank Middlemass, Stephen Greif and others. Hang onto your towel - it's going to be the ride of a lifetime.

And Another Thing . . . will be the sixth novel in the now improbably named Hitchhiker's Guide to the Galaxy trilogy. Eight years after the death of its creator, Douglas Adams, the author's widow, Jane Belson, has given her approval for the project to be continued by the international number one bestselling children's writer, Eoin Colfer, author of the *Artemis Fowl* novels. Douglas Adams himself once said, 'I suspect at some point in the future I will write a sixth Hitchhiker book. Five seems to be a wrong kind of number, six is a better kind of number.' Belson said of Eoin Colfer, 'I love his books and could not think of a better person to transport Arthur, Zaphod and Marvin to pastures new.' Colfer, a fan of Hitchhiker since his schooldays, said, 'Being given the chance to write this book is like suddenly being offered the superpower of your choice. For years I have been finishing this incredible story in my head and now I have the opportunity to do it in the real world.' Prepare to be amazed. . . .

[Here's] more of the same zany nonsensical mayhem." —The New York Times Book Review It's easy to get disheartened when your planet has been blown up and the woman you love has vanished due to a misunderstanding about space/time. However, instead of being disheartened, Arthur Dent makes the terrible mistake of starting to enjoy life a bit—and immediately all hell breaks loose. Hell takes a number of forms: there's the standard Ford Prefect version, in the shape of an all-new edition of The Hitchhiker's Guide to the Galaxy, and a totally unexpected manifestation in the form of a teenage girl who startles Arthur Dent by being his daughter when he didn't even know he had one. Can Arthur save the Earth from total multidimensional obliteration? Can he save the Guide from a hostile alien takeover? Can he save his daughter, Random, from herself? Of course not. He never works out exactly what is going on. Will you? "Douglas Adams is a terrific satirist. . . . He is anything but harmless." —The Washington Post Book World
