The book provides a sample of research on the innovative theory and applications of soft computing paradigms. The idea of Soft Computing was initiated in 1981 when Professor Zadeh published his first paper on soft data analysis and constantly evolved ever since. Professor Zadeh defined Soft Computing as the fusion of the fields of fuzzy logic (FL), neural network theory (NN) and probabilistic reasoning (PR), with the latter subsuming belief networks, evolutionary computing including DNA computing, chaos theory and parts of learning theory into one multidisciplinary system. As Zadeh said the essence of soft computing is

that unlike the traditional, hard computing, soft computing is aimed at an accommodation with the pervasive imprecision of the real world. Thus, the guiding principle of soft computing is to exploit the tolerance for imprecision, uncertainty and partial truth to achieve tractability, robustness, low solution cost and better rapport with reality. In the final analysis, the role model for soft computing is the human mind. We hope that the reader will share our excitement and find our volume both useful and inspiring.

A startling, shape-shifting book of prose and images that draws on an unexpected pair of inspirations—the poetry of Fernando Pessoa and the history of air disasters—to investigate con men, identity politics, failures of leadership, the privilege of ineptitude, the slave trade, and the nature of consciousness. Early in 2017, on a plane from Cape Verde to Lisbon, author and visual artist James Hannaham started reading Pessoa & Co., Richard Zenith's English translation of Fernando Pessoa's selected poetry. This was two months after Trump's presidential election; like many people, ideas about unfitness for service and failures of leadership were on his mind.

Imagine his consternation upon discovering the first line of the first poem in the book: "I've never kept sheep/But it's as if I did." The Portuguese, Hannaham had been musing,

were responsible for jump-starting colonialism and the slave trade. Pessoa published one book in Portuguese in his lifetime, *Mensagem*, which consisted of paeans to European explorers. He also invented about seventy-five alter egos, each with a unique name and style, long before aliases and avatars became a feature of modern culture. Hannaham felt compelled to engage with Pessoa's work. Once in Lisbon, he began a practice of reading a poem from Zenith's anthology and responding in whatever mode seemed to click. Even before his trip, however, he had become fascinated by *Air Disasters*, a TV show that tells the story of different plane crashes in each of its episodes. These stories—as well as the textures and squares of the city he was visiting—began to resonate with his concerns and Pessoa's, and make their way into the book. Through its inspirations and juxtapositions and its agile shifts of voice and form—from meme to fiction to aphorism to screenshot to lyric—the book leads us to reckon with the most universal questions. What is the self? What holds the self—multiple, fragmented, performative, increasingly algorithmically controlled, constantly under threat of death—intact and aloft?

An "unsettling and engaging" novel about contemporary South Africa, from the Man Booker Prize-winning author of *The Promise* (The Telegraph). Adam Napier leaves Johannesburg looking for a fresh start. Jobless and directionless, but with a head full of literary ambitions, he moves into his brother's dilapidated house on the edge of a backwater town. One day he encounters Canning, a man who claims Adam saved his life in their school days. Adam does not remember him at all. But he plays along and,

for a time, enjoys all that Canning has: a vast fortune and game preserve inherited from his father, and a beautiful, mysterious younger wife to whom Adam is compulsively, dangerously drawn. "An antipastoral, post-apartheid noir" (Publishers Weekly) by "a worthy heir to Gordimer and Coetzee", *The Imposter* evokes a glittering world of the moneyed old guard, newly empowered black Africans, and the betrayal and obsessions hiding in the shadows of the new South African dream (The Guardian, UK).

It isn't easy moving about Society dressed like a dandy-especially when one is a ruthless spy. But that's precisely the latest mission for Liar's Club agent Dalton Montmorency. Dalton is posing as Sir Thorogood, the elusive cartoonist whose scathing political caricatures have all of London abuzz. The true identity of Sir Thorogood is a mystery, and Dalton hopes

that impersonating him will flush out the real menace before his cartoons do further damage to the Crown. Now, if Dalton could only find a way to get the irksome, yet oddly appealing widow, Clara Simpson, off his trail... When Clara meets Sir Thorogood at a ball, she's certain he is an impostor-because she's the true Sir Thorogood. Secretly penning the cartoons under the frothy nom de plume, Clara hopes to save enough money so that she can leave her in-laws and find a new residence. Now she is determined to reveal an imposter's identity-and that means doing some undercover work herself. But pretending to be someone you're not has a funny way of making a woman do things she wouldn't ordinarily dream of-even if it drives her straight into the arms of her devilishly handsome adversary!

A remarkably inventive novel that explores what it means to live a life fully in the moment, even if those moments are out of order. It's

New Year's Eve 1982, and Oona Lockhart has her whole life before her. At the stroke of midnight she will turn nineteen, and the year ahead promises to be one of consequence. Should she go to London to study economics, or remain at home in Brooklyn to pursue her passion for music and be with her boyfriend? As the countdown to the New Year begins, Oona faints and awakens thirty-two years in the future in her fifty-one-year-old body. Greeted by a friendly stranger in a beautiful house she's told is her own, Oona learns that with each passing year she will leap to another age at random. And so begins Oona Out of Order... Hopping through decades, pop culture fads, and much-needed stock tips, Oona is still a young woman on the inside but ever changing on the outside. Who will she be next year? Philanthropist? Club Kid? World traveler? Wife to a man she's never met? Surprising, magical, and heart-wrenching, Margarita Montimore has crafted an unforgettable story about the burdens of time, the endurance of love, and the power of family.
