A bittersweet, biting, sharply observed family drama from the author of *Waterloo* After her father has a heart attack and subsequent surgery, Helen Atherton returns to her hometown of Washington, D.C., to help take care of him and, perhaps more honestly, herself. She's been living in Los Angeles, trying to work in Hollywood, slowly spiraling into a depression fueled by hours spent watching C-SPAN-her obsession with politics a holdover from a childhood interrupted by her father's involvement in the Iran-Contra scandal. "I don't know whether to think of him as a coconspirator or a complicit bystander or just someone who was in the wrong place at the wrong time." Though the rest of the world has forgotten that scandal, the Atherton family never quite recovered. While living with her father in her childhood home, Helen tries to piece together the political moves that pulled her family apart. All the Houses is, at its heart, a father-daughter story. With razor-sharp prose, an alluring objectivity, and a dry sense of humor, Karen Olsson writes about the shape-shifting of our family relationships when outside forces work their way in-how Washington turns people into unnatural versions of themselves, how problematic and overbearing sisters can be, and how familial nostalgia that sets in during early adulthood can prove counterproductive to actually becoming an adult. *The Dark Hills Divide* Little, Brown

Before he wrote the bestselling 100 Cupboards trilogy and *Ashtown Burials* series, N. D. Wilson delighted readers with his first unforgettable action-adventure story of survival. . . . Thomas Hammond has always lived next to Leepike Ridge, but he never imagined he might end up lost beneath it! The night Tom's schoolteacher comes to dinner and asks Tom's mother to marry him, Tom slips out of the house and escapes down a nearby stream on a floating slab of packing foam. The night and stars lull Tom to sleep, and when he wakes, he has ridden his foam raft all the way to the ridge, where the stream dives underground. Flung over rapids and tossed through chasms, Tom finally hits shore, sore but alive. What Tom finds under Leepike Ridge—a dog, a flashlight, a castaway, a tomb, and buried treasure—will answer questions he hadn't known to ask, and change his life forever. Now, if only he can find his way home again. . . . In the grand tradition of *Robinson Crusoe*, *Hatchet*, and *Tom Sawyer*, N. D. Wilson's first book for young readers is a remarkable adventure, a journey through the dark and back into the light. A New York Public Library 100 Titles for Reading and Sharing "This is a ripping good adventure yarn. . . . Here's the perfect remedy for any summer that's been disappointingly short on thrills."—*The Bulletin of the Center for Children's Books*, Starred "Wilson's debut is a literate, sometimes humorous page-turner in the classic tradition. Well-read adventure lovers are in for a treat looking for echoes of *The Odyssey* and *Tom Sawyer*."—*Kirkus Reviews* "Tom's adventures have several literary ancestors, including *Tom and Huck* in the cave, and the inventive *Swiss Family Robinson*, but this is solidly set in the present, standing on its own with well-crafted suspense and fascinating survival detail. . . . [M]iddle-grade readers will also relish the physicality of the journey: underwater swims, tight passages, and rock climbing. . . . [An] appealing and easy-to-booktalk package."—*Booklist* "Wilson sets the scene vividly, from Tom's home to the labyrinth of tunnels and caverns under the mountain, and the central characters' emotional lives develop both naturally and affectingly. [Readers] will appreciate both the fast-paced adventure and Tom's determination to make the impossible journey back home."—*The Horn Book Magazine* "Wilson's rich imagination and his quirky characters are a true delight."—*School Library Journal* **A Worthy Pursuit** Scholastic Inc.

On a dull and dreary October day, Lori Shepherd and her husband Bill set off for the historic town of Rye, on the southeast coast of England, for a quiet weekend together without the kids. Then there's the inn's cook—a brawny, gruff ex-con—who seems to have a beef with a mysterious French guest. Are the noises Lori hears made by the spirits of long dead smugglers?

Or should she be more worried by the inn's living inhabitants?

Joining forces with her new friend Bishop Wyndham, and guided by Aunt Dimity's wise counsel, Lori sets out to discover once and for all who—or what—is haunting *The King's Ransom*.

NEW book! POWERFUL LASER CREATION TECHNOLOGY FOUND INSIDE THE GREAT PYRAMID OF EGYPT! Loaded with color photos and videos!... Considered by most people to be only a tomb, Steven J Lyke discloses new revelations discovered in and around the Great Pyramid. Specifically, how it was built (using cast molds), who built it (not the Egyptians), and the true purpose (to create a powerful laser beam)! Steven takes you through the chambers and galleries and demonstrates how they all worked together to create the world's first laser which was used to tap into the pulsating energy of the stars. Book picks up where *Ancient Aliens* leaves off. It answers questions with specific details about its construction. One example: the massive blocks are now SCIENTIFICALLY PROVEN to be man-made cast blocks and not quarried. (No sweaty, shirtless slaves hauling massive blocks onto long ramps!) This fact alone should change history books.. and makes most other videos, documentaries and books obsolete! The Great Pyramid was built by beings with god-like intelligence. They are described in the forbidden book of Enoch. The Great Pyramid was a massive, multi-purpose power plant which utilized all of the scientific wonders of the universe to create huge amounts of energy! We have been taught that mankind and his technology has advanced and progressed slowly thru the past 6,000 years along a straight line path. But the technologies uncovered in this book prove that tens of thousands of years ago - perhaps hundreds of thousands of years ago - an extremely advanced civilization once walked the Earth. The Great Pyramid's Laser Power Plant is where both science and religion intersect. Science and religion and can now co-exist in harmony together without conflict. Note: Steven added his private video links which include supporting video animations and demonstrations.
