The Human Condition Quotes by

Hannah Arendt

The Human Condition, first published in 1958, is Hannah Arendt's account of how "human activities" should be and have been understood throughout Western history. Arendt is interested in the *vita activa* (active life) as contrasted with the *vita contemplativa* (contemplative life) and concerned that the debate over the relative status of the two has blinded us to important insights about the *vita* ...

The Human Condition Summary - eNotes.com

I follow the lead of scholars who highlight Arendt's relation to Heidegger and Augustine, but my method of close reading—I offer the first examination of each appearance of the term "natality" in *The Human Condition*—leads me to show how Arendt's engagement with philosophical anthropologist Arnold Gehlen opens the space for alternative conceptions of freedom.

something like it in *The Human Condition*, usually

by stressing Arendt's account of the human capacity for action. Since the book is laced with criticism of modern society, it is tempting to suppose that she intended to present a Utopia of political action, a kind of New Athens. Nor is this caricature entirely without foundation.
