Sequel to Hyperion and Fall of Hyperion – there's no reason to read this book if you haven't read those two books. Actually the question is if there's any reason to read this book at all! Fall of Hyperion ends the story of the Cantos and the Web quite nicely, with nearly no loose ends. So that's no reason to read Endymion.

....These two vastly different looks at the same conflict make the books almost inseparable in my opinion. Putting them in one omnibus edition makes a lot of sense. Without the in depth looks at the motivations of the pilgrims Fall of Hyperion doesn't work well as a novel. On the other hand the ending of Hyperion is rather abrupt. There isn't really any sense of conclusion at the end of the book the see what the sacrifice the pilgrims are making is all about.
