
The Idea Of Israel A History Power And Knowledge Ilan Pappé

As recognized, adventure as well as experience roughly lesson, amusement, as competently as pact can be gotten by just checking out a book **The Idea Of Israel A History Power And Knowledge Ilan Pappé** along with it is not directly done, you could assume even more in relation to this life, approximately the world.

We pay for you this proper as skillfully as easy quirk to acquire those all. We allow The Idea Of Israel A History Power And Knowledge Ilan Pappé and numerous books collections from fictions to scientific research in any way. in the middle of them is this The Idea Of Israel A History Power And Knowledge Ilan Pappé that can be your partner.

Eye on Israel Farrar, Straus and Giroux
The myths—and
reality—behind the state of
Israel In this groundbreaking
book, published on the
fiftieth anniversary of the

Occupation, the outspoken and radical Israeli historian Ilan Pappé examines the most contested ideas concerning the origins and identity of the contemporary state of Israel. The “ten myths” that Pappé explores—repeated endlessly in the media, enforced by the military, accepted without question by the world’s governments—reinforce the regional status quo. He explores the claim that Palestine was an empty land at the time of the Balfour Declaration, as well as the

formation of Zionism and its role in the early decades of nation building. He asks whether the Palestinians voluntarily left their homeland in 1948, and whether June 1967 was a war of “no choice.” Turning to the myths surrounding the failures of the Camp David Accords and the official reasons for the attacks on Gaza, Pappé explains why the two-state solution is no longer viable. Muslim Zion Penguin UK What is a homeland and when does it become a national territory? Why

have so many people been willing to die for such places throughout the twentieth century? What is the essence of the Promised Land? Following the acclaimed and controversial The Invention of the Jewish People, Shlomo Sand examines the mysterious sacred land that has become the site of the longest-running national struggle of the twentieth and twenty-first centuries. The Invention of the Land of Israel deconstructs the age-old

legends surrounding the Holy Land and the prejudices that continue to suffocate it. Sand's account dissects the concept of "historical right" and tracks the creation of the modern concept of the "Land of Israel" by nineteenth-century Evangelical Protestants and Jewish Zionists. This invention, he argues, not only facilitated the colonization of the Middle East and the establishment of the State of Israel; it is also threatening the existence

of the Jewish state today. **A History of Power and Knowledge** Psychology Press
This examination of the Middle East's troubled history traces the origins, development and politics of Israel's relationship with the Arab world and the West. It argues that peace with the Palestinians will leave Israel vulnerable to Iraq

and Iran.

An Obsessive Quest to Understand the Jewish Nation and Its History Simon and Schuster

The book that is providing a storm of controversy, from 'Israel's bravest historian' (John Pilger) Renowned Israeli historian, Ilan Pappé's groundbreaking book revisits the formation of the State of Israel. Between 1947 and 1949, over 400 Palestinian villages were deliberately destroyed, civilians were massacred and around a million men, women, and children were expelled from their homes at gunpoint. Denied for almost six decades, had it happened today it could only

have been called "ethnic cleansing". Decisively debunking the myth that the Palestinian population left of their own accord in the course of this war, Ilan Pappé offers impressive archival evidence to demonstrate that, from its very inception, a central plank in Israel's founding ideology was the forcible removal of the indigenous population. Indispensable for anyone interested in the current crisis in the Middle East. A State at Any Cost Lulu.com The Hero and His Shadow introduces a psychological perspective on the history, development and present myths of Israeli society. Erel Shalit focuses on the actualization of the Zionist

myth, which depended on a small group of individuals to transform the idea into matter by merging personal identity with collective idea. Shalit also explores the psychological consequences of Israel's wars, from independence to the present war of terror, from a personal and a psychoanalytic perspective, with social examples and clinical vignettes. [The History of an Idea](#) Cambridge University Press Shalom Pollack includes 68 compelling articles in this book, "Jews, Israelis and Arabs", commenting on events in Israel. Spanning 50 years as an observer to the challenges of the Jewish state, he concludes that "Identity" is the key one for Israel; how its citizens

define themselves. Pollack writes, "Once our identity as a Jewish country and people is established; once the 'who' and 'why' is clear, the 'how' will proceed." Pollack also includes the names of more than 1,500 people who were murdered by the perpetrators of terrorism since the Oslo Accords were signed in 1993, as well as maps showing the size and changing borders of Israel. [The Quest for Collective Identity](#) HarperCollins A major new history of Zionism and Israel, by the renowned author of *The Ethnic Cleansing of Palestine*. Since its foundation in 1948, Israel has drawn on Zionism, the movement behind its creation, to provide a sense of

self and political direction. In this groundbreaking new work, Ilan Pappé looks at the continued role of Zionist ideology. The Idea of Israel considers the way Zionism operates outside of the government and military in areas such as the country's education system, media, and cinema, and the uses that are made of the Holocaust in supporting the state's ideological structure. In particular, Pappé examines the way successive generations of historians have framed the 1948 conflict as a liberation campaign, creating a foundation myth that went unquestioned in Israeli society until the 1990s. Pappé

himself was part of the post-Zionist movement that arose then. He was attacked and received death threats as he exposed the truth about how Palestinians have been treated and the gruesome structure that links the production of knowledge to the exercise of power. The Idea of Israel is a powerful and urgent intervention in the war of ideas concerning the past, and the future, of the Palestinian – Israeli conflict. Israel: the theocratic state Princeton University Press Since the creation of the state of Israel in 1948, the region has been the scene of fierce power struggles, injustice and tragic events - a

situation which persists to this day. Now for the first time, an Israeli-Arab author collaboration is tackling one of the world's most controversial situations. Published to accompany a six-part BBC television series by the makers of the award-winning DEATH OF YUGOSLAVIA, this myth-breaking book draws on candid interviews with key protagonists in the struggles - many of whom have never before spoken out - to reveal behind-the-scenes events and put the record straight. This is a definitive insiders' account of war and peace in the Middle East. From Holy Land to Homeland Black Rose Books Ltd. The second edition of the best-selling 'P is for Palestine,' the

world's first-ever English-language ABC story book about Palestine, told in simple rhythmic rhyme with stunning illustrations to act as an educational, colorful, empowering reference for children, showcasing the geography, the beauty and strength of Palestinian culture. Anyone who has ever been to Palestine (to some also known as the Holy Land) or who has Palestinian friends, colleagues, or neighbors knows that this proud nation, located on the western-most point of Asia, not that many nautical miles away from Cyprus, Alexandria (Egypt) and

Greece, is at the center of our world. It is home to the sweetest oranges, most intricate embroideries, great dance moves (Dabkeh), fertile olive groves, and sunniest people! Inspired by Palestinian people's own rich history in the literary and visual arts, specifically by children's authors and illustrators such as Naji al-Ali (1938 - 1987), Ghassan Kanafani (1936 - 1972), and Mohieddin El Labbad (1940 - 2010) among others, an academic and children's author and a socially conscious illustrator have teamed up to create P is for Palestine--a book for children of all ages! 'P is for

Palestine: A Palestine Alphabet Book' is the first book in independent publisher 'Dr. Bashi's' Diverse Children's Books Series. 'P for Palestine' has received critical praise from Palestinian and Arab-American luminaries in academia, media, and the arts. "When does a children's book get coverage in the New York Post ('Page Six,' no less), the Forward, Ha'aretz, the New York Daily News, and Breitbart'...teaching and learning about Palestine has been a sore spot for Zionists. The book provides an ocular target for their existential anxiety."--Steven Salaita

A History of Power and Knowledge Verso Books
From its establishment to the present day, Israel has enjoyed a special position in the American roster of international friends. In *Fateful Triangle* Noam Chomsky explores the character and historical development of this special relationship as well as its impact on the fate of the Palestinian people. Copyright © Libri GmbH. How America Came to View the Jewish State as an Ally
Hurst Publishers
Examines the image of Israel in American culture before

1960.
Christian Zionism Examined The Idea of Israel
A History of Power and Knowledge
From National Jewish Book Award winner and author of *Israel*, a bold reevaluation of the tensions between American and Israeli Jews that reinterprets the past and reimagines the future of Jewish life
Relations between the American Jewish community and Israel are at an all-time nadir. Most explanations pin the blame on Israel's conduct: its handling of the conflict with the Palestinians, its attitude toward non-Orthodox Judaism, and the Jewish state's dismissive view of American Jews in general. Others point an accusing finger at American Jews,

insisting that in embracing America's progressive values, many American Jews have become more sympathetic to Israel's enemies than they are to the Jewish state. But these explanations, Daniel Gordis argues, miss the real causes for the divide. Gordis's new book, *We Stand Divided: The Rift Between American Jews and Israel*, examines the history of the troubled relationship, showing that from the very outset—even before the state of Israel was created—the two communities' dreams for a Jewish future had little in common. American Jews and Israelis built their respective communities to embrace different opportunities and in response to different challenges. Over decades, two

radically diverging visions of Jewish life emerged. Thus, Gordis argues, as a first step to healing the breach, the two communities must acknowledge and discuss their profoundly different purposes and moral commitments. Only then can they forge a path forward, together.

Israel and the Arabs
University Press of America
In 1880 the Jewish community in Palestine encompassed some 20,000 Orthodox Jews; within sixty-five years it was transformed into a secular proto-state with well-developed political, military, and economic institutions, a vigorous

Hebrew-language culture, and some 600,000 inhabitants. The *Origins of Israel, 1882 – 1948: A Documentary History* chronicles the making of modern Israel before statehood, providing in English the texts of original sources (many translated from Hebrew and other languages) accompanied by extensive introductions and commentaries from the volume editors. This sourcebook assembles a diverse array of 62 documents, many of them unabridged, to convey the ferment, dissent,

energy, and anxiety that permeated the Zionist project from its inception to the creation of the modern nation of Israel. Focusing primarily on social, economic, and cultural history rather than Zionist thought and diplomacy, the texts are organized in themed chapters. They present the views of Zionists from many political and religious camps, factory workers, farm women, militants, intellectuals promoting the Hebrew language and arts—as well as views of ultra-Orthodox anti-

Zionists. The volume includes important unabridged documents from the origins of the Arab-Israeli conflict that are often cited but are rarely read in full. The editors, Eran Kaplan and Derek J. Penslar, provide both primary texts and informative notes and commentary, giving readers the opportunity to encounter voices from history and make judgments for themselves about matters of world-historical significance. NEW YORK TIMES
BESTSELLER • NAMED
ONE OF THE BEST BOOKS
OF THE YEAR BY THE
NEW YORK TIMES BOOK
REVIEW AND THE
ECONOMIST Winner of the
Natan Book Award, the
National Jewish Book Award,
and the Anisfield-Wolf Book
Award An authoritative and
deeply personal narrative
history of the State of Israel,
by one of the most influential

journalists writing about the
Middle East today Not since
Thomas L. Friedman ' s
groundbreaking From Beirut
to Jerusalem has a book
captured the essence and the
beating heart of the Middle
East as keenly and dynamically
as My Promised Land. Facing
unprecedented internal and
external pressures, Israel today
is at a moment of existential
crisis. Ari Shavit draws on
interviews, historical
documents, private diaries,
and letters, as well as his own
family ' s story, illuminating
the pivotal moments of the

Zionist century to tell a riveting
narrative that is larger than the
sum of its parts: both personal
and national, both deeply
human and of profound
historical dimension. We meet
Shavit ' s great-grandfather, a
British Zionist who in 1897
visited the Holy Land on a
Thomas Cook tour and
understood that it was the way
of the future for his people; the
idealist young farmer who
bought land from his Arab
neighbor in the 1920s to grow
the Jaffa oranges that would
create Palestine ' s booming
economy; the visionary youth

group leader who, in the 1940s, only interview he ever gave; the transformed Masada from the neglected ruins of an extremist sect into a powerful symbol for Zionism; the Palestinian who as a young man in 1948 was driven with his family from his home during the expulsion from Lydda; the immigrant orphans of Europe ' s Holocaust, who took on menial work and focused on raising their children to become the leaders of the new state; the pragmatic engineer who was instrumental in developing Israel ' s nuclear program in the 1960s, in the zealous religious Zionists who started the settler movement in the 1970s; the dot-com entrepreneurs and young men and women behind Tel-Aviv ' s booming club scene; and today ' s architects of Israel ' s foreign policy with Iran, whose nuclear threat looms ominously over the tiny country. As it examines the complexities and contradictions of the Israeli condition, *My Promised Land* asks difficult but important questions: Why did Israel come to be? How did it come to be? Can Israel survive? Culminating with an analysis of the issues and threats that Israel is currently facing, *My Promised Land* uses the defining events of the past to shed new light on the present. The result is a landmark portrait of a small, vibrant country living on the edge, whose identity and presence play a crucial role in today ' s global political landscape. Praise for *My Promised Land* " This book will sweep you up in its narrative force and not let go of you until it is done. [Shavit ' s]

accomplishment is so unlikely, so total . . . that it makes you believe anything is possible, even, God help us, peace in the Middle East. ” —Simon Schama, Financial Times

“ [A] must-read book. ” —Thomas L. Friedman, The New York Times

“ Important and powerful . . . the least tendentious book about Israel I have ever read. ” —Leon Wieseltier, The New York Times Book Review

“ Spellbinding . . . Shavit ’ s prophetic voice carries lessons that all sides need to

hear. ” —The Economist

“ One of the most nuanced and challenging books written on Israel in years. ” —The Wall Street Journal

The Idea of Israel Routledge

Drawing extensively on his diaries as well as his published works, this intellectual biographical follows Herzl's transformation from a private person into the founder and leader of a political movement which made the quest for a Jewish state into a player in international politics. Contrary to the conventional view which saw the Dreyfus affair as the trigger for Herzl's loss of belief

in the promise of Jewish emancipation, Avineri shows how it was the political crisis of the Austro-Hungarian Habsburg Empire, torn apart by contending national movements, which convinced Herzl of the need for a Jewish polity. In response to the wide resonance for his 1896 THE JEWISH STATE, Herzl convened the first Zionist Congress in Basel in 1897, which established the World Zionist Organization with its representative and elected institutions; this in turn became the foundation for Israel's democratic political system. In his efforts to gain international

support for a Jewish state, Herzl met with the Ottoman Sultan, the German Emperor Wilhelm II, Pope Pius X, British, Russian and German ministers, as well as an enormous number of other government and public opinion leaders of most European countries. By the time of his early death in 1904 at the age of 44, Herzl succeeded in putting Zionism on the map of world politics, no longer an esoteric idea held by a small group of Jewish intellectuals in Eastern Europe.

My Promised Land Farrar, Straus and Giroux

A comprehensive overview of

the various ideologies that constitute Zionism, ranging from Marxist-Zionism to National Religious Zionism to that of the far-right Abba Achimeir. This book makes explicit the debt the Zionists owed to French thinkers and European ideologues, notably those associated with the French Revolution and the Enlightenment.

Can We Talk About Israel?

Columbia University Press

A “ fascinating and very moving ” (Aaron Sorkin, award-winning screenwriter of *The West Wing* and *The Social Network*)
chronological timeline

spanning from Biblical times to today that explores one of the most interesting countries in the world—Israel. Israel. The small strip of arid land is 5,700 miles away but remains a hot-button issue and a thorny topic of debate. But while everyone seems to have a strong opinion about Israel, how many people actually know the facts? Here to fill in the information gap is Israeli American Noa Tishby. But “ this is not your Bubbie ’ s history book ” (Bill Maher, host of *Real Time with Bill Maher*). Instead, offering a

fresh, 360-degree view, Tishby brings her “ passion, humor, and deep intimacy ” (Yossi Klein Halevi, New York Times bestselling author of *Letters to My Palestinian Neighbor*) to the subject, creating an accessible and dynamic portrait of a tiny country of outsized relevance. Through bite-sized chunks of history and deeply personal stories, Tishby chronicles her homeland ’ s evolution, beginning in Biblical times and moving forward to cover everything from WWI to Israel ’ s creation to the

disputes dividing the country today. Tackling popular misconceptions with an abundance of facts, Tishby provides critical context around headline-generating controversies and offers a clear, intimate account of the richly cultured country of Israel.

The Messianic Idea In Israel From Its Beginning To The Completion Of The Mishnah
HarperCollins

The state of Israel is one of the most controversial countries in the world. Yet, its unique creation and rise to power in

1948 has not been adequately explained either by its friends (mainstream Zionists) nor by its detractors (Arabists and post-Zionists). Using a variety of comparative methodologies; from contrasting the Jewish state to other minorities in the Ottoman Turkish Empire to the rise of the four Tigers in Asia to newly independent countries and revolutionary socialist countries in Europe and Asia, Jonathan Adelman examines how Israel has gained the strength to overcome great obstacles and become a serious regional power in the Middle East by 2007. Themes addressed

include: how the creation of Israel billions of people, international is strikingly different from that of most new states, as undetermined by the major structural forces in the world in the twentieth century how voluntarist forces, those of individual choice, will and strategy, played a major role in its creation and success in-depth analysis of the creation of a revolutionary party, government, army and secret police as critical to the success of the socialist revolution (1881 – 1977) the enormity of the forces aligned against the state; from major international and religious organizations representing

reluctance to helping Israel in crisis, and internal Israeli and Jewish issues the tremendous impact of revolutionary (socialist and semi-capitalist nationalist) factors in giving Israel the strength to survive and become a significant regional power over time. Jonathan Adelman provides a fresh perspective to view one of the most controversial states in the world and avoids the highly charged ideological descriptions that often plague such discussions. Understanding the rise of Israel, a central state in the region, helps to explain a great deal about the

Middle East today.
Psychopolitical Aspects of Myth and Reality in Israel Mazo Publishers
Winner of the Jewish Book of the Year Award The first comprehensive yet accessible history of the state of Israel from its inception to present day, from Daniel Gordis, "one of the most respected Israel analysts" (The Forward) living and writing in Jerusalem. Israel is a tiny state, and yet it has captured the world 's attention, aroused its imagination, and lately, been the object of its opprobrium. Why does such a small country speak to so many global concerns? More pressingly: Why does Israel make the decisions it does? And what lies in

its future? We cannot answer these questions until we understand Israel ' s people and the questions and conflicts, the hopes and desires, that have animated their conversations and actions. Though Israel ' s history is rife with conflict, these conflicts do not fully communicate the spirit of Israel and its people: they give short shrift to the dream that gave birth to the state, and to the vision for the Jewish people that was at its core. Guiding us through the milestones of Israeli history, Gordis relays the drama of the Jewish people ' s story and the creation of the state. Clear-eyed and erudite, he illustrates how Israel became a cultural, economic and military powerhouse—but also explains where Israel made grave

mistakes and traces the long history of Israel ' s deepening isolation. With Israel, public intellectual Daniel Gordis offers us a brief but thorough account of the cultural, economic, and political history of this complex nation, from its beginnings to the present. Accessible, levelheaded, and rigorous, Israel sheds light on the Israel ' s past so we can understand its future. The result is a vivid portrait of a people, and a nation, reborn.
