The Letters of Gertrude Stein and Thornton Wilder Yale University Press
“[Wilder’s] finest and most beautiful novel. . . . Spanning two continents and several generations, it begins as a murder mystery and goes on to tell a story, at once dramatic and philosophical, about the range of human courage, aspirations, steadfastness, weakness, defeat and victory.” — New York Post This beautiful edition of Thornton Wilder’s renowned National Book Award–winning novel features a foreword by John Updike and an afterword by Tappan Wilder, who draws on unique sources as Wilder’s unpublished letters, handwritten annotations, and other illuminating documentary material. At once a murder mystery and a philosophical tale, *The Eighth Day* is a “suspenseful and deeply moving” (New York Times) work of classic stature that has been hailed as a great American epic. Set in a mining town in southern Illinois, the novels centers around two families blasted apart when the patriarch of one family, John Ashley, is accused of murdering his best friend. Ashley’s miraculous jailbreak on the eve of his execution and his subsequent flight to South America trigger a powerful story tracing the fates of all those whose lives are forever changed by the tragedy: Ashley himself, his wife and children, and the wife and children of the victim.

“ For much of the twentieth century, these remarkable early novels were hidden in the great shadow of *The Bridge of San Luis Rey*. Now we can examine them in the spotlight for the gifts that they are—memorable monuments to style and keys to understanding Wilder’s genius.” — Penelope Niven, Thornton Wilder Biographer Two early novels by the American master with a foreword by

Penelope Niven and afterword with documentary material by the author’s nephew, Tappan Wilder. *The Cabala*, Thornton Wilder’s first novel, tells the story of a young American student who spends a year in the exotic world of post-World War I Rome. While there, he experiences firsthand the waning days of a secret community (a “cabala”) of decaying royalty, a great cardinal of the Roman Church, and an assortment of memorable American ex-pats. This semiautobiographical novel of unforgettable characters and human passions launched Wilder’s career as a celebrated storyteller and dramatist. *The Woman of Andros*, set on the obscure Greek island of Brynos before the birth of Christ, explores universal questions of what is precious about life and how we live, love, and die. Eight years later, Wilder would pose those same questions on the stage in a play titled *Our Town*, also set in an obscure location, this time a village in New Hampshire. *The Woman of Andros* is celebrated for some of the most beautiful writing in American literature.

The essays in this volume evolved from papers presented at the Second International Thornton Wilder Conference, held at Salve Regina University in Newport, Rhode Island, in June 2015. They examine Wilder’s work as both playwright and novelist, focusing upon how he drew on the collaborative mode of creativity required in the theatre, when writing both drama and fiction. The book’s authors use the term “collaboration” in its broadest sense, at times in response to Wilder’s critics who faulted him for “borrowing” from other, earlier, literary works rather than recognizing these “borrowings” as central to the artistic process of collaboration. In exploring Wilder’s collaborative efforts of different

kinds, the essays not only consider how Wilder worked with and revised earlier literary texts and the ideas central to those texts, but also analyze how Wilder worked with and inspired other creative individuals and how recent productions of Wilder’s plays, both in the US and abroad, have been the products of unique forms of collaboration.

“ An extremely entertaining array of American life in a bygone era. ” — New Yorker
The last of Thornton Wilder’s works published during his lifetime, *Theophilus North* is part autobiographical and part the imagined adventures of Wilder’s twin brother who died at birth. This edition features an updated afterword from Wilder’s nephew, Tappan Wilder, with illuminating material about the novelist, story and setting. Setting out to see the world in the summer of 1926, Theophilus North gets as far as Newport, Rhode Island, before his car breaks down. To support himself, Theophilus takes jobs in the elegant mansions along Ocean Drive, just as Wilder himself did in the same decade. Soon the young man finds himself playing the roles of tutor, tennis coach, spy, confidant, lover, friend and enemy as he becomes entangled in adventure and intrigue in Newport’s fabulous addresses, as well as in its local boarding houses, restaurants, dives and military barracks. Narrated by the elderly North from a distance of fifty years, Theophilus North is a fascinating commentary on youth and education from the vantage point of age, and deftly displays Wilder’s trademark wit juxtaposed with his lively and timeless ruminations on what really matters, at the end of the day, about life, love, and work.

The classic Thornton Wilder novel that recreates the dazzling ancient Roman empire of Julius Caesar—now with a new introduction by Jeremy McCarter, author of *Young Radicals* and co-author (with Lin-Manuel Miranda) of the #1 New York Times bestseller *Hamilton: The Revolution*. First published in 1948, *The Ides of March* is a brilliant epistolary novel of the Rome of Julius Caesar. Through imaginary letters and documents, Wilder brings to life a dramatic period of world history and one of its magnetic personalities. In this novel, the Caesar of history becomes Caesar the human being as he appeared to his family, his legions, his Rome, and his empire in the months just before his death. In Wilder's inventive narrative, all Rome comes crowding through his pages: Romans of the slums, of the villas, of the palaces, brawling youths and noble ladies and prostitutes, and the spies and assassins stalking Caesar in his Rome. From the bestselling author of *Fatherland* and *Pompeii*, comes the first novel of a trilogy about the struggle for power in ancient Rome. In his "most accomplished work to date" (*Los Angeles Times*), master of historical fiction Robert Harris lures readers back in time to the compelling life of Roman Senator Marcus Cicero. The re-creation of a vanished biography written by his household slave and righthand man, Tiro, *Imperium* follows Cicero's extraordinary struggle to attain supreme power in Rome. On a cold November morning, Tiro opens the door to find a terrified, bedraggled stranger begging for help. Once a Sicilian

aristocrat, the man was robbed by the corrupt Roman governor, Verres, who is now trying to convict him under false pretenses and sentence him to a violent death. The man claims that only the great senator Marcus Cicero, one of Rome's most ambitious lawyers and spellbinding orators, can bring him justice in a crooked society manipulated by the villainous governor. But for Cicero, it is a chance to prove himself worthy of absolute power. What follows is one of the most gripping courtroom dramas in history, and the beginning of a quest for political glory by a man who fought his way to the top using only his voice—defeating the most daunting figures in Roman history.

Gilbert Highet was a legendary teacher at Columbia University, admired both for his scholarship and his charisma as a lecturer. *Poets in a Landscape* is his delightful exploration of Latin literature and the Italian landscape. As Highet writes in his introduction, "I have endeavored to recall some of the greatest Roman poets by describing the places where they lived, recreating their characters and evoking the essence of their work." The poets are Catullus, Vergil, Propertius, Horace, Tibullus, Ovid, and Juvenal. Highet brings them life, setting them in their historical context and locating them in the physical world, while also offering crisp modern translations of the poets' finest work. The result is an entirely sui generis amalgam of travel writing, biography, criticism, and pure poetry—altogether an unexcelled introduction to the world of the classics.

America wasn't founded to shoulder the world's burdens; we have enough of our own. The formation of the United States was based on the idea of society evolving and changing as the country grew and matured, not stacking problems and debts onto the US people. At the time of the Great Depression between 1929 to 1941, the country's unemployment skyrocketed, and banks failed. The end of the world seemed to be happening on the American Dream, and for many Americans, the Dust Bowl drought devastated the American Mid-West and economic irresponsibility by banks ravaged the country. During this time of unprecedented failure in all aspects of the American way, this secret group stepped in and brought the country back from the brink of implosion. Unknown to the nearly every American at the time and to the world. This secret group staved off the collapse of the country and in turn was able to build the country into what they wanted it to be. Book one of this series sets off on a fast-paced, suspense adventure. This carefully crafted ebook: "ULYSSES (Modern Classics Series)" is formatted for your eReader with a functional and detailed table of contents. *Ulysses* is a modernist novel by Irish writer James Joyce. It is considered to be one of the most important works of modernist literature, and has been called "a demonstration and summation of the entire movement". *Ulysses* chronicles the peripatetic appointments and encounters of Leopold Bloom in Dublin in the course of an ordinary day, 16 June 1904. *Ulysses* is the Latinised name of Odysseus, the hero of Homer's epic poem *Odyssey*, and the novel establishes a series of parallels between its characters and events and those of the poem (the correspondence of Leopold Bloom to Odysseus, Molly Bloom to Penelope, and Stephen Dedalus to Telemachus). Joyce divided *Ulysses* into 18 chapters or "episodes". At first glance much of the book may appear unstructured and chaotic; Joyce once said that he had "put in so many enigmas and puzzles that it will keep the professors busy for centuries arguing over what I meant", which would earn the novel "immortality". James Joyce (1882-1941) was an Irish novelist and poet, considered to be one of the most influential writers in the modernist avant-garde of the early 20th century. Joyce is best known for *Ulysses*, the short-story collection *Dubliners*, and the novels *A Portrait of the Artist as a Young Man* and *Finnegans Wake*.
