More than three decades after its first publication, Edward Said's groundbreaking critique of the West's historical, cultural, and political perceptions of the East has become a modern classic. In this wide-ranging, intellectually vigorous study, Said traces the origins of "orientalism" to the centuries-long period during which Europe dominated the Middle and Near East and, from its position of power, defined "the orient" simply as "other than" the occident. This entrenched view continues to dominate western ideas and, because it does not allow the East to represent itself, prevents true understanding. Essential, and still eye-opening, Orientalism remains one of the most important books written about our divided world.

[Caesar: Politician and Statesman](#) Harper Collins

The ancient Greek hymnic tradition translated beautifully and accessibly. The hymn—as poetry, as craft, as a tool for worship and philosophy—was a vital art form throughout antiquity. Although the Homeric Hymns have long been popular, other equally important collections have not been readily accessible to students eager to learn about ancient poetry. In reading hymns, we also gain valuable insight into life in the classical world. In this collection, early Homeric Hymns of uncertain authorship appear along with the carefully wrought hymns of the great Hellenistic poet and courtier Callimachus; the mystical writings attributed to the legendary poet Orpheus, written as Christianity was taking over the ancient world; and finally, the hymns of Proclus, the last great pagan philosopher of antiquity, from the fifth century AD, whose intellectual influence throughout western culture has been profound. Greek Poems to the Gods distills over a thousand years of the ancient Greek hymnic tradition into a single volume. Acclaimed translator Barry B. Powell brings these fabulous texts to life in English, hewing closely to the poetic beauty of the original Greek. His superb introductions and notes give readers essential context, making the hymns as accessible to a beginner approaching them for the first time as to an advanced student continuing to explore their secrets. Brilliant illustrations from ancient art enliven and enrich the experience of reading these poems.

[A Teacher's Guide to Our Town](#) Cambridge University Press

The Roman civil war has come to its conclusion – Pompey is dead, Egypt is firmly under the control of Cleopatra (with the help of Rome's legions), and for the first time in many years Julius Caesar has returned to Rome itself. Appointed by the Senate as Dictator, the city abounds with rumors asserting that Caesar wishes to be made King – the first such that Rome has had in centuries. And that not all of his opposition has been crushed. Gordianus, recently returned from Egypt with his wife Bethesda, is essentially retired from his previous profession of 'Finder' but even he cannot refuse the call of Calpurnia, Caesar's wife. Troubled by dreams foretelling disaster and fearing a conspiracy against the life of Caesar, she had hired someone to investigate the rumors. But that person, a close friend of Gordianus, has just turned up dead – murdered -- on her doorstep. With four successive Triumphs for Caesar's military victories scheduled for the coming days, and Caesar more exposed to danger than ever before, Calpurnia wants Gordianus to uncover the truth behind the rumored conspiracies -- to protect Caesar's life, before it is too late. No fan of Caesar's, Gordianus agrees to help – but only to find the murderer who killed his friend. But once an investigation is begun, there's no controlling what it will turn up, who it will put in danger, and where it will end.

Well-known as a brilliant general and politician, Caesar also played a fundamental role in the formation of the Latin literary language and history of Latin Literature. This volume provides both a clear introduction to Caesar as a man of letters and a fresh re-assessment of his literary achievements.

[The Cambridge Companion to the Writings of Julius Caesar](#) Samuel French

"An extremely entertaining array of American life in a bygone era." — New Yorker The last of Thornton Wilder's works published during his lifetime, Theophilus North is part autobiographical and part the imagined adventures of Wilder's twin brother who died at birth. This edition features an updated afterword from Wilder's nephew, Tappan Wilder, with illuminating material about the novelist, story and setting. Setting out to see the world in the summer of 1926, Theophilus North gets as far as Newport, Rhode Island, before his car breaks down. To support himself, Theophilus takes jobs in the elegant mansions along Ocean Drive, just as Wilder himself did in the same decade. Soon the young man finds himself playing the roles of tutor, tennis coach, spy, confidant, lover, friend and enemy as he becomes entangled in adventure and intrigue in Newport's fabulous addresses, as well as in its local boarding houses, restaurants, dives and military barracks. Narrated by the elderly North from a distance of fifty years, Theophilus North is a fascinating commentary on youth and education from the vantage point of age, and deftly displays Wilder's trademark wit juxtaposed with his lively and timeless ruminations on what really matters, at the end of the day, about life, love, and work.

The 15th of March, 44 BCE. A day of infamy. A day that fascinates scholars and writers. A crucial moment for humanity. The date of the assassination of the man who could have radically changed the history of the world. With THE IDES OF MARCH, Manfredi revisits the three days in the life of Julius Caesar that led to his assassination in the Senate - a death that set off waves of repercussions throughout the Roman world and beyond.

From the bestselling author of Fatherland and Pompeii, comes the first novel of a trilogy about the struggle for power in ancient Rome. In his "most accomplished work to date" (Los Angeles Times), master of historical fiction Robert Harris lures readers back in time to the compelling life of Roman Senator Marcus Cicero. The re-creation of a vanished biography written by his household slave and righthand man, Tiro, Imperium follows Cicero's extraordinary struggle to attain supreme power in Rome. On a cold November morning, Tiro opens the door to find a terrified, bedraggled stranger begging for help. Once a Sicilian aristocrat, the man was robbed by the corrupt Roman governor, Verres, who is now trying to convict him under false pretenses and sentence him to a violent death. The man claims that only the great senator Marcus Cicero, one of Rome's most ambitious lawyers and spellbinding orators, can bring him justice in a crooked society manipulated by the villainous governor. But for Cicero, it is a chance to prove himself worthy of absolute power. What follows is one of the most gripping courtroom dramas in history, and the beginning of a quest for political glory by a man who fought his way to the top using only his voice—defeating the most daunting figures in Roman history.

"Set in New Orleans in 1869. Monsieur Cahusac, a greedy lawyer, carries on under the cover of his profession a clever hoax in which he extorts money from credulous women by convincing them they are the rightful heirs to the throne of France through relationship to the lost Dauphin."--Samuel French, Inc.

[The Eighth Day](#) Harvard University Press

An ancient bridge collapses over a gorge in Peru, hurling five people into the abyss. It seems a meaningless human tragedy. But one witness, a Franciscan monk, believes the deaths might not be as random as they appear. Convinced that the disaster is a punishment sent from Heaven, the monk sets out to discover all he can about the travellers.

[Et Tu, Brute?](#) Harper Collins

Pushing the Boundaries of Historia collects together 20 chapters, whose coverage extends from the prehistory of Greece through early Christianity in the Roman Empire to the reception of classical texts by contemporary playwrights and poets. The essays range beyond Greece and Rome to the ancient realms of Persia and China and explore a vast array of ancient authors – Homer, Herodotus, Thucydides, Euripides, Vergil, Ovid, Livy, and Tacitus. Written by philologists, historians, epigraphers, palaeographers, archaeologists, and art historians, it brings together the best of old and new traditions of classical study, from senior emeritus faculty with established records of scholarly productivity, to the newest generation of classics and archaeology professors. What draws together the disparate strands of academic inquiry found in these pages is a passion for understanding how the lessons of the world of the ancient Greeks, Romans, and their still lamentably understudied neighbors, can offer commentary on the contemporary world.

[The Ides of March: a Play in Two Acts Based on the Novel by Thornton Wilder](#) Routledge

The political career of one of the great statesmen of Antiquity--indeed of all times--is here captured in a full, authoritative, and lively biography that has long been a classic.

[The Civilization of Rome](#) Harper Collins

The play tells the story of two young bucks who, having spent all their money by living too well, leave London and roam from town to town in search of love and fortune. In order to find a wealthy heiress for at least one of them, they pose as master and servant, exchanging roles from one town to the next. In Lichfield, Aimwell is the master and Archer the servant, and there they meet the lovely, wealthy Dorinda and her equally desirable sister-in-law, Mrs. Kate Sullen. They set their caps for these women, but problems abound. Kate is married to a drunken sot who despises her; the innkeeper's saucy daughter, Cherry, has set her cap for Archer; Dorinda's mother, Lady Bountiful, mistakenly believes herself to be a great healer of the sick, and she guards her daughter like a dragoness; and a band of brigands plans to rob the house of Lady Bountiful that very night, putting all schemes in jeopardy. This is a play in the great tradition of Goldsmith's She Stoops to Conquer and Sheridan's The Rivals and The School for Scandal. It is classic, formal, robust and hilarious.

[The Bridge of San Luis Rey](#) The Ides of March

Desperate to redeem his family honor and carve a legacy for himself, Marc Antony vows not to let warring rebels, scheming politicians, or even an alluring young Egyptian princess stand in his path to glory.

[Theophilus North](#) Vintage

Drawing on such unique sources as Thornton Wilder's unpublished letters, journals, and selections from the extensive annotations Wilder made years later in the margins of the book, Tappan Wilder's Afterword adds a special dimension to the reissue of this internationally acclaimed novel. The Ides of March, first published in 1948, is a brilliant epistolary novel set in Julius Caesar's Rome. Thornton Wilder called it "a fantasia on certain events and persons of the last days of the Roman republic." Through vividly imagined letters and documents, Wilder brings to life a dramatic period of world history and one of history's most magnetic, elusive personalities. In this inventive narrative, the Caesar of history becomes Caesar the human being. Wilder also resurrects the controversial figures surrounding Caesar -- Cleopatra, Catullus, Cicero, and others. All Rome comes crowding through these pages -- the Rome of villas and slums, beautiful women and brawling youths, spies and assassins.

From the co-author of the #1 New York Times bestseller Hamilton: The Revolution, the stunning story of five American radicals fighting for their ideals as the country goes mad around them "Inspiring and entertaining."—David Brooks, The New York Times "It's not difficult to see why [Lin-Manuel] Miranda would have been attracted to [Jeremy] McCarter as a writing partner."—The Wall Street Journal "One of the exciting new nonfiction books this summer."—Time Where do we find our ideals? What does it mean to live for them—and to risk dying for them? For Americans during World War I, these weren't abstract questions. Young Radicals tells the story of five activists, intellectuals and troublemakers who agitated for freedom and equality in the hopeful years before the war, then fought to defend those values in a country pitching into violence and chaos. Based on six years of extensive archival research, Jeremy

---

McCarter's dramatic narrative brings to life the exploits of Randolph Bourne, the bold social critic who strove for a dream of America that was decades ahead of its time; Max Eastman, the charismatic poet-propagandist of Greenwich Village, whose magazine *The Masses* fought the government for the right to oppose the war; Walter Lippmann, a boy wonder of socialism who forged a new path to seize new opportunities; Alice Paul, a suffragist leader who risked everything to win women the right to vote; and John Reed, the swashbuckling journalist and impresario who was an eyewitness to—and a key player in—the Russian Revolution. Each of these figures sensed a moment of unprecedented promise for American life—politically, socially, culturally—and struggled to bring it about, only to see a cataclysmic war and reactionary fervor sweep it away. A century later, we are still fighting for the ideals these five championed: peace, women's rights, economic equality, freedom of speech—all aspects of a vibrant American democracy. The story of their struggles brings new light and fresh inspiration to our own.

Praise for *Young Radicals* "In this lively, if at times swooningly earnest, portrait of artists, activists, writers and intellectuals, McCarter chronicles a moment in American history when 'socialism, progressivism, modernism, and feminism all exploded at once.'"—*Newsday* "A brisk pace and sympathetic portraits make for an entertaining, well-researched history of a decade marked by ebullience, hope, and pain."—*Kirkus Reviews* "McCarter's prose is engaging, moving, and, at times, laugh-out-loud funny. Recommended for young radicals today who want to understand past attempts to change the world in the face of repression."—*Library Journal* (starred review)
