Using the influence of Twitter and easy-to-access apps that anyone can download. The Covid-19 pandemic has sent the financial world into a tailspin. We all have been affected. Small and big businesses have been affected. From the homeless man to the wealthiest billionaire, everyone has been affected. However, this effect is not harmful to some people. There is an elite few who have profited in this time of hardship. Most billionaires are still raking in billions of dollars. Most millionaires are still raking in millions of dollars. You find a new cryptocurrency project with a lot of room for growth and invest some money in it that grows two, three, five, and in some cases even ten times in the coming days/weeks.
