Cracking the Bible Code is the true account of the most amazing scientific research ever undertaken. References to important names, dates, and historical events have been found encoded in the book of Genesis. No individual could have known this information from what grew in the garden of Eden to details of the Gulf War. Mystics and sages have long held that these codes existed, proving God's direct hand in all that was and is to be. Incredible? Yes. But some of today's greatest scientific minds have been unable as yet to disprove the codes. If the codes are genuine, they will forever change our view of God, faith, and our fate. Cracking the Bible Code explores the extraordinary possibilities and the furor surrounding the codes in a riveting story that is equal parts holy quest, Byzantine intrigue, and cutting-edge science.

Decoding Reality Partridge Africa

In this compelling exploration of life, Gregg Braden merges the modern discoveries of nature's patterns (fractals) with the ancient view of a cyclic universe. The result is a powerful model of time—fractal time—and a realistic window into what we can expect for the mysterious year 2012 . . . and beyond. Applying fractal time to the history of the world and life, he proposes that everything from the war and peace between nations to the patterns of human relationships mirror the returning cycles of our past. As each cycle repeats, it carries a more powerful, amplified version of itself. The key: If you know where to look in the past, you know what to expect when the same conditions return in the present and future. For the first time in print, the Time Code Calculator gives you the tool to do just that! Through easy-to-understand science and step-by-step instructions, discover for yourself:

- How the conditions for 2012 have occurred in the past, and what we can expect when they repeat!
- The “ hot dates ” that hold the greatest threats of war and greatest opportunities for peace, as well as economic cycles such as the stockmarket collapse of 2008!
- How Earth's location in space triggers cycles of spiritual growth for humans!
- Your personal Time Codes for the key events of business, relationships, and change in your life!
- How each cycle carries a window of opportunity—a choice point—that allows us to select a new outcome for the returning pattern!
- What the 1999 ice cores from Antarctica reveal about past cycles of climate, global warming, Earth's protective magnetic fields, and what these things mean for us today!

Healing from Within Be Still and Know Harper Collins

Seventeen hundred years ago, key elements of our ancient heritage were lost, relegated to the esoteric traditions of mystery schools and sacred orders. Among the most empowering of the forgotten elements are references to a science with the power to bring everlasting healing to our bodies and initiate an unprecedented era of peace and cooperation between governments and nations. In his groundbreaking new book, *The Isaiah Effect*, Gregg Braden turns to the Isaiah Scroll, perhaps the most important of the Dead Sea Scrolls discovered in 1946, to offer insight into a powerful form of ancient prayer. In *The Isaiah Effect*, Braden, author of *Awakening to Zero Point* and *Walking Between the Worlds*, combines research in quantum physics with the works of the prophet Isaiah and the ancient Essenes. He demonstrates how prophecies of global catastrophe and suffering may only represent future possibilities, rather than forecast impending doom, and that we have the power to influence those possibilities. In addition to describing multiple futures, the Isaiah texts take us one step further, clearly describing the science of how we choose our futures. Tracing key words of Isaiah's text back to their original language, we discover how he taught a mode of prayer that was lost to the West during Biblical editing in the fourth century. Braden offers detailed accounts of how elements of this mode of prayer have been applied in a variety of situations, ranging from

healing life-threatening conditions to entire villages using collective prayer to prevail during the 1998 fires in southern Peru. In each instance, the correlation between the offering of the prayer and a shift of the events in question was beyond coincidence--the prayers had measurable effects! As modern science continues to validate a relationship between our outer and inner worlds, it becomes more likely that a forgotten bridge links the world of our prayers with that of our experience. Each time we engage ourselves, our loved ones, and our communities with Isaiah's life-affirming message of hope, we secure nothing less than our future and the future of the only home we know.

"We were not taught in medical school about the spiritual/energetic aspect of our true nature; that I had to learn from my patients and the master healer Himself." In *Healing From Within, Be Still and Know*, 4th Edition, Dr. Brooksby describes how we can reclaim and maintain our health when traditional medicine has failed us. Liberally peppered with case histories, Dr. Brooksby teaches us about our nature and how it's possible to work with our intrinsic energies to help us heal. "Christ taught his disciples how to heal. We were supposed to have that knowledge, knowledge that has been lost to western cultures. It was not supposed to be a secret." Additionally, in this fourth and final edition of *Healing From Within, Be Still and Know*, Dr. Brooksby discusses past life traumas and energetic entities and the impact of those on our health. Not only did allopathic medicine reject osteopathy, but it does not even acknowledge the existence of craniosacral therapy! I personally have seen some of the miraculous types of healings described by Dr. Brooksby with craniosacral treatment. One young man who had very violent behavior over a three year period following an automobile accident was permanently cured with a single craniosacral treatment. The Upward Spiral is both the story of Val's journey of transformation and a process she has developed, and tested, that can lead us out of the endless cycle of repeating mistakes and reaching dead ends in our personal growth, and onto a new path of endless possibilities. Her philosophy brings together metaphysics, science, philosophy, spirituality and much more, with simplicity and a ring of truth. With transparent and straightforward honesty, Val says that working the transformational ten steps of the Upward Spiral takes courage, determination, discipline and responsibility, and it is darn hard work, but it is also a natural, joyous process that brings rewards from the very first step, and her enthusiasm for the Upward Spiral is encouraging.

The Future That Brought Her Here Hay House, Inc

Suppose you could communicate with a visitor who was not from this place, time-space or even this dimension? What would you want to ask them? The answers probably lie in what our own response would be if we were them. This book is based on a collection of interviews I have had with a few individuals who may have actually had such an experience. The idea is that if enough of us are ready to ask the questions and gain the answers, then our collective knowledge and understanding of the "multiverse" about us can only continue to be enhanced. Sometimes the responses that you will read here are similar; often they are diametrically opposed to each other. An open but highly skeptical mind is extremely necessary if you are going to sift through the data that is presented in this book. The intent is that it should peak your curiosity to learn more about "visitors." In this way, we may be better informed and prepared, and thus in some sort of coherent shape to deal with their arrival. If you read this book, you must be well prepared to choose for yourself what you will or will not believe.

The Sumerians, the pragmatic and gifted people who preceded the Semites in the land first known as Sumer and later as Babylonia, created what was probably the first high civilization in the history of man, spanning the fifth to the second millenniums B.C. This book is an unparalleled compendium of what is known about them. Professor Kramer communicates his enthusiasm for his subject as he outlines the history of the Sumerian civilization and describes their cities, religion, literature, education, scientific achievements, social structure, and psychology. Finally, he considers the legacy of Sumer to the ancient and modern world. "There are few scholars in the world qualified to write such a book, and certainly Kramer is one of them. . . . One of the most valuable features of this book is the quantity of texts and fragments which are published for the first time in a form available to the general reader. For the layman the book provides a readable and up-to-date introduction to a most fascinating culture. For the specialist it presents a synthesis with which he may not agree but from which he will nonetheless derive stimulation."—American Journal of Archaeology "An uncontested authority on the civilization of Sumer, Professor Kramer writes with grace and urbanity."—Library Journal

Resilience from the Heart ReadHowYouWant.com

New in paperback (originally published as *Human by Design*): At the cutting edge of science and spirituality, New York Times best-selling author Gregg Braden explains that evolution is not the whole story of humanity--and offers a new understanding of our origins that can help us tap the extraordinary abilities we already have. What would it mean to discover we're designed to live extraordinary lives of self-healing, longevity, and deep intuition? Is it possible that the advanced awareness achieved by monks, nuns, and mystics--considered rare in the past--is actually meant to be a normal part of our daily lives? In this revelatory book, now available for the first time in paperback, five-time New York Times best-selling author and 2018 Templeton Award nominee Gregg Braden explains that we no longer need to ask these questions as "What if?" Recent discoveries ranging from human evolution and genetics to the new science of neuro-cardiology (the bridge between the brain and the heart) have overturned 150 years of thinking when it comes to the way we think of ourselves, our origin, and our capabilities. In this reader-friendly journey of discovery, Braden begins with the fact that we exist as we do, even more empowered, and more connected with ourselves and the world than scientists have believed in the past. It's this undisputable fact that leads to even deeper mysteries. "How do we awaken the extraordinary abilities that come from such an awesome connection?" "What role does our ancient and mysterious heritage play in our lives today?" Join Gregg as he crosses the traditional boundaries of science and spirituality to answer precisely these questions. In doing so he reveals a) specific tools, techniques, and practices to awaken our deep intuition on-demand, for self healing and longevity; and 2) concrete solutions to the social issues that are destroying our families and dividing us as people, including the bullying of young people, hate crimes, the growing epidemic of suicide, religious extremism, and more. When new discoveries prove that the existing human story is no longer based in fact, it's time to change the story. This simple truth is at the heart of the book you're about to read.
