Based largely on primary sources, this book presents the first detailed history of public relations from 1900 through the 1960s. The author utilized the personal papers of John Price Jones, Ivy L. Lee, Harry Bruno, William Baldwin III, John W. Hill, Earl Newsom as well as extensive interviews -- conducted by the author himself -- with Pendleton Dudley, T.J. Ross, Edward L. Bernays, Harry Bruno, William Baldwin, and more. Consequently, the book provides practitioners, scholars, and students with a realistic inside view of the way public relations has developed and been practiced in the United States since its beginnings in mid-1900. For example, the book tells how: \*

President Roosevelt's reforms of the Square Deal brought the first publicity agencies to the nation's capital. \* Edward L. Bernays, Ivy Lee, and Albert Lasker made it socially acceptable for women to smoke in the 1920s. \* William Baldwin III saved the now traditional Macy's Thanksgiving Day parade in its infancy. \* Ben Sonnenberg took Pepperidge Farm

bread from a small town Connecticut bakery to the nation's supermarket shelves -- and made millions doing it. \* Two Atlanta publicists, Edward Clark and Bessie Tyler, took a defunct Atlanta bottle club, the Ku Klux Klan, in 1920 and boomed it into a hate organization of three million members in three years, and made themselves rich in the process. \* Earl Newsom failed to turn mighty General Motors around when it was besieged by Ralph Nader and Congressional advocates of auto safety. This book documents the tremendous role public relations practitioners play in our nation's economic, social, and political affairs -- a role that goes generally unseen and unobserved by the average citizen whose life is affected in so many ways by the some 150,000 public relations practitioners.

Darius and Twig are an unlikely pair: Darius is a writer whose only escape is his alter ego, a peregrine falcon named Fury, and Twig is a middle-distance runner striving for athletic success. But they are drawn together in the struggle to overcome the obstacles that life in Harlem throws at them. The two friends must face down bullies, an abusive uncle, and the idea that they'll be stuck in the same place forever. Maria Russo, writing in the New York Times, included *Darius & Twig* on her list of "great kids' books with diverse characters." She commented: "The late Myers, one of the greats and a champion of diversity in children's books well before the cause got mainstream attention, is at his elegant, heartfelt best in this 2013 novel. It's about two friends growing up in Harlem, one a writer, one an athlete, facing daily challenges and trying to dream of a brighter future."

The War of 1812 comes to life through the eyes of a young Canadian boy. It's 1812. War has begun, and thirteen-year-old Alexander (Sandy) MacKay is jealous when his older brother Angus goes off with their father to fight the Americans attacking the Niagara region. Too young to know the darker side of battle, he resents being left to shoulder the work on his family's farm. Itching to get in on the action, he sneaks away from home and heads to Lundy's Lane to join up with the local militia. But battle is imminent, and now there's not much his father can do except try to shield him from the worst of the fighting. Sandy's idealized notions of what battle will be like are shattered when the man standing before him is killed by a musket ball and Sandy's own brother is severely wounded. At the battle of Lundy's Lane, the united Canadian/British forces turn the tide against the American troops, but Sandy comes to know how chilling war can be. Just in time for the bicentennial of the War of 1812, *A Call to Battle* is a sobering look at the realities of war. Author Gillian Chan skillfully depicts the transformation of an impetuous young boy, full of boyish enthusiasm, into a more realistic young man who emerges on the other side of war.
