Mysticism, the full realization of God cannot be attained through thoughts or words. The Archetype of the Story of Exodus provides a paradigm of spiritual development that includes spiritualized intellect symbolized by Moses. Mr. Gilberti's tome is more than his personalized writing, but rather takes you through the maze of thought to new realizations. Using Carl Jung's concept of archetype symbols and Aristotle's method of reasoning you are led to the brink of your mind in An Experience of God. There will be those who will no longer run from the fear, who will go into free fall, who will begin to trust the world more to be what it always has been and always will be -- God. The taboo against sensuousness, the indictment and conviction of Eros as evil, effectively puts us at odds with the entirety of our creation as the universe, since we know this creation only through our senses.

Searching for the Caravan is a true story that begins in a wholesome, pastoral farming community in the Midwest, characterized by Christian principles. Eventually, Germaine's curiosity and determination led her on a journey through Europe as a single professional woman, and Asia and Southeast Asia with her husband and children. While spending seventeen years overseas--France, Switzerland, Pakistan, the Philippines, Bangladesh, Thailand and Indonesia--Germaine encountered a multitude of cultures, religions and otherworldly phenomena that would ultimately clarify her own truth. Germaine's experiences--considered controversial and taboo--provoked a journey of another sort where her belief in all things she held sacred was called into question. Desperate to return to the grace she had forsaken in her youth and to understand the mechanics--the science-behind inexplicable events, she turned to God and ancient metaphysical principles (Feng Shui, BaZi, I-Ching) to analyze the extraordinary and regain control of her life. Germaine's

fascinating and courageous story started out as a life review using metaphysical principles as a tool to explain the how and why of her existence, but it ended up as an exploration of the Divine as sifted through Love and Balance. Searching for the Caravan is an enlightening, real life thriller that challenges the spiritual seeker and intellectually curious. Germaine invites you to suspend your sense of the every day normal to suppose the every day not so normal. Her story is a unique odyssey not to be missed.

Based on the Gospel of Matthew, this book is the first of five in the series. The only reason Luke is even at the church youth overnight event is because his mother convinced him to go after an argument. His mother wants him to be baptized but, at 15, Luke doesn't believe he is old enough and doesn't know Jesus well enough. That changes when Luke meets an angel who says he has been chosen by God to deliver a message. First Luke must decide if what he saw and heard is real and then he must decide if he will go. Luke sets out on what he is sure is a crazy adventure with his friend Keith. Starting on bicycles they end up crossing half the United States on a mission for God. Along the way, they learn much more about loving Jesus while facing bullies, drugs and even seeing death - - and Luke delivers God's message. He delivers it to a senior pastor of a large church and the pastor doesn't even know he needs the message.

John Eldredge revises and updates his best-selling, renowned Christian classic. *God designed men to be dangerous*, says John Eldredge. Simply look at the dreams and

desires written in the heart of every boy: To be a hero, to be a warrior, to live a life of adventure and risk. Sadly, most men abandon those dreams and desires—aided by a Christianity that feels like nothing more than pressure to be a "nice guy." It is no wonder that many men avoid church, and those who go are often passive and bored to death. In this provocative book, Eldredge gives women a look inside the true heart of a man and gives men permission to be what God designed them to be—dangerous, passionate, alive, and free.

Planting God Brandt Tobler

This is a story about Gianni, a man whose mission was to lead a simple lifestyle of finding love and getting married and starting a family. He wanted to live out this dream he had since he was in his late teens, and he endured many obstacles over the years to get to where he felt he needed to reach his goal. This story takes place

over many years of his life and covers his many different trials and tribulations while growing up from a shy kid to a confident adult. It also covers the reasons he goes through his struggles of finding love and how he tried to lead the simple life and the examples of what he did to maintain the simple lifestyle. Sometimes it was a completely innocent encounter, but nothing was simple for Gianni because no matter where he went, trouble would begin for him. Many times, his friends would be surprised or shocked by these encounters with women even though they would see it happen in front of their own eyes, but the person who was most often surprised was Gianni himself. Because he had many different encounters and circumstances with women that were beyond his control, the dream that he had envisioned was altered and led him to live a completely opposite lifestyle that he was seeking. Not only did he have many different encounters with women in his life, but these encounters would also happen to him anywhere he would be. And it did not matter what his age was, whether he was a teenager or when he was already in his forties. Once he started into the opposite lifestyle, could he turn back in time to reverse course and accomplish his original mission?
