Joy at Work Simon and Schuster
Marie Kondo's first book, *The
Life-Changing Magic of Tidying*,
transformed the homes and lives
of millions of people around the
world. *Spark Joy* is her in-depth
tidying masterclass, a line-
illustrated, room-by-room guide
to decluttering and organising

your home. It covers every room in the house - from the bedroom and kitchen to the bathroom and living room - as well as all the items that occupy their spaces. Charming line drawings explain how to organise your house and apply Marie Kondo's unique folding method to all your clothes, including shirts, trousers, jackets, skirts, socks and bras. The secret to Marie Kondo's unique and simple KonMari tidying method is to tidy by category and to focus on what you want to keep, not what you want to get rid of. Ask yourself if something 'sparks joy' and suddenly it becomes so much easier to understand if you really need it in your home and your life. Except tidying up is not just about

transforming your home: when you surround yourself with things you love, you will find that your whole life begins to change.

It's Hard to Make a Difference When You Can't Find Your Keys

Fordham Univ Press
John Dewey's *Democracy and Education* addresses the challenge of providing quality public education in a democratic society. In this classic work Dewey calls for the complete renewal of public education, arguing for the fusion of vocational and contemplative studies in

education and for the necessity of universal education for the advancement of self and society. First published in 1916, *Democracy and Education* is regarded as the seminal work on public education by one of the most important scholars of the century. *The Life-Changing Magic of Tidying Up* Permanent Press Washington Scalise shares a vast collection of incredibly easy-to-follow organizing tips, packaged with short articles, budgeting and

financial information, and more.

Organize Your Life and More Wheatmark, Inc.

Impulsive, scattered, lost, unfocused, unprepared, disorganized: These are just a few of the words used to describe kids with executive functioning deficits, which commonly affect many children already diagnosed with ADHD, learning disabilities, and autism. The Impulsive, Disorganized Child: Solutions for Parenting Kids with Executive Functioning Difficulties helps parents

pinpoint weak executive functions in their children, then learn how to help their kids overcome these deficits with practical, easy solutions. Children who can't select, plan, initiate, or sustain action toward their goals are children who simply struggle to succeed in school and other aspects of life. Parents need the helpful, proven advice and interactive surveys and action plans in this book to empower them to take positive action to teach their disorganized, impulsive child to achieve independence,

success, and a level of self-support.

Don't Sleep, There are Snakes Garden City, N.Y. : Doubleday

"There was never supposed to be a post-marriage period of my life," says John Greco. He had just accepted his dream position as a church pastor when his wife announced she was divorcing him. In a few short weeks, his marriage ended and his career plans unraveled. He was hurt, angry, and felt abandoned by God. Marriage is supposed to be for life, but divorce still happens. How can a Christian reconcile the reality of divorce with the biblical view of marriage? How

can the wronged spouse forgive? And how can God still be good when bad things happen? In *Broken Vows: Divorce and the Goodness of God*, Greco doesn't offer pat answers. In the initial aftermath, he says one must simply grieve. "There is a period after a devastating loss when a soul is unable to take in words of healing," he says. "These are the moments, not to look for answers or try to find any sort of good in the situation, but to pour yourself out to Jesus." *Broken Vows* combines Greco's personal story with a biblical view of suffering. He provides pastoral help for those who have

experienced divorce and gives all Christians a way to think biblically about this difficult subject.

Reorganized Religion

Routledge

Declutter your desk and brighten up your business with this transformative guide from an organizational psychologist and the #1 New York Times bestselling author of *The Life-Changing Magic of Tidying Up*. The workplace is a magnet for clutter and mess. Who hasn't felt drained by wasteful meetings, disorganized papers, endless emails, and unnecessary tasks? These are the modern-day hazards of working, and they can slowly

drain the joy from work, limit our chances of career progress, and undermine our well-being. There is another way. In *Joy at Work*, bestselling author and Netflix star Marie Kondo and Rice University business professor Scott Sonenshein offer stories, studies, and strategies to help you eliminate clutter and make space for work that really matters. Using the world-renowned KonMari Method and cutting-edge research, *Joy at Work* will help you overcome the challenges of workplace mess and enjoy the productivity, success, and happiness that come with a tidy desk and mind.

Being and Becoming Da Capo Lifelong Books
#1 NEW YORK TIMES
BESTSELLER • The book

that sparked a revolution and inspired the hit Netflix series *Tidying Up with Marie Kondo*: the original guide to decluttering your home once and for all. ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE—CNN Despite constant efforts to declutter your home, do papers still accumulate like snowdrifts and clothes pile up like a tangled mess of noodles? Japanese cleaning consultant Marie Kondo takes tidying to a whole new level,

promising that if you properly simplify and organize your home once, you'll never have to do it again. Most methods advocate a room-by-room or little-by-little approach, which doom you to pick away at your piles of stuff forever. The KonMari Method, with its revolutionary category-by-category system, leads to lasting results. In fact, none of Kondo's clients have lapsed (and she still has a three-month waiting list). With detailed

guidance for determining which items in your house “spark joy” (and which don’t), this international bestseller will help you clear your clutter and enjoy the unique magic of a tidy home—and the calm, motivated mindset it can inspire.

Get Your Act Together

Profile Books

Grief comes in many forms: death, divorce, retirement, physical impairment, caregiving for the terminally ill, or the diagnosis of a medical or mental condition. Misguided or unresolved grief can manifest itself in many forms, also. In Mrs. Clear's case it was alcohol abuse. But, with many of her clients it's the accumulation of clutter. Dorothy Clear shares her poignant personal experience with misdirected grief, after losing her father, to connect to those she

helps in her work as a professional organizer. This common bond between her and her clients builds trust for the start of what can be a very intimate relationship. This fragile population can shut down if they feel criticized or judged. Or, they can blossom with encouragement, motivation and support.

Quintessential Style Bantam

In this volume, leading authorities provide a state-of-the-art examination of disorganized attachment: what it is, how it can be

identified, and its links to behavioral problems and psychological difficulties in childhood and beyond. The editors offer a fresh perspective on disorganized attachment, not as a characteristic of the infant or child but as the product of a dysregulated and disorganized parent-child relationship. They present cutting-edge research and exemplary treatment approaches. With attention to the subjective experiences of both

mothers and children, the book shows how focusing on the caregiving system can advance research and clinical practice.

The SLOB Sisters are back after the phenomenal success of *Sidetracked Home Executives* (750,000 paperback copies sold), with a new program for organizing your home and personal life.

Restoring Joy to Your Inner World Wm. B. Eerdmans Publishing

Two sisters share the system of organising household chores that they created to make managing a home less time consuming and more efficient, in an updated handbook that explains how to reduce chaos and clutter and achieve organisation in the home.

The Joy of the Gospel Little, Brown Spark

Although Daniel Everett was a missionary, far from converting the Pirahs, they converted him. He shows the slow,

meticulous steps by which he gradually mastered their language and his gradual realisation that its unusual nature closely reflected its speakers' startlingly original perceptions of the world. Everett describes how he began to realise that his discoveries about the Pirah language opened up a new way of understanding how language works in our minds and in our lives, and that this way was utterly at odds with Noam Chomsky's universally accepted linguistic theories. The perils of passionate academic opposition were then swiftly conjoined to those of the Amazon in a debate whose

outcome has yet to be won. Everett's views are most recently discussed in Tom Wolfe's bestselling *The Kingdom of Speech*. Adventure, personal enlightenment and the makings of a scientific revolution proceed together in this vivid, funny and moving book. *Life Drawing Createspace* Independent Publishing Platform
The Joy of Being Disorganized will completely change the way you look at yourself and at housework and will help get your family to

want to help you. Never again will you beat yourself up over not being organized. With a fresh way of looking at organization - homemaking and housekeeping are truly matters of peacemaking and peacekeeping- you'll stop putting organized people up on a pedestal and subsequently stop putting yourself down. Pam shows you how to look at the big picture and then move in small ways to achieve the home

you've always wanted. *What's a Disorganized Person to Do?* Jessica Kingsley Publishers
Organizing the Disorganized Child explains: How to solve the messy-backpack problem (page 28). Step-by-step tips to help your child improve study skills (page 96). Which school supplies work best for different types of children (page 26). Methods for note taking (page 99). Techniques for time management (page 72). Strategies to refine morning and nighttime routines that will help the entire family (page 128).
