Chronicle Books Llc

Looks at unionization efforts by Chicago's packinghouse workers and explores the process of class formation in early twentieth-century industrial America.

R. Kipling ' s "The Jungle Book" and it's use and importance for today ' s children GRIN Verlag

Golding ' s iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age.

This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

Few American writers have revealed their

private as well as their public selves so fully as Upton Sinclair, and virtually none over such a long lifetime (1878–1968). Sinclair's writing, even at its most poignant or electrifying, blurred the line between politics and art—and, indeed, his life followed a similar arc. In *Radical Innocent: Upton Sinclair*, Anthony Arthur weaves the strands of Sinclair's contentious public career and his often-troubled private life into a compelling personal narrative. An unassuming teetotaler with a fiery streak, called a propagandist by some, the most conservative of revolutionaries by others, Sinclair was such a driving force of history that one could easily mistake his life story for historical fiction. He counted dozens of epochal figures as friends or confidants, including Mark Twain, Jack London, Henry Ford, Thomas Mann, H. G. Wells, Theodore and Franklin Roosevelt, Albert Einstein, Charlie Chaplin, Albert Camus, and Carl Jung. Starting with *The Jungle* in 1906, Sinclair's fiction and nonfiction helped to inform and mold American opinions about socialism, labor and industry, religion and philosophy, the excesses of the media, American political isolation and pacifism, civil liberties, and mental and physical health. In his later years, Sinclair twice reinvented himself, first as the Democratic candidate for governor of California in 1934, and later, in his sixties and seventies, as a historical novelist. In 1943 he won a Pulitzer Prize for *Dragon's Teeth*, one of eleven novels featuring super-spy Lanny Budd. Outside the literary realm, the ever-restless Sinclair was seemingly everywhere: forming Utopian artists' colonies, funding and producing Sergei Eisenstein's film documentaries, and waging consciousness-raising political campaigns. Even when he wasn't involved in progressive causes or counterculture movements, his name often was invoked by them—an arrangement that frequently embroiled Sinclair in controversy. Sinclair's passion and optimistic zeal inspired America, but privately he could be a frustrated, petty man who connected better with his readers than with members of his own family. His life with his first wife, Meta, his son David, and various friends and professional acquaintances was a web of conflict and strain. Personally and professionally ambitious, Sinclair engaged in financial speculation, although his wealth-generating schemes often benefited his pet causes—and he lobbied as tirelessly for professional recognition and awards as he did for

government reform. As the tenor of his work would suggest, Sinclair was supremely human. In *Radical Innocent: Upton Sinclair*, Anthony Arthur offers an engrossing and enlightening account of Sinclair's life and the country he helped to transform. Taking readers from the Reconstruction South to the rise of American power to the pinnacle of Hollywood culture to the Civil Rights era, this is historical biography at its entertaining and thought-provoking finest.

This groundbreaking new source of international scope defines the essay as nonfictional prose

texts of between one and 50 pages in length. The more than 500 entries by 275 contributors include entries on nationalities, various categories of essays such as generic (such as sermons, aphorisms), individual major works, notable writers, and periodicals that created a market for essays, and particularly famous or significant essays. The preface details the historical development of the essay, and the alphabetically arranged entries usually include biographical sketch, nationality, era, selected writings list, additional readings, and anthologies Forrest Gump Houghton Mifflin Harcourt This anthology surveys the immigration experience from a wide range of cultural and historical viewpoints. Contributors include Jacob Riis, Edwidge Danticat, Junot Díaz, and many others. **Radical Innocent: Upton Sinclair** The Jungle

In this first volume of *The Sylvan Jungle*, the editors present a scholarly edition of the first chapter, "Exploring Meinong's Jungle," of Richard Routley's 1000-plus page book, *Exploring Meinong's Jungle and Beyond*. Going against the Quinean orthodoxy, Routley's aim was to support Meinong's idea that we can truthfully refer to non-existent and even impossible objects, like Superman, unicorns and the (infamous) round-square cupola on Berkeley College. The tools of non-classical logic at Routley's disposal enabled him to update Meinong's project for a new generation. This volume begins with an Introduction from Dominic Hyde, "The 'Jungle Book' in Context," an essay that situates *Exploring Meinong's Jungle and Beyond* historically. We provide the original Preface by Routley, followed by Chapter 1: "Exploring Meinong's Jungle and Beyond." In Chapter 2, Nicholas Griffin argues that Sylvan's project was insufficiently radical with his essay, "Why the Original Theory of Items Didn't (Quite) Go Far Enough." Sylvan revisits his position from this time in Chapter 3, with his article, "Re-Exploring Item-Theory." Filippo Casati, who has worked in the Routley Archives then takes up the question of the future of Sylvan's research program in his essay, "The Future Perfect of Exploring Meinong's Jungle." Iconic and iconoclastic Australian philosopher Richard Routley (né Sylvan) published *Exploring Meinong's Jungle and Beyond* in 1980.

This work has fallen out of print, yet without great fanfare it has influenced two generations of philosophers and logicians.

Oil! BEYOND BOOKS HUB
The unforgettable memoir of a woman at the front lines of the civil rights movement—a harrowing account of black life in the rural South and a powerful affirmation of one person's ability to affect change. "Anne Moody's autobiography is an eloquent, moving testimonial to her courage."—Chicago Tribune Born to a poor couple who were tenant farmers on a plantation in Mississippi, Anne Moody lived through some of the most dangerous days of the pre-civil rights era in the South. The week before she began high school came the news of Emmet Till's lynching. Before then, she had "known the fear of hunger, hell, and the Devil. But now there was . . . the fear of being killed just because I was black." In that

moment was born the passion for freedom and justice that would change her life. A straight-A student who realized her dream of going to college when she won a basketball scholarship, she finally dared to join the NAACP in her junior year. Through the NAACP and later through CORE and SNCC, she experienced firsthand the demonstrations and sit-ins that were the mainstay of the civil rights movement—and the arrests and jailings, the shotguns, fire hoses, police dogs, billy clubs, and deadly force that were used to destroy it. A deeply personal story but also a portrait of a turning point in our nation's destiny, this autobiography lets us see history in the making, through the eyes of one of the footsoldiers in the civil rights movement. Praise for *Coming of Age in Mississippi* "A history of our time, seen from the bottom up, through the eyes

of someone who decided for herself that things had to be changed . . . a timely reminder that we cannot now relax."—Senator Edward Kennedy, *The New York Times Book Review* "Something is new here . . . rural southern black life begins to speak. It hits the page like a natural force, crude and undeniable and, against all principles of beauty, beautiful."—*The Nation* "Engrossing, sensitive, beautiful . . . so candid, so honest, and so touching, as to make it virtually impossible to put down."—*San Francisco Sun-Reporter*
The Jungle Vintage
"When her reading light goes out, Julie opens a mysterious portal to the land of Science, where she discovers that Tungsten the rogue Periodic has been making trouble" -- T.p. verso.
The Beast in the Jungle Scholastic Inc.
"The novel that foreshadowed Donald Trump's authoritarian

appeal."—*Salon* *It Can't Happen Here* is the only one of Sinclair Lewis's later novels to match the power of *Main Street*, *Babbitt*, and *Arrowsmith*. A cautionary tale about the fragility of democracy, it is an alarming, eerily timeless look at how fascism could take hold in America. Written during the Great Depression, when the country was largely oblivious to Hitler's aggression, it juxtaposes sharp political satire with the chillingly realistic rise of a president who becomes a dictator to save the nation from welfare cheats, sex, crime, and a liberal press. Called "a message to thinking Americans" by the *Springfield Republican* when it was published in 1935, *It Can't Happen Here* is a shockingly

prescient novel that remains as fresh and contemporary as today's news. Includes an Introduction by Michael Meyer and an Afterword by Gary Scharnhorst

The Representation of Immigrant Life in Upton Sinclair's "The Jungle"

Courier Corporation

Chappie is a punked-out teenager rejected by his mother and abusive stepfather. Out of school and in trouble with the police, he drifts through crash pads, doper squats, and malls until he finally settles in an abandoned school bus with Rose, a seven-year-old child, and I-Man, an exiled Rastafarian who will dramatically change his life. Together they begin an amazing journey...

The Jungle is a 1906 novel written by the American journalist and novelist Upton Sinclair (1878-1968). Sinclair wrote the novel to portray the harsh conditions and exploited lives of immigrants in the United States in Chicago and similar industrialized cities. Perhaps his main goal in exposing the meat industry and working conditions was to advance Socialism in the United States. However, most readers were more concerned with his exposure of health violations and unsanitary practices in the American meatpacking industry during the early 20th century, greatly contributing to a public outcry which led to reforms including the Meat Inspection Act. Sinclair famously said of the public

reaction "I aimed at the public's heart, and by accident I hit it in the stomach." The book depicts working class poverty, the lack of social supports, harsh and unpleasant living and working conditions, and a hopelessness among many workers. These elements are contrasted with the deeply rooted corruption of people in power. A review by the writer Jack London called it "the Uncle Tom's Cabin of wage slavery."

The Beast in the Jungle is a 1903 novella by Henry James, first published as part of the collection, The Better Sort. Almost universally considered one of James' finest short narratives, this story treats appropriately universal themes: loneliness, fate, love and death. The parable of John Marcher and his peculiar destiny has spoken to many

readers who have speculated on the worth and meaning of human life.

Sleeping Beauty is a captivating coming-of-age tale set in the magical jungles of Borneo. Told through the vivid recollections of a Chinese-Malay youth, the novel recounts the life of Su Qi, a troubled, sensitive son of a wealthy family, and exemplifies the imaginative range of one of Taiwan's most innovative writers. "There were all sorts of stories about how my younger sister died," Su Qi begins, hinting at the power of memory to bend and refract truth. Yet whichever the real story may be, the fact is that the

death of Su Qi's sister created an irrevocable rift in Su Qi's family, driving his father into the arms of aboriginal women and his mother into a world of her own invention. In an effort to escape the oppression of home, Su Qi loses himself in the surrounding jungle, full of Communist guerillas and strange tropical fauna. The jungle further blurs the line between fantasy and reality for Su Qi, until he meets Chunxi, the beautiful, frail daughter of his father's best friend. Chunxi is an oasis of kindness and honesty in an otherwise cruel and evasive world, but after a bizarre accident, Chunxi falls into a deep coma, and Su Qui flees to Taiwan. In college Su Qi meets Keyi, a vivacious siren who helps Su Qi forget not only

his violent past but of Chinese writers
also the colorful born in Southeast
