?? The Most Dangerous Game by Richard Connell ?? The Most Dangerous Game, also published as The Hounds of Zaroff, is a short story by Richard Connell first published in Collier's magazine on January 19, 1924. It features a big-game hunter from New York who falls off a yacht and swims to an isolated island in the Caribbean where he is hunted by a Cossack aristocrat. The story is an adaptation of the big-game hunting safaris in Africa and South America that were fashionable among wealthy Americans in the 1920s. ?? The Most Dangerous Game by Richard Connell ?? Big-game hunter Sanger Rainsford and his friend, Whitney, are traveling to the Amazon rainforest for a jaguar hunt. After a discussion about how they are "the hunters" instead of "the hunted," Whitney goes to bed and Rainsford hears gunshots. He climbs onto the yacht's rail and accidentally falls overboard, swimming to Ship-Trap Island, which is notorious for shipwrecks. On the island, he finds a palatial chateau inhabited by two Cossacks: the owner, General Zaroff, and his gigantic deaf-mute servant, Ivan. ?? The Most Dangerous Game by Richard Connell ?? Zaroff, another big-game hunter, knows of Rainsford from his published account of hunting snow leopards in Tibet. Over dinner, the middle-aged Zaroff explains that although he has been hunting animals since he was a boy, he has decided that killing big-game has become boring for him, so after escaping the Russian Revolution he moved to Ship-Trap Island and set it up to trick ships into wrecking themselves on the jagged rocks that surround it. He takes the survivors captive and hunts them for sport, giving them food, clothing, a knife, and a three-hour head start, and using only a small-caliber pistol for himself. Any captives who can elude Zaroff, Ivan, and a pack of hunting dogs for three days are set free. He reveals that he has won every hunt to date. Captives are offered a choice between being hunted or turned over to Ivan, who once served as official knouter for The Great White Czar. Rainsford denounces the hunt as barbarism, but Zaroff replies by claiming that "life is for the strong." Realizing he has no way out, Rainsford reluctantly agrees to be hunted. During his head start, Rainsford lays an intricate trail in the forest and then climbs a tree. Zaroff finds him easily, but decides to play with him as a cat would with a mouse, standing underneath the tree Rainsford is hiding in, smoking a cigarette, and then abruptly departing. ?? The Most Dangerous Game by Richard Connell ?? After the failed attempt at eluding Zaroff, Rainsford builds a Malay man-catcher, a weighted log attached to a trigger. This contraption injures Zaroff's shoulder, causing him to return home for the night, but he shouts his respect for the trap before departing. The next day Rainsford creates a Burmese tiger pit, which kills one of Zaroff's hounds. He sacrifices his knife and ties it to a sapling to make another trap, which kills Ivan when he stumbles into it. To escape Zaroff and his approaching hounds, Rainsford dives off a cliff into the sea; Zaroff, disappointed at Rainsford's apparent suicide, returns home. Zaroff smokes a pipe by his fireplace, but two issues keep him from the peace of mind: the difficulty of replacing Ivan and

the uncertainty of whether Rainsford perished in his dive. Life-The-Flap Questions and Answers about Feelings Gideon K. Sarpong

The Law, as quoted, lays down a fair conduct of life, and one not easy to follow. I have beenfellow to a beggar again and again under circumstances which prevented either of usfinding out whether the other was worthy. I have still to be brother to a Prince, though Ionce came near to kinship with what might have been a veritable King and was promisedthe reversion of a Kingdom - army, law-courts, revenue and policy all complete. But, today, I greatly fear that my King is dead, and if I want a crown I must go and hunt it formyself.The beginning of everything was in a railway train upon the road to Mhow from Ajmir.There had been a deficit in the Budget, which necessitated travelling, not Second-class, which is only half as dear as First-class, but by Intermediate, which is very awful indeed.There are no cushions in the Intermediate class, and the population are eitherIntermediate, which is Eurasian, or native, which for a long night journey is nasty; orLoafer, which is amusing though intoxicated. Intermediates do not patronize refreshmentrooms. They carry their food in bundles and pots, and buy sweets from the nativesweetmeat-sellers, and drink the roadside water. That is why in the hot weatherIntermediates are taken out of the carriages dead, and in all weathers are most properlylooked down upon.My particular Intermediate happened to be empty till I reached Nasirabad, when a hugegentleman in shirt-sleeves entered, and, following the custom of Intermediates, passed thetime of day. He was a wanderer and a vagabond like myself, but with an educated taste forwhiskey. He told tales of things he had seen and done, of out-of-the-way corners of theEmpireinto which he had penetrated, and of adventures in which he risked his life for a few days' food. "If India was filled with men like you and me, not knowing more than thecrows where they'd get their next day's rations, it isn't seventy millions of revenue the landwould be paying - it's seven hundred million," said he; and as I looked at his mouth andchin I was disposed to agree with him. We talked politics - the politics of Loaferdom thatsees things from the underside where the lath and plaster is not smoothed off - and wetaiked postal arrangements because my friend wanted to send a telegram back from thenext station to Ajmir, which is the turning-off place from the Bombay to the Mhow line asyou travel westward. My friend had no money beyond eight annas which he wanted fordinner, and I had no money at all, owing to the hitch in the Budget before mentioned.Further, I was going into a wilderness where, though I should resume touch with theTreasury, there were no telegraph offices. I was, therefore, unable to help him in any way

A Navigation System for Leaders Rik Roots

A European trading concern hires Marlow to pilot a boat up the Congo River in search of Kurtz—a first-class ivory agent and the manager of the company ’ s highly profitable Inner Station—who is believed to be on his deathbed. With a handful of pilgrims as his passengers and a crew of cannibals, Marlow steams his way into the African interior. The terrifying discovery he makes at the end of his journey and the horrors he witnesses along the way have thrilled and disturbed readers for more than a century. A searing indictment of imperialism and a haunting expos é of mankind ’ s savage nature, Heart of Darkness is Joseph Conrad ’ s masterpiece. This ebook has been professionally proofread to ensure accuracy and readability on all devices. Heart of Darkness is a classic of world literature. The book tells a story about a voyage up the Congo River into the Congo Free State, in the heart of Africa. Marlow, the story's narrator, tells his story to friends aboard a boat anchored on the River Thames, London, England. This setting provides the frame for Marlow's story of his obsession with the ivory trader Kurtz, which enables Conrad to create a parallel between London and Africa as places of darkness. Central to Conrad's work is the idea that there is little difference between so-called civilized people and those described as savages; Heart of Darkness raises important questions about imperialism and racism. Joseph Conrad acknowledged that Heart of Darkness was in part based on his own experiences during his travels in Africa. In 1890, at the age of 32, he was appointed by a Belgian trading company to serve as the captain of a steamer on the Congo River. Joseph Conrad (1857-1924), was a Polish author who wrote in English after settling in England. Conrad is regarded as one of the greatest novelists in English, though he did not speak the language fluently until he was in his twenties. He wrote stories and novels, often with a nautical setting, that depict trials of the human spirit in the midst of an indifferent universe. He was a master prose stylist who brought a distinctly non-English tragic sensibility into English literature. A Doctor's Journey to the Limits of Human Endurance Carl-Auer Verlag

This book describes a new model of leadership — the Leadership-Map — , that helps executive managers to navigate the intricacies and complexity of their executive functions. From her 20 years of experience Ruth Seliger has learned that leadership is more a question of organization than personality, which is why established ideas of what to do or not to do as an executive are short-sighted and often misleading. The introductory part of the book outlines the specific dilemmas and challenges of leadership and establishes a basis in systems theory. This is followed by a presentation of the main dimensions of leadership according to the Leadership-Map: practice, profession and process of leadership. Finally, the author points out the latest developments in Positive Leadership. Like a good map, the book is very practice and reader-oriented: numerous case examples, many charts, exercises and tests present a vivid image of the complex material.
