There had been a crowd following all the way, owing to the exuberance of Marija Berczynskas. The occasion rested heavily upon Marija's broad shoulders--it was her task to see that all things went in due form, and after the best home traditions; and, flying wildly hither and thither, bowling every one out of the way, and scolding and exhorting all day with her tremendous voice, Marija was too eager to see that others conformed to the proprieties to consider them herself. She had left the church last of all, and, desiring to arrive first at the hall, had issued orders to the coachman to drive faster. When that personage had developed a will of his own in the matter, Marija had flung up the window of the carriage, and, leaning out, proceeded to tell him her opinion of him, first in Lithuanian, which he did not understand, and

A compelling graphic novel adaptation of Upton Sinclair's seminal protest novel that brings to life the harsh conditions and exploited existences of immigrants in Chicago's meatpacking industry in the early twentieth century. Long acclaimed around the world, Upton Sinclair's 1906 muckraking novel The Jungle remains a powerful book even today. Not many works of literature can boast that their publication brought about actual social and labor change, but that's just what The Jungle did, as it led to the passage of the Pure Food and Drug Act of 1906. In today's society, where labor and safety of the food we eat remain key concerns for all, Sinclair's shocking story still resonates. Bringing new life and energy to this classic work, adapter and illustrator Kristina Gehrman takes Sinclair's prose and transforms it through pen and ink,

allowing you to discover (or rediscover) this book and see it from a whole new perspective.

The Jungle Modern Library The Jungle The Exploitation of Immigrants in the United States by Upton Sinclair The main character in the book is Jurgis Rudkus, a Lithuanian immigrant trying to make ends meet in Chicago. The book begins with his and Ona's wedding feast. He and his family live near the stockyards and meatpacking district, where many immigrants work who do not know much English. He takes a job at Brown's slaughterhouse. Rudkus had thought the US would offer more freedom, but he finds working conditions harsh. He and his young wife struggle to survive. They fall deeply into debt and are prey to con men. Hoping to buy a house, they exhaust their savings on the down-payment for a sub-standard slum house, which they cannot afford. The family is evicted after their money is taken. Rudkus had expected to support his wife and other relatives, but eventually all - the women, children, and his sick father - seek work to survive. As the novel progresses, the jobs and means the family uses to stay alive slowly lead to their physical and moral decay.

Accidents at work and other events lead the family closer to catastrophe. One injury results in Rudkus being fired; he later takes a job at Durham's fertilizer plant. The family's hardships accumulate as Ona confesses that her boss, Connor, had raped her, and made her job dependent on her giving him sexual favors. In revenge, Rudkus attacks Connor, resulting in his arrest and imprisonment. After being released from jail, Rudkus finds that his family has been evicted from their house. He finds them staying with relatives, where Ona is in labor with her second child. She dies in childbirth at age eighteen from blood loss. Rudkus had lacked the money for a doctor. Soon after, his first child drowns in a muddy street. Rudkus leaves the city and takes up drinking. His brief sojourn as a hobo in rural United States shows him that there is really no escape - farmers turn their workers away when the harvest is finished. Rudkus returns to Chicago and holds down a succession of laboring jobs and as a con-man. He drifts without direction. One night, he wanders into a lecture being given by a Socialist orator, where he finds community and purpose. A fellow socialist employs him, and he resumes

his support of his wife's family, although some of them are damaged beyond repair. The book ends with another socialist rally, which follows some political victories.

Upton Sinclair, the Lithuanian Jungle Penguin Classics 1906 bestseller shockingly reveals intolerable labor practices and unsanitary working conditions in the Chicago stockyards as it tells the brutally grim story of a Slavic family that emigrates to America full of optimism but soon descends into numbing poverty, moral degradation, and despair. A fiercely realistic American classic that will haunt readers long after they've finished the last page.

The Jungle is a 1906 novel by the American journalist and novelist Upton Sinclair (1878-1968). Sinclair wrote the novel to portray the harsh conditions and exploited lives of immigrants in the United States in Chicago and similar industrialized cities. His primary purpose in describing the meat industry and its working conditions was to

advance socialism in the United States. However, most readers were more concerned with several passages exposing health violations and unsanitary practices in the American meat packing industry during the early 20th century, which greatly contributed to a public outcry which led to reforms including the Meat Inspection Act. Sinclair famously said of the public reaction, "I aimed at the public's heart, and by accident I hit it in the stomach."

"The Uncle Tom's Cabin of wage slavery." - Jack London The Jungle is a 1906 novel by the American journalist and novelist Upton Sinclair (1878-1968).

Sinclair wrote the novel to portray the harsh conditions and exploited lives of immigrants in the United States in Chicago and similar industrialized cities. The book depicts working-class poverty, the lack of social supports, harsh and unpleasant living and working conditions, and a hopelessness among many workers. These elements are contrasted with the deeply rooted corruption of people in power. A review by the writer Jack London called it "the Uncle Tom's Cabin of wage slavery." Sinclair was considered a muckraker, or journalist who exposed corruption in government and business. In 1904, Sinclair had spent seven weeks gathering information while working incognito in the meatpacking plants of the Chicago stockyards for the newspaper. He first published the novel in serial form in 1905 in the Socialist newspaper Appeal to Reason, and it was

In his legendary novel *The Jungle* (1905 and 1906), Upton Sinclair included a conspicuous number of Lithuanian words, phrases and surnames. This volume is the first attempt to analyze aspects of Lithuanian linguistic and historical data from *The Jungle*. Sinclair discovered the Lithuanian language in Chicago and explored it with pleasure. He even confessed to having sang in Lithuanian. If you look for “ a Lithuanian linguist ” working in field-research conditions in Chicago's Back of the Yards—there is Upton Sinclair! The book targets Sinclair's motives for choosing Lithuanian characters, his sources and his work methods in “ field-research ” conditions in Chicago. Some real-life individuals—Lithuanian name-donors for the protagonists of *The Jungle*—are presented in this volume. Certain details of the turn-of-the-century Chicago depicted in *The Jungle* are also revealed—for example, the saloon where the actual Lithuanian wedding feast took place and its owner. This

volume is of interest to American literary historians, sociolinguists, language historians, and those interested in the history of Lithuanian immigration to America and the immigrant experience in Chicago.

For nearly a century, the original version of Upton Sinclair's classic novel has remained almost entirely unknown. When it was published in serial form in 1905, it was a full third longer than the censored, commercial edition published in book form the following year. That expurgated commercial edition edited out much of the ethnic flavor of the original, as well as some of the goriest descriptions of the meat-packing industry and much of Sinclair's most pointed social and political commentary. The text of this new edition is as it appeared in the original uncensored edition of 1905. It contains the full 36 chapters as originally published, rather than the 31 of the expurgated edition. A new foreword describes the discovery in the 1980s of the original edition and its subsequent suppression, and a new introduction places the novel in historical context by explaining the pattern of censorship in the shorter commercial edition.
