Franklin Classics Trade Press
Today's moviegoers and critics generally consider some Hollywood products--even some blockbusters--to be legitimate works of art. But during the first half century of motion pictures very few Americans would have thought to call an American movie "art." Up through the 1950s, American movies were regarded as a form of popular, even lower-class, entertainment. By the 1960s and 1970s, however, viewers were regularly judging Hollywood films by artistic criteria previously applied only to high art forms. In Hollywood Highbrow, Shyon Baumann for the first time tells how social and cultural forces radically changed the public's perceptions of American movies just as those forces were radically changing the movies themselves. The development in the United States of an appreciation of film as an art was, Baumann shows, the product of large changes in Hollywood and American society as a whole. With the postwar rise of television, American movie audiences shrank dramatically and Hollywood responded by appealing to richer and more educated viewers. Around the same time, European ideas about the director as artist, an easing of censorship, and the development of art-house cinemas, film festivals, and the academic field of film studies encouraged the idea that some American movies--and not just European ones--deserved to be considered art.

The First Collection of Humor by Women Praeger Pub Text
This reissue of Bob Woodward ' s classic book about John Belushi—one of the most interesting performers and personalities in show business history— “ is told with the same narrative style that Woodward employed so effectively in All the President ' s Men and The Final Days ” (Chicago Tribune). John Belushi was found dead of a drug overdose March 5, 1982, in a seedy hotel bungalow off Sunset Boulevard in Hollywood. Belushi ' s death was the beginning of a trail that led Washington Post reporter Bob Woodward on an investigation that examines the dark side of American show business—TV, rock and roll, and the movie industry. From on-the-record interviews with 217 people, including Belushi's widow, his former partner Dan Aykroyd, Belushi ' s movie directors including Jack Nicholson and Steven Spielberg, actors Chevy Chase, Robin Williams, and Carrie Fisher, the movie executives, the agents, Belushi ' s drug dealers, and those who live in the show business underground, the author has written a close portrait of a great American comic talent, and of his struggle to succeed and to survive that ended in tragedy. Using diaries, accountants ' records, phone bills, travel records, medical records, and interviews with firsthand witnesses, Woodward has followed Belushi ' s life from childhood in a small town outside Chicago to his meteoric rise to fame. Bob Woodward has written a spellbinding account of rise and fall, a cautionary tale for our times, and a poignant and gentle portrait of a young man who had so much, gave so much, and lost so much.

A Year Book...pub. by the Senior Classes of the University of Michigan Simon and Schuster
In this major biography of an important politician and statesman, Dean Kotlowski presents the life of Paul V. McNutt, a great understudied figure in the era of FDR. McNutt was governor of Indiana, high commissioner to the Philippines (while serving he helped 1,300 Jews flee Nazi Germany for Manila), head of the WWII Federal Security Agency, and would-be presidential candidate. Paul V. McNutt and the Age of FDR explores McNutts life, his era, and his relationship with Franklin Roosevelt. It sheds light on the expansion of executive power at the state level during the Great Depression, the theory and practice of liberalism as federal administrators understood it in the 1930s and 1940s, the mobilization of the American home front during World War II, and the internal dynamics of the Roosevelt and Truman administrations. McNutts life underscores the challenges and changes Americans faced during an age of economic depression, global conflict, and decolonialization.

It's no secret that in today's complex world, students face unparalleled demands as they prepare for college, careers, and active citizenship. However, those demands won't be met without a fundamental shift from traditional, teacher-centered instruction toward innovative, student-centered teaching and learning. For schools ready to make such a shift, project-based learning (PBL) offers a proven framework to help students be better equipped to tackle future challenges. Project Based Teachers encourage active questioning, curiosity, and peer learning; create learning environments in which every student has a voice; and have a mastery of content but are also comfortable responding to students' questions by saying, "I don’t know. Let's find out together." In this book, Suzie Boss and John Larmer build on the framework for Gold Standard PBL originally presented in Setting the Standard for Project Based Learning and explore the seven practices integral to Project Based Teaching: Build the Culture Design and Plan Align to Standards Manage Activities Assess Student Learning Scaffold Student Learning Engage and Coach For each practice, the authors present a wide range of practical strategies

and include teachers' reflections about and suggestions from their classroom experiences. This book and a related series of free videos provide a detailed look at what's happening in PBL classrooms from the perspective of the Project Based Teacher. Let's find out together. A copublication of ASCD and Buck Institute for Education (BIE).

Discover the Secrets to Getting Published. Writing a book? In the beginning stages of writing a book, most people start with a blank page and write their entire manuscript. According to author and acquisitions editor W. Terry Whalin, this approach is backwards. About 80% to 90% of nonfiction books are sold from a book proposal. This mysterious document called a proposal contains many elements that will never appear in a manuscript—yet these details are critical to publishing executives who make the decision about publishing or rejecting an author’s project. In Book Proposals That Sell, Terry reveals 21 secrets to creating a book proposal that every author needs in order to create one that sells.

A Season on the Brink chronicles the basketball season that John Feinstein spent following the Indiana Hoosiers and their fiery coach, Bob Knight. Knight granted Feinstein an unprecedented inside look at college basketball -- with complete access to every moment of the season. Feinstein saw and heard it all -- practices, team meetings, strategy sessions, and mid-game huddles -- during Knight's struggle to avoid a losing season. A Season on the Brink not only captures the drama and pressure of big-time college basketball but paints a vivid portrait of a complex, brilliant coach walking a fine line between genius and madness.

Lucille Ball's comic genius made them famous, but many of the unforgettable plot lines for I Love Lucy came from the life of their writer, Madelyn Pugh Davis. In Laughing with Lucy, Davis and her long-time writing partner, Bob Carroll Jr., recount her rise in television and her many years working on the set and behind the scenes with Lucille Ball and Desi Arnaz. Lighthearted and witty, this book offers a trip back in time to the tumultuous early days of television.

Jerry Yeagley and Championship Soccer at Indiana Tata McGraw-Hill Education
The pioneering and still essential text on semantics, urging readers to improve human communication and understanding with precise, concrete language. In 1938, Stuart Chase revolutionized the study of semantics with his classic text, The Tyranny of Words. Decades later, this eminently useful analysis of the way we use words continues to resonate. A contemporary of the economist Thorstein Veblen and the author Upton Sinclair, Chase was a social theorist and writer who despised the imprecision of contemporary communication. Wide-ranging and erudite, this iconic volume was one of the first to condemn the overuse of abstract words and to exhort language users to employ words that make their ideas accurate, complete, and readily understood. “[A] thoroughly scholarly study of the science of the meaning of words.” —Kirkus Reviews “When thinking about words, I think about Stuart Chase’s The Tyranny of Words. It is one of those books that never lose its message.” —CounterPunch

Every Indiana Hoosiers fan has a bucket list of activities to take part in at some point in their lives. But even the most die-hard fans haven't done everything there is to experience in and around Bloomington, Indiana. From visiting the campus to copying Keith Smart's jump shot to win the 1987 national championship, author Terry Hutchens and Bill Murphy provide ideas, recommendations, and insider tips for must-see places and can't-miss activities near the Assembly Hall. But not every experience requires a trip to campus; long-distance Hoosiers fans can cross some items off their list from the comfort of their own homes. Whether you're attending every home game or supporting the Hoosiers from afar, there's something for every fan to do in The Indiana Hoosiers Fans' Bucket List.

The Campus as a Work of Art Routledge
Based on information gathered from four thousand five hundred women, this study analyzes emotional relationships between men and women and documents widespread discontent and questions by women of prevailing cultural patterns

The Hite Report Indiana University Press
Chronicling Indiana University's 2003 National Men's Soccer Championship, a detailed profile of the team and its celebrated coach honors Jerry Yeagley's forty-one years of coaching, culminating in his December 2003 retirement, examining each of Yeagley's seasons, the players on his teams, and the evolution of the soccer program into a powerhouse, in a study that features dozens of photographs, facts, figures, records, and reminiscences. Original.

Ty Stofflet Omaid Nazir

It’s America’s most popular sport, played by thousands, watched by millions, and generating billions in revenues every year. It’s also America’s most controversial sport, haunted by the specter of life-threatening injuries and plagued by scandal, even among its most venerable personalities and institutions. At the college level, we often tie football’s tales of corruption and greed to its current popularity and revenue potential, and we have vague notions of a halcyon time--before the new College Football Playoff, power conferences, and huge TV contracts. Perhaps we conjure images of young Ivy Leaguers playing a gentleman’s game, exemplifying the collegial in collegiate. What we don’t imagine is a game described in 1905, not today, as "a social obsession--this boy-killing, man-mutillating, education-prostituting, gladiatorial sport." In The Opening Kickoff, Dave Revsine tells the riveting story of the formative period of American football (1890-1915). It was a time that saw the game’s meteoric rise, fueled by overflow crowds, breathless newspaper coverage and newfound superstars—including one of the most thrilling and mysterious the sport has ever seen. But it was also a period racked by controversy in academics, recruiting, and physical brutality that, in combination, threatened football’s very existence. A vivid storyteller, Revsine brings it all to life in a captivating narrative.

The Story of Henry Fillmore Createspace Independent Publishing Platform

This volume, for the first time, presents the total physical world of the college campus as a bona fide art form. It analyzes the aesthetic elements involved in the spawning and savaging of college grounds. The ideal campus design, once defined, is held up to over 100 campuses throughout the United States, and the relative artistic merit of each evaluated. Both the best and the worst in campus design are critically observed from the standpoint of urban space, architectural quality, landscape, and overall appeal. Variables such as regional differences, historical perspective, expansion, and visual focus also figure in the evaluation. A list of the fifty most artistically successful campuses in the country concludes this highly readable and yet academically valid work exploring a discrete artistic discipline.
