THE ECONOMIST The Net Generation
Has Arrived. Are you ready for it?
Chances are you know a person
between the ages of 11 and 30. You've
seen them doing five things at once:

texting friends, downloading music,
uploading videos, watching a movie on a
two-inch screen, and doing who-knows-
what on Facebook or MySpace. They're
the first generation to have literally
grown up digital--and they're part of a
global cultural phenomenon that's here
to stay. The bottom line is this: If you
understand the Net Generation, you will
understand the future. If you're a Baby
Boomer or Gen-Xer: This is your field
guide. A fascinating inside look at the
Net Generation, Grown Up Digital is
inspired by a \$4 million private research
study. New York Times bestselling
author Don Tapscott has surveyed more

than 11,000 young people. Instead of a bunch of spoiled “screenagers” with short attention spans and zero social skills, he discovered a remarkably bright community which has developed revolutionary new ways of thinking, interacting, working, and socializing. Grown Up Digital reveals: How the brain of the Net Generation processes information Seven ways to attract and engage young talent in the workforce Seven guidelines for educators to tap the Net Gen potential Parenting 2.0: There's no place like the new home Citizen Net: How young people and the Internet are transforming democracy Today's young people are using technology in ways you could never imagine. Instead of passively watching television, the “Net Geners” are actively participating in the distribution of entertainment and information. For the first time in history, youth are the authorities on something really important. And they're changing every aspect of our society-from the workplace to the marketplace, from the classroom to the living room, from the voting booth to the Oval Office. The Digital Age is here. The Net Generation has arrived. Meet the future.

The Anthropology of Childhood Routledge

Between the 1890s and the Vietnam era, many thousands of American Protestant missionaries were sent to live throughout the non-European world. They expected to change the people

they encountered, but those foreign people ended up transforming the missionaries. Their experience abroad made many of these missionaries and their children critical of racism, imperialism, and religious orthodoxy. When they returned home, they brought new liberal values back to their own society. Protestants Abroad reveals the untold story of how these missionary-connected individuals left an enduring mark on American public life as writers, diplomats, academics, church officials, publishers, foundation executives, and social activists. --

From the New York Times bestselling creator of the Vanderbeekers series comes a triumphant tale of friendship, healing, and the power of believing in ourselves told from the perspective of biracial sixth-graders June and Tyrell,

two children living in a homeless shelter. As their friendship grows over a shared love of classical music, June and Tyrell confront a new housing policy that puts homeless families in danger. It's June's first day at Huey House, and as if losing her home weren't enough, she also can't bring her cherished viola inside. Before the accident last year, her dad saved tip money for a year to buy her viola, and she's not about to give it up now. Tyrell has been at Huey House for three years and gives June a glimpse of the good things about living there: friendship, hot meals, and a classical musician next door. Can he and June work together to oppose the government, or will families be forced out of Huey House before they are ready? When Our Grown Kids Disappoint Us

How do today's parents cope when the dreams we had for our children clash with reality?

What can we do for our twenty- and even thirty-somethings who can't seem to grow up? How can we help our depressed, dependent, or addicted adult children, the ones who can't get their lives started, who are just marking time or even doing it? What's the right strategy when our smart, capable "adultolescents" won't leave home or come boomeranging back? Who can we turn to when the kids aren't all right and we, their parents, are frightened, frustrated, resentful, embarrassed, and especially, disappointed? In this groundbreaking book, a social psychologist who's been chronicling the lives of American families for over two decades confronts our deepest concerns,

including our silence and self-imposed sense of isolation, when our grown kids have failed to thrive. She listens to a generation that "did everything right" and expected its children to grow into happy, healthy, successful adults. But they haven't, at least, not yet -- and meanwhile, we're letting their problems threaten our health, marriages, security, freedom, careers or retirement, and other family relationships. With warmth, empathy, and perspective, Dr. Adams offers a positive, life-affirming message to parents who are still trying to "fix" their adult children -- Stop! She shows us how to separate from their problems without separating from them, and how to be a positive force in their lives while getting on with our own. As we navigate this critical passage in our second adulthood and their first, the bestselling author of *I'm Still Your Mother* reminds us that the

pleasures and possibilities of postparenthood should not depend on how our kids turn out, but on how we do!

Grown Up Digital: How the Net Generation is Changing Your World Crown

A blisteringly funny, heart-scorching tale of remarkable kids shattered by tragedy and finally brought back together by love."—People Somehow, between their father's mysterious death, their glamorous soap-opera-star mother's cancer diagnosis, and a phalanx of lawyers intent on bankruptcy proceedings, the four Welch siblings managed to handle each new heartbreaking misfortune together. All that changed with the death of their mother. While nineteen-year-old Amanda was legally on her own, the three younger siblings—Liz, sixteen; Dan, fourteen; and Diana, eight—were each dispatched to a different set of family friends. Quick-witted and sharp-tongued, Amanda headed for college in New York City and immersed herself in an '80s world of alternative

music and drugs. Liz, living with the couple for whom she babysat, followed in Amanda's footsteps until high school graduation when she took a job in Norway as a nanny. Mischievous, rebellious Dan, bounced from guardian to boarding school and back again, getting deeper into trouble and drugs. And Diana, the red-haired baby of the family, was given a new life and identity and told to forget her past. But Diana's siblings refused to forget her--or let her go. Told in the alternating voices of the four siblings, their poignant, harrowing story of unbreakable bonds unfolds with ferocious emotion. Despite the Welch children's wrenching loss and subsequent separation, they retained the resilience and humor that both their mother and father endowed them with--growing up as lost souls, taking disastrous turns along the way, but eventually coming out right side up. The kids are not only all right; they're back together. *More Than All Right* University of Chicago Press

AN INSPIRATIONAL AND HEARTRENDING MEMOIR ABOUT BEN BREEDLOVE, WHO SHARED HIS NEAR-DEATHEXPERIENCES AND VISIONS OF HEAVEN IN HIS VIRAL VIDEOS—WRITTEN BY HIS SISTER, ALLY BREEDLOVE. On Christmas Day 2011, Ben Breedlove's soul went to heaven. But it wasn't his first time there. Ben suffered from hypertrophic cardiomyopathy (HCM), a heart condition that posed a constant risk of sudden death. His condition, a thickening of the heart muscle, worsened over time, leaving him weak and

fatigued. It also led Ben to some close calls medically, in particular cardiac arrest on four separate occasions, during which he felt the presence of angels and experienced the perfect peace of heaven. Precocious and warm, Ben was close with his family and two siblings, and forged deep relationships with his friends. He loved to wakeboard and wake surf, and he had dreams of visiting foreign countries around the world. He created the YouTube channels TotalRandomness512 and BreedloveTV, and co-created the channel OurAdvice4You, where he posted videos about everything from dating advice for girls to more serious topics like his spirituality and heart condition. Unbeknownst to his parents and family, Ben created a two-part video called "This Is My Story," in which he used flashcards to tell the world about his near-death experiences and his beckoning toward heaven. When he died a short while later, at the tender age of eighteen, his family and the rest of the world stumbled upon these

videos. The world responded with overwhelming acceptance of the message Ben shared. Sharing his vision of heaven was Ben's gift to his family, and to the world. And now this is the Breedlove family's gift to us – an in-depth look at the life and near-deaths of Ben, the strength and faith of a family, and ultimately, the hope of heaven. Do you believe in Angels or God? I Do. – Ben Breedlove

The Burning The Kids Are All Right

In a run-down house in North Philadelphia live two orphan brothers: the reclusive, sensitive Philip, sealed off in a world of StarKist tuna and Errol Flynn movies; and Treat, a violent pickpocket and thief. Into this ferocious and funny world enters Harold, a mysterious, wealthy, middle-aged man who is kidnapped by Treat, but who soon turns the tables on the two brothers, changing forever the delicate power balance

of their relationship. Both hilarious and heartbreaking, *Orphans* is a story of the universal love of a father for his son, and a son's need to live his own life.

Eileen Garvin's older sister, Margaret, was diagnosed with severe autism at age three. Growing up alongside Margaret wasn't easy: Eileen often found herself in situations that were simultaneously awkward, hilarious, and heartbreaking. For example, losing a blue plastic hairbrush could leave Margaret inconsolable for hours, and a quiet Sunday Mass might provoke an outburst of laughter, swearing, or dancing. *How to Be a Sister* begins when Eileen, after several years in New Mexico, has just moved back to the Pacific Northwest, where she grew up. Being 1,600 miles

away had allowed Eileen to avoid the question that has dogged her since birth: What is she going to do about Margaret? Now, Eileen must grapple with this question once again as she tentatively tries to reconnect with Margaret. How can she have a relationship with someone who can't drive, send email, or telephone? What role will Eileen play in Margaret's life as their parents age, and after they die? Will she remain in Margaret's life, or walk away? A deeply felt, impeccably written memoir, *How to Be a Sister* will speak to siblings, parents, friends, and teachers of people with autism—and to anyone who sometimes struggles to connect with someone difficult or different.

Teenage Wasteland provides memorable portraits of "rock and roll kids" and shrewd analyses of their interests in heavy metal music and Satanism. A powerful indictment of the often manipulative media coverage of youth crises and so-called alternative programs designed to help "troubled" teens, Teenage Wasteland draws new conclusions and presents solid reasons to admire the resilience of suburbia's dead end kids. "A powerful book."—Samuel G. Freedman, New York Times Book Review "[Gaines] sheds light on a poorly understood world and raises compelling questions about what society might do to help

this alienated group of young people."—Ann Grimes, Washington Post Book World "There is no comparable study of teenage suburban culture . . . and very few ethnographic inquiries written with anything like Gaines's native gusto or her luminous eye for detail."—Andrew Ross, Transition "An outstanding case study. . . . Gaines shows how teens engage in cultural production and how such social agency is affected by economic transformations and institutional interventions."—Richard Lachman, Contemporary Sociology "The best book on contemporary youth culture."—Rolling Stone How to Be a Sister Intellect Books It's the "great American teenage movie" about real kids, quoted by Amy Taubin of "The Village Voice" as a "masterpiece" and "the kind of film that pulls the ground out from under you".

Abigail Garner was five years old when her parents divorced and her dad came out as gay. Like the millions of children growing up in these families today, she often found herself in the middle of the political and moral debates surrounding lesbian, gay, bisexual, and transgender (LGBT) parenting. Drawing on a decade of community organizing, and interviews with more than fifty grown sons and daughters of LGBT parents, Garner addresses such topics as coming out to children, facing homophobia at school, co-parenting with ex-partners, the impact of AIDS, and the children's own sexuality. Both practical and deeply personal, *Families Like Mine* provides an invaluable insider's perspective

for LGBT parents, their families, and their allies.

For fans of Rick Riordan and Brian Selznick, author-artist Armand Baltazar introduces *Timeless: Diego and the Rangers of the Vastlantic*, the first in a new science fiction/fantasy series that explores a world painted new by the Time Collision. Integrating art and text, this epic and cinematic adventure features more than 150 full-color illustrations. You've never seen Earth like this before: continents reshaped, oceans re-formed, cities rebuilt, and mountains sculpted anew.

Dinosaurs roam the plains alongside herds of buffalo, and giant robots navigate the same waters as steam-powered ships. This is the world Diego Ribera was born into. The past, present, and future coexisting together. In New

Chicago, Diego's middle school hallways buzz with kids from all eras of history and from cultures all over the world. The pieces do not always fit together neatly, but this is the world he loves. There are those, however, who do not share his affection. On his thirteenth birthday, Diego learns of a special gift he has within, a secret that is part of something much bigger—something he cannot understand. When his father, New Chicago's top engineer, is taken by the Aeternum, Diego must rescue him and prevent this evil group from disrupting the fragile peace humanity has forged.

One of the New York Times Book Review's 10 Best Books of the Year A daughter's unforgettable memoir of her wild and haunted father, a man whose war never really ended. From her charismatic father, Danielle Trussoni learned how to rock and roll, outrun the police, and never shy away from a fight. Spending hour upon hour trailing him around the bars and honky-tonks of La Crosse, Wisconsin, young Danielle grew up fascinated by stories of her dad's adventures as a tunnel rat in Vietnam, where he'd risked his life crawling head first into narrow passageways to search for American POWs. A vivid and

poignant portrait of a daughter's relationship with her father, this funny, heartbreaking, and beautifully written memoir, *Falling Through the Earth*, "makes plain that the horror of war doesn't end in the trenches" (Vanity Fair).
