Valerie Baer has developed recipes that turn into unforgettable baked wonders. But

just as amazing as her recipes is her ability to explain how any one of us can make these delicious breads and desserts ourselves. Valerie is a genius baker. She is equally a genius teacher. Valerie and her husband grow the soft-grain wheat she uses in her baking on the 6½-acre homestead where they've raised their five children. She grinds the wheat by hand when she's ready to use it. She began inviting friends into her own kitchen when they kept begging her to show them how she turned out such featherweight dinner rolls, tender pizza crusts, and tangy-sweet crisps and cobblers—always using whole grains. Recipes include: German Raw Apple Cake Chocolate Peanut Butter Sandwich Cookies Oatmeal Date Bars Buckwheat Pancakes Pumpkin Spice Waffles Cranberry Apple Crumb Pie Lemon Sponge Pie And many more! Baking with Whole Grains includes more than 110 recipes and full-color photos of Valerie in her wheat field, grinding grain, and baking in her home kitchen, as well as photos of her irresistible breads and sweets. The James Beard Award – winning, bestselling author of CookWise and KitchenWise delivers a lively and fascinating guide to better baking through food science. Follow kitchen sleuth Shirley Corriher as she solves everything about why the cookie crumbles. With her years of experience from big-pot cooking at a boarding school and her classic French culinary training to her work as a research biochemist at Vanderbilt University School of Medicine, Shirley looks at all aspects of baking in a unique and exciting way. She describes useful techniques, such as brushing your puff pastry with ice water—not just brushing off the flour—to make the pastry higher, lighter, and flakier. She can help you make moist cakes; shrink-proof perfect meringues; big, crisp cream puffs; amazing pastries; and crusty, incredibly flavorful, open-textured French breads, such as baguettes. Restaurant chefs and culinary students know Shirley from their grease-splattered copies of CookWise, an encyclopedic work that has saved them from many a cooking disaster. With numerous “At-a-Glance” charts, BakeWise gives busy people information for quick problem solving. BakeWise also includes Shirley's signature “What This Recipe Shows” in every recipe. This scientific and culinary information can apply to hundreds of recipes, not just the one in which it appears. BakeWise does not have just a single source of knowledge; Shirley loves reading the works of chefs and other good cooks and shares their tips with you, too. She applies not only her expertise but that of the many artisans she admires, such as famous French pastry chefs Gaston Len ô tre and Chef Roland Mesnier,

the White House pastry chef for twenty-five years; and Bruce Healy, author of *Mastering the Art of French Pastry*. Shirley also retrieves "lost arts" from experts of the past such as Monroe Boston Strause, the pie master of 1930s America. For one dish, she may give you techniques from three or four different chefs plus her own touch of science— " better baking through chemistry. " She adds facts such as the right temperature, the right mixing speed, and the right mixing time for the absolutely most stable egg foam, so you can create a light-as-air génoise every time. Beginners can cook from *BakeWise* to learn exactly what they are doing and why. Experienced bakers find out why the techniques they use work and also uncover amazing pastries from the past, such as Pont Neuf (a creation of puff pastry, pâte à choux, and pastry cream) and Religieuses, adorable " little nuns " made of puff pastry filled with a satiny chocolate pastry cream and drizzled with mocha icing. Some will want it simply for the recipes—incredibly moist whipped cream pound cake made with heavy cream; flourless fruit soufflés; chocolate crinkle cookies with gooey, fudgy centers; huge popovers; famed biscuits. But this book belongs on every baker's shelf.

The Countryman Press

"An invaluable guide for beginning bakers."
—Sam Sifton, *The New York Times* In 2009, journalist Samuel Fromartz was offered the assignment of a lifetime: to travel to France to work in a boulangerie. So began his quest

to hone not just his homemade baguette—which later beat out professional bakeries to win the "Best Baguette of D.C."—but his knowledge of bread, from seed to table. For the next four years, Fromartz traveled across the United States and Europe, perfecting his sourdough in California, his whole grain rye in Berlin, and his country wheat in the South of France. Along the way, he met historians, millers, farmers, wheat geneticists, sourdough biochemists, and everyone in between, learning about the history of breadmaking, the science of fermentation, and more. The result is an informative yet personal account of bread and breadbaking, complete with detailed recipes, tips, and beautiful photographs. Entertaining and inspiring, this book will be a touchstone for a new generation of bakers and a must-read for anyone who wants to take a deeper look at this deceptively ordinary, exceptionally delicious staple: handmade bread.

In 1790, George Washington was elected the first U.S. president, Thomas Jefferson became the country's first secretary of state, and flour imported to Boston from England marked the beginning of the King Arthur Flour Company. The King Arthur Flour Company, now more than two hundred years old, produces the flour of choice for millions, from beginning home bakers to the world's top chefs, and has evolved into a one hundred percent employee-owned company. King Arthur Flour Company illustrates the history of America's oldest flour company (and New England's oldest food company). King Arthur Flour was founded in Boston not far from Long Wharf, where the flour was unloaded from merchant ships. Five generations of the Sands family headed the company for almost two centuries until the Employee Stock Ownership Plan was initiated

in 1996. Marketing at King Arthur Flour has always revolved around the icon of the lone knight on his horse, and in 1896, a lone rider dressed as King Arthur rode through Boston's streets atop a black stallion to advertise the product. Another creative marketing campaign featured a white sound truck, complete with a large pipe organ and an eight-foot statue of King Arthur, roving through New York City streets.

The King Arthur Baking School: Lessons and Recipes for Every Baker Chronicle Books

With praise from Dorie Greenspan, Jim Lahey, and David Lebovitz, the definitive bread-baking book for a new generation. But this book isn't just about baking bread-- it's about what to do with the slices and heels and nubs from those many loaves you'll bake. Alexandra Stafford grew up eating her mother's peasant bread at nearly every meal—the recipe for which was a closely-guarded family secret. When her blog, Alexandra's Kitchen, began to grow in popularity, readers started asking how to make the bread they'd heard so much about; the bread they had seen peeking into photos.

Finally, Alexandra's mother relented, and the recipe went up on the internet. It has since inspired many who had deemed bread-baking an impossibility to give it a try, and their results have exceeded expectations. The secret is in its simplicity: the no-knead dough comes together in fewer than five minutes, rises in an hour, and after a second short rise, bakes in buttered bowls. After you master the famous peasant bread, you'll work your way through its many variations, both in flavor (Cornmeal, Jalapeno, and Jack; Three Seed) and form (Cranberry Walnut Dinner Rolls; Cinnamon Sugar Monkey Bread). You'll enjoy bread's usual

utilities with Food Cart Grilled Cheese and the Summer Tartine with Burrata and Avocado, but then you'll discover its true versatility when you use it to sop up Mussels with Shallot and White Wine or juicy Roast Chicken Legs.

Finally, you'll find ways to savor every last bite, from Panzanella Salad Three Ways to Roasted Tomato Soup to No-Bake Chocolate-Coconut Cookies. Bread, Toast, Crumbs is a 2018 nominee for The IACP Julia Child First Book Award, and Alexandra's Kitchen was a finalist for the Saveur Blog Awards Most Inspired Weeknight Dinners 2016
