'The Kissing List,' by
Stephanie Reents: review -
SFGate

The basics: The Kissing List
is the debut short story
collection by Stephanie
Reents. Some of the stories
are linked. My thoughts:
The first story in the
collection "Kissing," sets the
stage for the rest of the
book. Reents and the female
narrators of her stories are
young, brazen, fun and
wise: "The funny thing
about being in your early
twenties is that it's a lot like

being any other age, except you don't know it."
