As combat escalates across the galaxy, and Darth Sidious remains one step ahead of his pursuers, the stage is set for an explosive endgame.

THE EMPIRE STRIKES A DEAL The history of the planet Kariak has been one of seemingly endless violence— thanks to the constantly erupting revolutions among the many divided tribes of the native Eickarie race battling for dominance. Yet none of these tribes has held sway since a mysterious Warlord and his legion of alien mercenaries seized power and began a fifty-year reign of terror. Now, at last, the tide may be turning: the leaders of the warring Eickarie factions have forged an alliance—strong enough to capture a city and corner the Warlord and his minions in their fortress. And the post-Palpatine Empire of the Hand is lending support to this revolt against tyranny by deploying no less a fighting force than the Imperial 501st Legion of stormtroopers. Once infamously known as “Vader's Fist,” the legendary 501st are the best men for the dangerous objective at hand—capturing the Warlord alive. It's a risky mission that might be jeopardized when Imperial unit commander Twister and his comrades, Shadow, Cloud, and Watchman, are waylaid by a band of zealous freedom fighters, armed with their own agenda . . . and plenty of firepower. The Eickarie renegades—determined to free hundreds of their people from the Warlord's dungeons—have an offer to make, and a strategy that could give the Imperials the edge in the bloody showdown to come. But can Twister and his men trust their new allies? Or will they get more than they bargain for? This novella includes an excerpt from the novel STAR WARS: SURVIVOR'S QUEST by Timothy Zahn and an interview with the author.

This book provides the first detailed and comprehensive examination of all the materials making up the Star Wars franchise relating to the portrayal and representation of real-world history and politics. Drawing on a variety of sources, including films, published interviews with directors and actors, novels, comics, and computer games, this volume explores the ways in which historical and contemporary events have been repurposed within Star Wars. It focuses on key themes such as fascism and the Galactic Empire, the failures of democracy, the portrayal of warfare, the morality of the Jedi, and the representations of sex, gender, and race. Through these themes, this study highlights the impacts of the fall of the Soviet Union, the War on Terror, and the failures of the United Nations upon the 'galaxy far, far away'. By analysing and understanding these events and their portrayal within Star Wars, it shows how the most popular media franchise in existence aims to speak about wider contemporary events and issues. The History and Politics of Star Wars is useful for upper-level undergraduates, postgraduates, and scholars of a variety of disciplines such as transmedia studies, science fiction, cultural studies, and world history and politics in the twentieth and twenty-first centuries.
