NEW YORK TIMES BESTSELLER • Following Star Wars: Aftermath and Star Wars: Life Debt, Chuck Wendig delivers the exhilarating conclusion to the New York Times bestselling trilogy set in the years between Return of the Jedi and The Force Awakens. EVERY END IS A NEW BEGINNING. As the final showdown between the New Republic and the Empire draws near, all eyes turn to a once-isolated planet: Jakku. The Battle of Endor shattered the Empire, scattering its remaining forces across the galaxy. But the months following the Rebellion’s victory have not been easy. The fledgling New Republic has suffered a devastating attack from the Imperial remnant, forcing the new democracy to escalate its hunt for the hidden enemy. For her role in the deadly ambush, Grand Admiral Rae Sloane is the most wanted Imperial war criminal—and one-time rebel pilot Norra Wexley, back in service at Leia’s urgent request, is leading the hunt. But more than just loyalty to the New Republic drives Norra forward: Her husband was turned into a murderous pawn in Sloane’s assassination plot, and now she wants vengeance as much as justice. Sloane, too, is on a furious quest: pursuing the treacherous Gallius Rax to the barren planet Jakku. As the true mastermind behind the Empire’s devastating attack, Rax has led the Empire to its defining

moment. The cunning strategist has gathered the powerful remnants of the Empire’s war machine, preparing to execute the late Emperor Palpatine’s final plan. As the Imperial fleet orbits Jakku, an armada of Republic fighters closes in to finish what began at Endor. The Old Republic Series: Star Wars Legends 4-Book Bundle Random House Worlds

This book provides the first detailed and comprehensive examination of all the materials making up the Star Wars franchise relating to the portrayal and representation of real-world history and politics. Drawing on a variety of sources, including films, published interviews with directors and actors, novels, comics, and computer games, this volume explores the ways in which historical and contemporary events have been repurposed within Star Wars. It focuses on key themes such as fascism and the Galactic Empire, the failures of democracy, the portrayal of warfare, the morality of the Jedi, and the representations of sex, gender, and race. Through these themes, this study highlights the impacts of the fall of the Soviet Union, the War on Terror, and the failures of the United Nations upon the ‘galaxy far, far away’. By analysing and understanding these events and their portrayal within Star Wars, it shows how the most popular media franchise in existence aims to speak about wider contemporary events and issues. The History and Politics of Star Wars is useful for upper-level undergraduates, postgraduates, and scholars of a variety of disciplines such as transmedia studies, science fiction, cultural studies, and world history and politics in the twentieth and twenty-first centuries.
