"Following a family tragedy, 18-year-old Gabe LoScuda suddenly finds himself thrust into the role of caregiver for his ailing grandfather. Between the shopping trips and the doctor visits with Grandpa, Gabe and his friend John try to salvage their senior year, meet girls, and make the varsity baseball team. It doesn't take long for Gabe to realize that going to school and looking after a grandfather with Alzheimer's is more work than he ever imagined. And when long-lost Uncle Nick appears on the scene, Gabe soon finds that living with Nick and Grandpa is like babysitting two grown men. Aside from John, the only person who truly understands Gabe is Sofia, a punk-rocking rebel he meets at the veteran's hospital. When these three unlikely friends are faced with a serious dilemma, will they do what it takes to save Grandpa? If there's a chance of preserving the final shreds of Grandpa's dignity, Gabe may have to make the most gut-wrenching decision of his life--and there's no way out."--Provided by publisher.

"Islands, A Coloring Book for Teens and Kids, 30 Hand-Drawn Drawings, 30 Poems and Recipes" by Shelley Gilbert, Award-winning Author, Artist, is a unique, super-creative activity and thought provoking book. This book is No.2 in the "Islands" series. The first is "Islands, A Coloring Book for Adults, 30 Drawings, 30 Poems" 2001. The third Islands book is for Adults, Volume 2. Islands books are about being an individual, about being yourself. The drawings contain a great variety of space sizes to color-large, medium, small. The abstract drawings will engage a young person's own imagination because the shapes look like different things to different people and will evoke personal thoughts and emotions. The drawings have original poems that interpret them (1st -12th Grades). The poems's messages will entertain and intrigue young people to think about life. The poems contain many themes: butterflies, moons, connection, fruit, saving money, feelings, blizzards, the importance of thinking, brick walls, artists, Vivaldi, squares, trees, violence, egos. There are also 4 simple and fun recipes. REVIEWS: "...refreshing new idea, novel idea, highly creative, fun. The students think it makes a great gift for their parents."--Richard Clatworthy, Trade Books Mgr, Leavey Ctr Bookstore, Georgetown Univ, Wash. The inspiring and irresistible true story of the women who broke barriers and finish-line ribbons in pursuit of Olympic Gold When Betty Robinson

assumed the starting position at the 1928 Olympic Games in Amsterdam, she was participating in what was only her fourth-ever organized track meet. She crossed the finish line as a gold medalist and the fastest woman in the world. This improbable athletic phenom was an ordinary high school student, discovered running for a train in rural Illinois mere months before her Olympic debut. Amsterdam made her a star. But at the top of her game, her career (and life) almost came to a tragic end when a plane she and her cousin were piloting crashed. So dire was Betty's condition that she was taken to the local morgue; only upon the undertaker's inspection was it determined she was still breathing. Betty, once a natural runner who always coasted to victory, soon found herself fighting to walk. While Betty was recovering, the other women of Track and Field were given the chance to shine in the Los Angeles Games, building on Betty's pioneering role as the first female Olympic champion in the sport. These athletes became more visible and more accepted, as stars like Babe Didrikson and Stella Walsh showed the world what women could do. And—miraculously—through grit and countless hours of training, Betty earned her way onto the 1936 Olympic team, again locking her sights on gold as she and her American teammates went up against the German favorites in Hitler's Berlin. Told in vivid detail with novelistic flair, *Fire on the Track* is an unforgettable portrait of these trailblazers in action.

Named one of the best books of the year by People Magazine, Buzzfeed, New York Public Library, Chicago Public Library, Kirkus Reviews, School Library Journal, Publishers Weekly, and more! "Dazzling... All hail Raybearer." --Entertainment Weekly "One of the most exceptional YA fantasies of all time." --Buzzfeed "Brilliantly conceived fantasy." --People "An exquisitely detailed world." --PopSugar Fans of Sabaa Tahir and Tomi Adeyemi won't want to miss this instant New York Times bestselling fantasy from breakout YA sensation Jordan Ifueko! Nothing is more important than loyalty. But what if you've sworn to protect the one you were born to

destroy? Tarisai has always longed for the warmth of a family. She was raised in isolation by a mysterious, often absent mother known only as The Lady. The Lady sends her to the capital of the global empire of Aritsar to compete with other children to be chosen as one of the Crown Prince's Council of 11. If she's picked, she'll be joined with the other Council members through the Ray, a bond deeper than blood. That closeness is irresistible to Tarisai, who has always wanted to belong somewhere. But The Lady has other ideas, including a magical wish that Tarisai is compelled to obey: Kill the Crown Prince once she gains his trust. Tarisai won't stand by and become someone's pawn--but is she strong enough to choose a different path for herself? With extraordinary world-building and breathtaking prose, Raybearer is the story of loyalty, fate, and the lengths we're willing to go for the ones we love.

"Both timely and terrifying." —Gregory Macguire, New York Times—bestselling author of Wicked Pairing free verse with over three hundred pages of black-and-white watercolor illustrations, Mary's Monster is a unique and stunning biography of Mary Shelley, the pregnant teenage runaway who became one of the greatest authors of all time. Legend is correct that Mary Shelley began penning Frankenstein in answer to a dare to write a ghost story. What most people don't know, however, is that the seeds of her novel had been planted long before that night. By age nineteen, she had been disowned by her family, was living in scandal with a married man, and had lost her baby daughter just days after her birth. Mary poured her grief, pain, and passion into the powerful book still revered two hundred years later, and in Mary's Monster, author/illustrator Lita Judge has poured her own passion into a gorgeous book that pays tribute to the life of this incredible author. "Mary Shelley herself would be deeply moved by this dark tale of revenge and redemption."

-Stephanie Marie Thornton, USA Today bestselling author of And They Called It Camelot "A brilliant

and feminist companion to a classic. Kris Waldherr's electrifying novel brings the women in Victor Frankenstein's life to the foreground, reminding us that the most interesting stories are often the ones that go untold." -Megan Collins, author of The Family Plot Some tales aren't what you think. For the first time, the untold story of the three women closest to Victor Frankenstein is revealed in a dark and sweeping reimaging of Frankenstein by the author of The Lost History of Dreams and Doomed Queens. THE MOTHER Caroline Frankenstein will do anything to protect her family against the nightmarish revolutions engulfing 18th-century Europe. In doing so, she creates her own monster in the form of her scientist son, Victor. THE BRIDE Rescued by Caroline as a four-year-old beggar, Elizabeth Lavenza knows the only way she can repay the Frankensteins is by accepting Victor's hand in marriage. But when Elizabeth's heart yearns for someone else, the lives of those she most loves collide with the unnatural creature born of Victor's profane experiments. THE SERVANT After an abusive childhood, Justine Moreau is taken in by Caroline to serve the Frankensteins. Justine's devotion to Caroline and Elizabeth knows no bounds . . . until a tragedy changes her irrevocably. Her fate sets her against Victor's monster, who is desperate to wreak revenge against the Frankensteins. Stunningly written and exquisitely atmospheric, Unnatural Creatures shocks new life into Mary Shelley's beloved gothic classic by revealing the feminine side of the tale. You'll never view Victor Frankenstein and his monster the same way again.

This book is the physical edition of a series of posts from Reddit's r/nosleep subreddit, containing the first major storyline of "How to Survive Camping". It is largely unaltered, with only minor edits for readability in print form. Every year, campground manager Kate sends out a pamphlet titled "How to Survive Your Camping Experience." In it is a list of rules to help campers have an enjoyable experience and hopefully survive any encounters with the campground's... other... inhabitants. With the campground in the throes of a 'bad year', it'll take a lot more than a list of

rules to keep everyone safe. Monsters that were previously dormant are starting to stir and they're waking up hungry. Among them is the Lady in Chains, a creature feared by both human and inhuman thing alike. Her reappearance creates an upheaval in the balance of power in the campground by renewing an old grudge with the harvesters, who are willing to sacrifice anyone they get their hands on in order to gain an advantage. On top of all this, the man with the skull cup has started taking an unusual interest in Kate. But with the harvesters on the prowl, the Lady in Chains hunting her down, and a sinister spider infestation, Kate is going to need all the allies she can get, even if those allies aren't actually... human.

As eighteen-year-old Cheryl Hunter escapes rural Colorado for the bright lights of Europe, she does so with nothing more than an over-packed suitcase and a dream. Once there, her mind is bent on solving one problem alone: how does a small-town cowgirl pull

off the feat of becoming an international supermodel? When Cheryl is abducted, raped and brutally beaten instead, she is faced with solving a much bigger problem: how does she survive? Using her journey of rising from the ashes as fuel, Hunter delivers a step-by-step method that can be applied by anyone who has ever dealt with less-than-favorable circumstances. In a world where—let ' s face it—life often hijacks our personal agendas, Cheryl shows you how to immediately take back the reins, design a life you love, and become the unstoppable force of nature you were born to be.

Bomb meets Code Girls in this nonfiction narrative about the little-known female scientists who were critical to the invention of the atomic bomb during World War II. They were leaning over the edge of the unknown and afraid of what they would discover there—meet the World War II female scientists who worked in the secret sites of the Manhattan Project. Recruited not only from labs and universities from across the United States but also from countries abroad, these scientists helped in—and often initiated—the development of the atomic bomb, taking starring roles in the Manhattan Project. In fact, their involvement was critical to its success, though many of them were not fully aware of the consequences.

The atomic women include: Lise Meitner and Ir è ne Joliot-Curie (daughter of Marie Curie), who laid the groundwork for the Manhattan Project from Europe Elizabeth Rona, the foremost expert in plutonium, who gave rise to the "Fat Man" and "Little Boy," the bombs dropped over Japan Leona Woods, Elizabeth Graves, and Joan Hinton, who were inspired by European scientific ideals but carved their own paths This book explores not just the critical steps toward the creation of a successful nuclear bomb, but also the moral implications of such an invention.

A fresh cultural analysis of female monsters from Greek mythology, and an invitation for all women to reclaim these stories as inspiration for a more wild, more “ monstrous ” version of feminism The folklore that has shaped our dominant culture teems with frightening female creatures. In our language, in our stories (many written by men), we underline the idea that women who step out of bounds—who are angry or greedy or ambitious, who are overtly sexual or not sexy enough—aren ' t just outside the norm. They ' re unnatural. Monstrous. But maybe, the traits we ' ve been told make us dangerous and undesirable are actually our greatest strengths.

Through fresh analysis of 11 female monsters, including Medusa, the Harpies, the Furies, and the Sphinx, Jess Zimmerman takes us on an illuminating feminist journey through mythology. She guides women (and others) to reexamine their relationships with traits like hunger, anger, ugliness, and ambition, teaching readers to embrace a new image of the female hero: one that looks a lot like a monster, with the agency and power to match. Often, women try to avoid the feeling of monstrousness, of being grotesquely alien, by tamping down those qualities that we ' re told fall outside the bounds of natural femininity. But monsters also get to do what other female characters—damsels, love interests, and even most heroines—do not. Monsters get to be complete, unrestrained, and larger than life. Today, women are becoming increasingly aware of the ways rules and socially constructed expectations have diminished us. After seeing where compliance gets us—harassed, shut out, and ruled by predators—women have never been more ready to become repellent, fearsome, and ravenous.

Charles Ashdown, Duke of Densmore, and his closest friend William Kenwood, Duke of Tennison, love gambling and womanizing too much to ever be ensnared by a debutante. Certainly, no decent wife would allow the debauchery they enjoy. But the only woman they've ever loved has returned.

Unfortunately, Society, and likely darling Lily, will never accept the sharing relationship they'd like to propose. Lillian Drew returns to England after her husband's mysterious death and finds solace with her girlhood crushes, Charles and William. Sure, they're as unapologetically crass and self-centered as always, but she loves them both. When her dead husband's creditors come after her, she has no choice but to remarry, though she can't make up her mind which duke she'll propose to. With a toss of one of the few coins she has left to her name, she hopes the loser will understand.

Monster Loyalty Gallaher/Howell/Womeninhighgear "A superlative, riveting history" (BookPage) of Mary Shelley's creation of Frankenstein and the personal and poetic background behind the story. One murky night in 1816, on the shores of Lake Geneva, Lord Byron, famed English poet, challenged his friends to a contest--to write a ghost story. The assembled group included the poet Percy Bysshe Shelley; his lover (and future wife) Mary Wollstonecraft Godwin; Mary's stepsister Claire Claremont; and Byron's physician, John William Polidori. The famous result was Mary Shelley's Frankenstein, a work that has retained its hold on the popular imagination for almost two centuries. Less well-known was the curious Polidori's contribution: the first vampire novel. And the evening begat a curse, too: Within a few years of Frankenstein's publication, nearly all of those involved met untimely deaths. Drawing upon letters, rarely tapped archives, and their own magisterial rereading of Frankenstein itself, Dorothy and Thomas Hoobler have crafted a rip-roaring tale of obsession and creation.

Three women, haunted by the past and the secrets they hold. Set at the end of World War II, in a crumbling Bavarian castle that once played host to all of German high society, a powerful and propulsive story of three widows whose lives and fates become intertwined—an affecting, shocking, and ultimately redemptive novel from the author of the New York Times Notable Book *The Hazards of Good Breeding*. Amid the ashes of Nazi Germany's defeat, Marianne von Lingensfeld returns to the once-grand castle of her husband's ancestors, an imposing stone fortress now fallen into ruin following years of war. The widow of a resister murdered in the failed July 20, 1944, plot to assassinate Adolf Hitler, Marianne plans to uphold the promise she made to her husband's brave conspirators: to find and protect their wives, her fellow resistance widows. First Marianne rescues six-year-old Martin, the son of her dearest childhood friend, from a Nazi reeducation home. Together, they make their way across the smoldering wreckage of their homeland to Berlin, where Martin's mother, the beautiful and naive Benita, has fallen into the hands of occupying Red Army soldiers. Then she locates Ania, another resister's wife, and her two boys, now refugees languishing in one of the many camps that house the millions displaced by the war. As Marianne assembles this makeshift family from the ruins of her husband's resistance movement, she is certain their shared pain and circumstances will hold them together. But she quickly discovers that the black-and-white, highly principled world of her privileged past has become infinitely more complicated, filled with secrets and dark passions that threaten to tear them apart. Eventually, all three women must come to terms with the choices that have defined their lives before, during, and after the war—each with their own unique share of challenges. Written with the devastating emotional power of *The Nightingale*, *Sarah's Key*, and *The Light Between Oceans*, Jessica Shattuck's evocative and utterly enthralling novel offers a fresh perspective on one of the most tumultuous periods in history. Combining piercing social insight and vivid historical atmosphere, *The Women in the Castle* is a dramatic yet nuanced portrait of war and its repercussions that explores what it means to survive, love, and, ultimately, to forgive in the wake of unimaginable hardship.

At a glance, most species seem adapted to the environment in which they live. Yet species relentlessly evolve, and populations within species evolve in different ways. Evolution, as it turns out, is much more

dynamic than biologists realized just a few decades ago. In *Relentless Evolution*, John N. Thompson explores why adaptive evolution never ceases and why natural selection acts on species in so many different ways. Thompson presents a view of life in which ongoing evolution is essential and inevitable. Each chapter focuses on one of the major problems in adaptive evolution: How fast is evolution? How strong is natural selection? How do species co-opt the genomes of other species as they adapt? Why does adaptive evolution sometimes lead to more, rather than less, genetic variation within populations? How does the process of adaptation drive the evolution of new species? How does coevolution among species continually reshape the web of life? And, more generally, how are our views of adaptive evolution changing? *Relentless Evolution* draws on studies of all the major forms of life—from microbes that evolve in microcosms within a few weeks to plants and animals that sometimes evolve in detectable ways within a few decades. It shows evolution not as a slow and stately process, but rather as a continual and sometimes frenetic process that favors yet more evolutionary change.

Mary Shelley's own life was as dramatic as her fiction. Even had she not (at the age of 19) authored *Frankenstein*, one of the greatest horror fables in literature, she would be crucial to the study of Romanticism, as the daughter of two of the great radical thinkers of the day, William Godwin and Mary Wollstonecraft (who died following Mary's birth); and as the second Mrs Percy Bysshe Shelley, her companion for that stormy stay at Byron's Geneva villa in 1816 - the 'haunted summer' that begat *Frankenstein*. Drawing on unexplored sources, Miranda Seymour's hugely acclaimed biography penetrates the myth to offer the fullest, richest portrait of this extraordinary woman. 'Mary Shelley is the most dazzling biography of a female writer to have come my way for an entire decade.' Financial Times 'Brilliant and enthralling, this portrait illuminates Mary's life in many unexpected ways.' Independent on Sunday 'Miranda Seymour has vivid narrative gifts and a perceptive understanding of the main personalities.' New York Times Book Review 'A thoughtfully considered and exceptionally lifelike portrait of a complex and often misunderstood character.' Los Angeles Times 'A harrowing life, wonderfully retold.' Washington Post Book World 'A splendid biography.' New Yorker
