From the New York Times bestselling author of The Secret Keeper comes a "moody, suspenseful page-turner" (People, Best Book Pick) filled with mystery and spellbinding secrets. Living on her family's idyllic lakeside estate in Cornwall, England, Alice Edevane is a bright, inquisitive, and precociously talented sixteen-year-old who loves to write stories. One midsummer's eve, after a beautiful party drawing hundreds of guests to the estate has ended, the Edevanes discover that their youngest child, eleven-month-old Theo, has vanished without a trace. He

is never found, and the family is torn apart, the house abandoned. Decades later, Alice is living in London, having enjoyed a long successful career as a novelist. Miles away, Sadie Sparrow, a young detective in the London police force, is staying at her grandfather's house in Cornwall. While out walking one day, she stumbles upon the old Edevane estate—now crumbling and covered with vines. Her curiosity is sparked, setting off a series of events that will bring her and Alice together and reveal shocking truths about a past long gone...yet more present than ever. A lush, atmospheric tale of intertwined destinies from a masterful storyteller, *The Lake House* is an enthralling, thoroughly satisfying read. Everything I Never Told You
Ballantine Books
History comes home in a deeply moving, exquisitely illustrated tale of a small house, taken by the Nazis, that harbors a succession of families--and becomes a quiet witness to a tumultuous century. The days went around like a wheel. The sun rose, warming the walls of the house. On the outskirts of Berlin, Germany, a wooden cottage stands on the shore of

a lake. Over the course of a hundred years, this little house played host to a kind Jewish doctor and his family, a successful Nazi composer, wartime refugees, and a secret-police informant. During that time, as a world war came and went and the Berlin Wall arose just a stone's throw from the back door, the house filled up with myriad everyday moments. And when that time was over, and the dwelling was empty and derelict, the great-grandson of the man who built the house felt compelled to bring it back to life and listen to the story it had to tell.

Illuminated by Britta Teckentrup's magnificent illustrations, Thomas Harding's narration reads like a haunting fairy tale--a lyrical picture-book rendering of the story he first shared in an acclaimed personal history for adult readers.

The Summer That Made Us

For fans of *Small Spaces*, *Doll Bones*, and *Mary Downing Hahn*, a truly chilling (and historically inspired) ghost story from the talented author of *The Forgotten Girl*. Celeste knows she should be excited to spend two weeks at her grandparents' lake house with her brother, Owen, and their cousins Capri and Daisy, but she's not. Bugs, bad cell

reception, and the dark waters of the lake... no thanks. On top of that, she just failed her swim test and hates being in the water—it's terrifying. But her grandparents are strong believers in their family knowing how to swim, especially having grown up during a time of segregation at public pools. And soon strange things start happening—the sound of footsteps overhead late at night. A flickering light in the attic window. And Celeste's cousins start accusing her of pranking them when she's been nowhere near them! Things at the old house only get spookier until one evening when Celeste looks in the steamy mirror after a shower and sees her face, but twisted, different... Who is the girl in the mirror? And what does she want? Past and present mingle in this spine-tingling ghost story by award-winning author India Hill Brown.

Lake House Cabal
Del Rey

After being cleared of his wife's murder, Todd Norman returns to her small Connecticut hometown in order to finish building their dream house by the lake. He is eager to restart his life and cast aside any remaining suspicious...but all of that is dashed when a young woman's body

washes up on the beach next door. When Tracy Somerset, divorced mother from the small town of Covenant, CT, meets a handsome stranger in a midnight Wal-Mart, she has no idea she is speaking with Todd Norman, the former Wall Street financier dubbed "The Banker Butcher" by the New York tabloids. The following morning, on the beach by Norman's back-under-construction lakehouse, another young woman's body is discovered. Sheriff Duane Sobczak's investigation leads him to town psychiatrist Dr. Meshulum Bakshir, whose position at a troubled girls' group home a decade ago yields disturbing ties to several local, prominent players, including a radical preacher, a disgraced politician, a down-and-out PI—and Sobczak's own daughter. Unfolding over the course of New England's distinct four seasons, *The Lakehouse* is a domestic psychological thriller about the wayward and marginalized, the lies we tell those closest to us, and the price of forbidden love in an insular community where it seems everyone has a story to tell—and a past they prefer stay

buried.

 In this witty, hilarious, and entertaining novel that's "The Devil Wears Prada meets *Primates of Park Avenue*" (The New York Times), a young woman is unexpectedly thrust into the cutthroat world of New York City private school

admissions, from award-winning author Amy Poeppel. Despite her innate ambition and summa cum laude smarts, Kate Pearson has turned into a major slacker. After being unceremoniously dumped by her handsome "almost fiancé," she abandons her plans and instead spends her days lolling on the couch, watching reruns of Sex and the City. Her friends don't know what to do other than pass tissues and hope for a comeback, while her practical sister, Angela, pushes every remedy she can think of, from trapeze class to therapy to job interviews. Miraculously, Kate manages to land a job in the admissions department at the revered Hudson Day School. In her new position Kate learns there's no time for self-pity or nonsense during the thick of the admissions season, or what her colleagues refer to as "the dark time." As the process revs up, Kate meets smart kids who are unlikable, likeable kids who aren't very smart, and Park Avenue parents who refuse to take no for an answer. Through a comical and crazy run of wildly unpredictable

interviews, subtle bribes, outright threats, final judgments, and page-turning twists, the world of private school admissions is brought to light in all of its outrageous glory that is reminiscent of Curtis Sittenfeld's Prep.

She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first “immortal” human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb’s effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta’s family did not learn of her “immortality” until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta’s daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn’t her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, *The Immortal Life of Henrietta Lacks* captures the beauty and drama of scientific discovery, as well as its human consequences.
